## THINKING ABOUT PAPERING

Best time in the year to have it done—just before the spring house cleaning. Call, let us show you what we have in new wall papers. You won't find a prettier, more attractive stock of fine papers anywhere. And there's another point about it worth knowing. While this present stock is here we're underquoting the lowest prices quoted hereabouts on wall papers. Estimates cost nothing. You will find in our stock 300 different patterns in 1000 rolls from 4c up.

## DEATH TO FRUIT PESTS.

To make the orchard pay you must spray, winter and summer with Prof. Brown's Exterminator. The only insecticide known that will kill all insect life without injury to tree, fruit or foliage. Endorsed by the State Board of Horticulture of California, Oregon and Washington. Used by many Nurserymen and Orchardists. My winter wash is the only solution that will kill the woolly aphis, (used only when the foliage is off). My summer wash is a pure destroyer of the codling moth, eggs, and all insects except woolly aphis, use just after the blossoms fall off; my hop louse wash kills all insects that infest vines, vegetables and plants. The ingredients used in my formulas can be found in any drug store, costs much less than other washes. (Full and explicit directions for mixing and using.) Knowing I have a sure remedy, some unprincipled parties are now selling imitations. Therefore, to discourage all such parties I have concluded, for a short time only to reduce the price of these formulas to \$2.50 by mail to any address. Formulas copyrighted, January 14th, 1890. P. O. Box 2297. By V. E. BROWN, Entomologist, San Francisco, Calif. Mention this paper.

## SA TURDAY'S GAME.

### The Barclay Boys Won at Foot Ball and Were Presented With a Fine Silk Flag by Dr. Carll.

The long anticipated football match between the respective teams of the Barclay and Eastham schools took place last Saturday at Gladstone Park and was witnessed by a larger crowd than has ever appeared at any previous athletic contest here. The blue and white of the Eastham school and the red and white of the Barclay school were everywhere in evidence, and the enthusiasm of the small boys with horns was shared by young and old alike. One warm admirer of the Eastham team expressed his enthusiasm by making the circuit of the ground several times, beating a large drum and followed by boys from both schools, cheering or hooting, according to the colors they wore. It was a scene which gave one some slight idea of the excitement and abandon at the big games at Springfield and New Haven.

Sympathy seemed to be evenly divided between the teams, the Barclay being the favorite perhaps, because that school had been the alma mater of many of the spectators, and also because the Barclay team were handicapped by the loss of their captain Ralph Cross, who was too sick to play with them.

The game was called promptly at 2 o'clock, and the Eastham team winning the toss up, chose the eastern goal, the Barclay's having the kick off with the western goal to defend. Bradley kicked the ball well down the field to the Eastham 20-yard line where it was secured and brought back to their 25 yard line and there downed for the first scrimmage. Brownell was sent around the right end, and by skillful dodging and interference got through the Barclay eleven, and went down the field for a gain of about 85 yards and a touch down. It was the prettiest play of the day and stands to Brownell's credit as one of the biggest gains ever made on the gridiron on this coast. They failed to kick a goal and the game stood 4 to 0 in favor of the Eastham. Barclays kicked the ball again to the Eastham

short gains around the end and through center to their 50 yard line. At this point the Barclay team got the ball on a fumble, and by repeated end plays by Bradley and Gregerson, took the ball down to their opponents' 10 yard line when Bradley was sent around the left end for a touchdown. Barclays failed to kick a goal, thus tying the score, and the result was the same, at the end of the first half, which closed shortly after, the Eastham boys having the ball on Barclays' 20 yard line.

The Eastham men had the kick off in the second half, and Barclay returned the ball by a series of end and line plays in which Gregerson, Bradley and Burns played star parts, to the Eastham 5 yard line. Gregerson was then sent across the line, securing the second touch down for the Barclay men, who again failed to kick the goal. The ball was then taken to the center and put into play again by the Eastham team and returned by Barclays to the 30 yard line where they lost it on downs.

Then both teams settled down to good hard football, the Easthams forcing their way towards the Barclay goal by only a few feet at a time and the Barclays stubbornly contesting every inch of the ground. Meldrum was repeatedly sent through the center, and when time was called the Easthams were within a few feet of the coveted goal line. The score then stood 8 to 4 in favor of the Barclay team, thus giving them the game. The features of the day were Brownell's brilliant run and his splendid interference and tackling, Meldrum's and Burns' line bucking, and Gregerson and Bradley's end plays. But it must not be forgotten that if the other men of both teams had not played their parts as well, though less conspicuously, these star plays would never have been made. Each man deserves great praise for his individual playing, but the teams cannot be too highly applauded for the fair and square game they put up. There was no instance of slugging, fouling or even the squabbling between players which ordinarily characterizes a football game. Both teams united in giving their school yells and in cheering Dr. Carll, who presented to the Barclay team the handsome silk flag he had promised to give the winners. But the game being so closely and stubbornly contested, he has promised the Eastham team a flag of the same kind.

One feature of the game which has hitherto been unknown in football annals, was the fact that two of the young men who have been most prominent in coaching the Eastham team during the past month, appeared on the field in the respective positions of lineman and time-keeper.

The position and weight of the two

teams are given below. So much had been said about the Barclay team being the heavier, and such a gross exaggeration appeared in last Sunday's Oregonian, stating the latter team would average 10 pounds to a man heavier than the Eastham eleven, that Leighton Kelly, coacher of the Barclay, men had both teams with the result that the total weight of the Eastham team exceeded that of the Barclay by 13 pounds.

THE BEST SPRING MEDICINE

is SIMMONS LIVER REGULATOR—don't forget to take it. The Liver gets sluggish during the Winter, just like all nature, and the system becomes choked up by the accumulated waste, which brings on Malaria, Fever and Ague and Rheumatism. You want to wake up your Liver now, but be sure you take SIMMONS LIVER REGULATOR to do it. It also regulates the Liver—keeps it properly at work, when your system will be free from poison and the whole body invigorated. You get THE BEST BLOOD when your system is in A1 condition, and that will only be when the Liver is kept active. Try a Liver Remedy once and note the difference. But take only SIMMONS LIVER REGULATOR—it is SIMMONS LIVER REGULATOR which makes the difference. Take it in powder or in liquid already prepared, or make a tea of the powder; but take SIMMONS LIVER REGULATOR. You'll find the RED Z on every package. Look for it.
