DEATH TO FRUIT PESTS.

To make the Orchard pay you must spray, winter and summer with Prof. Brown's Extremator. The only insecticide known that will kill all insect life without injury to tree, fruit or foliage.

Endorsed by the State Board of Horticulture of California, Oregon and Washington. Used by many Nurserymen and Orchardists. My winter wash is the only solution that will kill the woolly Aphis, (used only when the foliage is off). My summer wash is a pure destroyer of the codling moth, eggs, and all insects except woolly Aphis, use just after the blossoms fall off my hop house wash kills all insects that infest vines, vegetables and plants.

The ingredients used in my formulas can be found in any drug store, costs much less than other washes. (Full and explicit directions for mixing and using.)

Knowing I have a sure remedy, some unprincipled parties are now selling imitations. Therefore, to discourage all such parties I have concluded for a short time only to reduce the price of the three formulas to \$2.00 by mail to any address. Formulas copyrighted, January 14th, 1890. STAFFORD.

If the ground-hog appeared on the 21st inst he was very foolish for holing up again immediately as the weather is "just too utterly utter." Many yard plants are in bloom and fruit trees are fast swelling their buds. We have not as yet seen any fresh fern sprouts or water-snakes so take it for granted that winter is still lingering by. In the low lands frogs are decidedly in the swim. Mosquitoes and gnats are numerous and some house flies have come to "grease their toes from off the butter plate, to allay the irritation of their toe nails on your pate."

Miss Ollie Gage spent Wednesday in Oregon City with her sister. Mrs. J. Howard.

Edward Sharp and sisters started toward Feherville with team and top-buggy Thursday. When last seen Ed. had got tired of traveling so slow, so had got out and was journeying on foot. It is reported that he wont have to make many more trips as a wedding now looms up in the near future.

Oak saw logs are being hauled from on the Wagley place to Mink's saw mill at the mouth of the Tualatin. The teamster had a mishap with his load Friday. While above Schroders with a large log on his wagon and an eight horse team, he riding the near wheeler, the whole concern went rolling over the bank into a ravine, turning over five times and not a strap broken. As the log would roll it would roll the team with astonishing ease. The driver and team came out unharmed. It took several hours of hard work, slashing and making roads, to get the wagon and load out of the ravine.

Another paper was read at the literary society Saturday night and it afforded a great amount of jolly laughter. Mr. Fred Baker acted as editor and as he is well known about these parts as a high-life literary genius and a large crowd came to hear his newsy sheet read, and by the grinning faces we would surmise that the "gentle hitter" was well appreciated. Come again, Mr. Editor, with your little sheet.

It is reported that Deacon Reuter contemplates moving his house out back the road and erecting a store building and putting therein a large stock of goods, such as are usually kept in a country store.

Oregon City vs M. L. Moore, Co. Treas, demurrer sustained and plaintiff allowed till April term to move.

R. Koerner et als vs Willamette Iron Works, defendant's demurrer sustained and 30 days allowed.

H. E. Cross vs W. F. Hubbard, plaintiff allowed to go upon defendant's premises.

Mrs. V. O. Harding vs Eli riswell et als, judgement and costs

Judge McBride last week rendered a decision declaring unconstitutional the provision of the city charter requiring 60 per cent of the road tax collected within the limits of the city to be turned over to the city government, and also the correlative requirement that the remaining 40 per cent be expended by the county court on main roads leading to the city. The court says: "It may seem to be, and in fact is, a hardship that people who pay road taxes are not permitted to have the taxes so paid expended in their own locality, but until the legislature provides for this kind of 'home rule' by general statutes applicable alike to all localities, the court feels itself prohibited by the provisions of the constitution from granting the relief asked in this case."

THE BEST SPRING MEDICINE

Is SIMMONS' LIVER REGULATOR—don't forget to take it. The Liver gets sluggish during the Winter, just like all nature, and the system becomes choked up by the accumulated waste, which brings on Malaria, Fever and Ague and Rheumatism. You want to wake up your Liver now, but be sure you take SIMMONS' LIVER REGULATOR to do it. It also regulates the Liver—keeps it properly at work, when your system will be free from poison and the whole body invigorated.

You get THE BEST BLOOD when your system is in A1 condition, and that will only be when the Liver is kept active. Try a Liver Remedy once and note the difference. But take only SIMMONS' LIVER REGULATOR—it is SIMMONS' LIVER REGULATOR which makes the difference. Take it in powder or in liquid already prepared, or make a tea of the powder; but take SIMMONS' LIVER REGULATOR. You'll find the RED Z on every package. Look for it.
