About Carpets...

Yes, that's the subject to talk about now, for the two-fold reason that it's Spring, and we are offering opportunities for carpet buying which are the wonder of the hour. There's nothing remarkable in low prices for goods which no one wants, or in high class carpets being sold at figures which only the rich can touch. Our figures for new, handsome, and attractive patterns in carpets, rugs, matting, oilcloths, linoleums, etc., make buying easily possible for all. No job lots of have-beens here: Carpets, 15c a yard and upwards. Matting 10c a yard and upwards.

CORRESPONDENCE.

CLACKAMAS.

If the Clackamas correspondent to the COURIER would confine himself to facts, his articles would have been more readable as regards the republican primary. We admit that there was one ticket that was distinctly a "Clack ticket," whether republican or otherwise, but the other was supported by the good staunch citizens who are subject to no ones dictation, and as this class of men are in the minority in Clackamas, the ticket was defeated by the opposition dictation, but when it came to the convention, the power of the great magnate and dictator was gone and the faction which was struck by the landslide, was given such an impetus that they did right through the convention, carrying everything before them, and to the discomfiture of the "Clack ticket." We are very sorry to have to revise this matter, as it was very painful to some, but we wish to correct a false impression that has been given in localities adjacent to Clackamas, that J. W. Roots was running one ticket, but anyone who knows the facts knows that Roots has not owned a buckskin horse for 10 years and that he did not take any part in the canvass other than to cast his ballot, which we hold every man has a right.
