own clothes or the shoe-maker who, himself, wears all the shoes he makes. When Tongue declared that the Wilson bill was the creator of such an era of commercial depression as we are now passing through, he was hanging over the tail of his horse.

The democrats have not improved matters much during their term of office we will admit, partly because the Wilson bill is only a straw in the right direction and chiefly because they adopted the bungling and iniquitous financial policy of their predecessors, which (notwithstanding the flattering promises of consequent prosperity by such papers as the Oregonian) has entailed nothing but disaster.

Tongue told us that prior to 1873 silver was not coined, but left the country. And since then we have it stored in the vaults by the hundreds of millions. Yet he could not understand any crime of 1873 and asked for an explanation.

For over 90 years our dollar was defined in silver, but in 1873 in the mint regulation bill it was changed to gold. The trade dollar being annulled three years afterward.

This is the only possible explanation of the divergence between gold and silver. It has made all our silver only a token money like paper, or an inferior money according to the market value of the bullion.

Free silver and gold at 16 to 1 means re-establishing it as the best money again. Then we will not need specific contracts, no banker will refuse the best money. Our government will have an ample coin base to support its promissory money without resorting to selling bonds and with some radical changes in the banking system.

What is CASTORIA

Castoria is Dr. Samuel Pitcher's prescription for Infants and Children. It contains neither Opium, Morphine nor other Narcotic substance. It is a harmless substitute for Paregoric, Drops, Soothing Syrups, and Castor Oil.

Castoria is an excellent medicine for children. Mothers have repeatedly told me of its good effect upon their children.

Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the real interest of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones.
