DON'T GET SCARED.

The Oregon populists, true to their instincts and their best interests, are just now making most of the noise and claiming everything in sight. Don't get scared. They are not getting ahead. They are expending all their wind on noise, with none left for any other purpose.

They are like Abraham Lincoln's steamboat, says the Salem Statesman, that had such a large whistle. It was so large that when it tooted this process took all the steam, and the machinery stopped. Instead of going ahead while it was making a very loud noise, drowning out all other sounds for miles around, it actually lost ground and drifted with the stream.

The men down in Portland in charge of the populist campaign are giving out "news" by the yard about the prospects of populist victories in Oregon. They are trying to convince Oregon voters that everything is going their way. They are trying to convince the deluded members of their party, so they will shell out the largest possible assessment from their almost empty pockets, with which to hire populist speakers from abroad.

They propose to draw into requisition Texas, Iowa and several other distant states. They do not seem to have much idea of patronizing home industry. Nearly every populist in Oregon is full of figures and wind. The home product ought to be given a chance. It would be cheaper, too, and the money would be kept at home.

"crime of '73" was \$18.19. Up to this time the government had coined all told only about \$8,000,000 in silver dollars. The money of "primary redemption" was all gold. For the past fifteen years the per capita circulation has ranged from \$22 to 24. The average for this period has been just about that of last year, \$22.96. Within these fifteen years the silver coinage has increased over \$400,000,000, and the treasury vaults are heaped with silver bullion against which treasury notes have been issued.

YOUR attention is called to the communication in another column from Major W. H. Vaughan of Molalla, a life-long democrat and one who has voted the straight democratic ticket for over forty years with one exception. He voted for T. A. McBride of this county for circuit judge two years ago in preference to the populist candidate, there being no democrat on the ticket for that office. Mr. Vaughan has very properly christened the official organ of the pops the "buzzards' nest", and as we all know the old birds are furnishing spew for the "young" of the "nest". Mr. Vaughan is willing to meet any pop or pops in joint debate at any time, evenings excepted.

THE pop organ is like unto a farmer, who resides in the southern part of this county. This man had rented a farm of a neighbor, Mr. B, but when time came to pay rent he declared the rental contract void. Mr. B brought two witnesses to prove it, but still the other claimed Mr. B was wrong. Mr. B, in telling a friend, said, "Why! he outlied the three of us."

DAVE MAY has turned pop. We might all turn if given deputyships, but surely we would not on a promise.

Geo. O. Rinearson was a prominent figure in the populist meeting in Portland on Tuesday.

J. EUGENE HEDGES.

To the people of Clackamas county: Allow me to say a word commendatory of J. E. Hedges, our democratic candidate for district attorney for this district.

Mr. Hedges is a native of this county and eminently worthy the consideration of the careful deliberate and pains taking voter. The office is or should not be considered a political one and hence I suggest that we give him a rousing vote. Clackamas county being third in the state in population and second in point of manufacturers, etc., we are entitled to some consideration at the hand of this district. Washington county having had the district attorney for some time why would they not be willing to give us the attorney for a time. Voters, think of it! This not a political matter but strictly a matter of business. Having known Mr. Hedges from boyhood up, I can truthfully say that he is a man of culture and of the highest degree of integrity. He would reflect an honor upon Clackamas county if elected to this position.

Having made thorough preparation for his closer profession, and having had sufficient practice to fit him for this work he could enter the office as second to no other. Let us work up a little local pride in this matter and stand by our own county vote for J. E. Hedges for district attorney and you'll never regret it. In the way of thorough preparation he has not a superior on this coast; a Clackamas county boy, and withal a model citizen.

Respectfully submitted, E. C. HACKETT.

An Open Letter to the Buzzard's Nest.

MOLALLA, Or., May 5th, 1896. I wish to say to my friends in Clackamas county, in democratic, republican and populist circles, that a dirty, filthy and unscrupulous sheet, which I call the "Buzzard's Nest" has used my name in a dishonorable way in several late issues of said sheet.

I cannot believe that Mr. Fitch is the originator of such, as I am not acquainted with him, consequently it must be some low degraded scavenger that has no reputation himself, and endeavors to be a leech on the character of others, but if Mr. Fitch or his informant will consult the vote of my precinct (that of Upper Molalla) and if their narrow contraction will allow them the comprehension they will note that for congress Herman, republican, received 44 votes, Weatherford 70 votes and Miller, populist, 77 votes, and for sheriff, Maddock, republican, received 26 votes, Ganong, democrat, 87 votes and Magone, populist, 78 votes. Can any democrat in this county or any democrat, republican or populist in Upper Molalla precinct, say, after a glance at the above figures, that I have not been sincere to every candidate of my party, and they would not believe that I would be unfaithful to a ticket that I had helped to make. I have been in Clackamas county for 53 years, and it is the first time that I have been so accused, but as it is published from the pen or words from the lips of an unsophisticated scoundrel it is to be taken for what it is worth.

Trusting that my position is satisfactory to my friends, and that the "Buzzard's Nest" will confine its remarks to its 83 cent legislative ticket. I remain Respectfully yours, W. H. VAUGHAN.

VAUGHAN VS. POPULISTS.

MACKSBOURG, Or., May 4th. Mr. Editor.—Wm. H. Vaughan of Molalla has a standing challenge to meet any populist in joint debate, and on last Saturday afternoon D. F. May, T. B. Hankins and George Ogle accepted and met Mr. Vaughan at this place.

Mr. Vaughan led and took up the democratic platform as regards money and tariff. He showed by the laws why John C. Carlisle paid out gold in place of silver and that it was the aim of the government to keep the two metals at a parity and that Grover Cleveland and Mr. Carlisle had stood on the platform with both feet. He showed that the cause of the division of party was on the silver plank and that there was not a gold bug but stood for the repeal of the act and that the silver men were the ones that backed the platform and not Mr. Cleveland or Mr. Carlisle.

On the tariff question he took the position that the house passed a good reasonable tariff bill which was "held up" by the senate and was the cause of the difficulty with the question and that Mr. Cleveland stood firm on the tariff plank and would not sign the bill on account of "hold up". He referred to populists as hypocrites and as being insincere in their advocacy of the free coinage of silver and quoted from one of their works the assertion that they were for paper fiat, irredeemable, and that that was their position and their pretended free coinage ideas was all hypocrisy.

Mr. Vaughan said that if the free coinage men could elect their president and congress and carry out their measures it would cause such a panic among the people that all would draw out their savings and banks would be compelled to close out all mortgages (if one-fourth value of land) on farmers and it would be the worst thing that could possibly befall the poor man. He said that from 1792 to 1834 there had been silver monometalism because gold was worth more than silver and left the country. In 1834, under Jackson's administration, law was changed from 15 to 1 to 16 to 1 and then the silver left the country and the gold flowed in and then we were practically upon the gold basis until 1873, from which date we have been on a legal gold basis.

He read an article from the Herald where it stated that its principles were so good that both the Catholic and the A. P. A. could stand shoulder to shoulder, that he said, yes! the Catholics and the A. P. A.'s could stand together just like the Turks and the Armenians do; the Turk taking off the Armenian's head, applying a torch to his house after everything of value is taken, and outraging his wife and daughters.

Mr. Vaughan spoke 50 minutes and then gave way to Dave May, who did not pretend to convert a point made by Mr. Vaughan, but stated that Mr. Cleveland sent a letter to the West after his nomination saying that he was all right on the silver question, which Mr. Vaughan told him was not true and defied him to show the letter and that he was talking "through his hat." Then Mr. May turned from that and accused Mr. Vaughan of delivering silver speeches when they were canvassing together. Mr. Vaughan asked him on what canvas and he replied, "we have made so many canvasses together I could not tell which." Mr. May spoke on hour and ten minutes and then Mr. Vaughan in six or seven minutes replied.

Mr. Vaughan told Mr. May that they had made but one canvas together and that was on the tariff and that he never made a free silver speech.

John Everhart asked Mr. Vaughan if two 50 cent pieces would not buy as much as a dollar and he answered, yes. Mr. Everhart then said that there was but \$8,000,000 of silver struck prior to 1873 and that he failed to state that there was \$200,000,000 of subsidiary coin struck. Mr. Vaughan answered, yes, and said, I have the table of all the coins struck in my hand, "come and take it." Mr. Everhart dared not take the authority to prove the truth of his argument and was told that he was talking "through his hat."

He compared Mr. May to the nigger that went fishing in the Mississippi and turned up missing and could not be found after a diligent search, and they didn't know whether the nigger went catfishing or the catfish went niggering; that you couldn't tell whether Mr. May had gone populisting or that the populists had gone Maying. SPECTATOR.

J. E. HEDGES, the democratic candidate for prosecuting attorney for fifth judicial district (Clackamas, Washington, Columbia and Clatsop counties) is a native of Oregon City, the son of one of our respected pioneer families, possessed of good legal abilities. He is highly spoken of by those who know him.—Portland Dispatch.

Marvelous Result. From a letter written by Rev. J. Gunderman, of Dimondale, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist Church at Rives Junction she was brought down with pneumonia succeeding La Grippe. Terrible paroxysms of coughing would last hours with little interruption and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery; it was quick in its work and highly satisfactory in results." Trial bottles free at Charman & Co's Drug Store. Regular size 50c. and \$1.00.

Electric Bitters.

Electric Bitters is a medicine suited for any season, but perhaps more generally needed in the Spring, when the languid exhausted feeling prevails, when the liver is torpid and sluggish and the need of a tonic and alterative is felt. A prompt use of this medicine has often averted long and perhaps fatal bilious fevers. No medicine will act more surely in counteracting and freeing the system from the malarial poison. Headache, indigestion, constipation, Dizziness yield to Electric Bitters. Only 50c and \$1 per bottle at Charman & Co's Drug Store.

thin baby

Poor baby! Your pity goes out to it and rightly. To be thin, for a baby, is to be deprived of its natural ease; to suffer and not be able to feel it; to wear a sad pinched face; to live on the edge of sickness; to grow imperfectly; and to lose the power of resisting disease. When a baby is thin it needs more fat than it gets from its food; it is starved, fat-starved. Scott's Emulsion is the easiest fat it can have; the fat it needs. Half of

Scott's Emulsion is taken by babies. Mothers like it because it brings the dimples back. SCOTT'S EMULSION has been endorsed by the medical profession for twenty years. (Ask your doctor.) This is because it is always palatable—always uniform—always contains the purest Norwegian Cod-liver Oil and Hypophosphites. Insist on Scott's Emulsion with trade-mark of man and fish. Put up in 50 cent and \$1.00 sizes. The small size may be enough to cure your cough or help your baby.

DEATH TO FRUIT PESTS. To make the Orchard pay you must spray—winter and summer with Prof. Brown's Exterminator. The only insecticide known that will kill all insect life without injury to tree, fruit or foliage.

Endorsed by the State Board of Horticulture of California, Oregon and Washington. Used by many Nurserymen and Orchardists. My winter wash is the only solution that will kill the woolly Aphis, used only when the foliage is off. My summer wash is a pure destroyer of the codling moth, eggs, and all insects except woolly Aphis, use just after the blossoms fall off my hop louse wash kills all insects that infest vines, vegetables and plants.

The ingredients used in my formulas can be found in any drug store, cost much less than other washes. (Full and explicit directions for mixing and using.) Knowing I have a sure remedy, some unprincipled parties are now selling imitations. Therefore, to discourage all such parties I have concluded for a short time only to reduce the price of the three formulas to \$2.50 by mail to any address. Formulas copyrighted, January 14th, 1896.
