BE CAREFUL HOW YOU VOTE!

At the last session of the legislature of the state of Oregon the election laws of the state were remodeled in several particulars. The most significant of the changes requires that the voter shall make a mark in indelible ink to the left hand of the name of his choice, instead of crossing out or erasing all names but the one it is desired to vote for. Section 59 of these laws is printed in full below for the purpose of putting voters upon their guard. It reads as follows:

"Sec. 59. On receipt of his white ballot as foresaid, the electors shall forthwith and without leaving the enclosed space, retire alone to one of the compartments or places provided, and shall there prepare his ballot by marking immediately to the left of the name of the candidate of his choice for each office to be filled, or by writing in the name of the person he wishes to vote for; and in case of a constitutional amendment or other question submitted to the vote of the people, by marking to the left of the answer he desires to make, which shall be done with an indelible "copying" pencil, or with pen and ink. Before leaving the compartment, or place provided, the elector shall fold his ballot so that the face thereof will be concealed, without displaying the ballot or informing any person how he has prepared it; and he shall fold the ballot so that the remaining stub may be readily torn off without exposing the contests of the ballot or the marks or crosses thereon. He shall then deliver the ballot to the chairman, and state his name and residence."

We do not agree with the opinions expressed by John H. Daly in his communication in another column in regard to free silver democrats voting the populist ticket. Our state platform declares for free coinage at 16 to 1 and our county platform did not declare against it. Free silver democrat should not be swayed by the populistic doctrine that they should vote the populist ticket. Think for yourselves.

All the free silverites that have left the democratic party and fallen into the populist ranks can now return to their old party, which has declared for free silver in its state platform. You have no excuse now for turning pop. Think, democrats, before you vote the populist ticket.

It seems that the populists of the East are taking quite an interest in Oregon at present and are sending speakers to convert the heathen. Wonder if they will keep it up after election.

Voters should think twice before voting for a calamity howler. Remember this when you are putting Xs opposite the candidates' names on your ballott.

The vote of Clackamas county for governor in 1894 was: Galloway, democratic, 611; Kennedy, prohibitionist, 109; Lord, republican, 2281; Pierce, populist, 1788.

Why did the populist organ "shut up" and not say a word against the republicans and democrats last week? Was the editor told to keep quiet by the party managers because he was hurting the party or has he sold out?

Another way to force silver in circulation is as follows: Stop coining $5 gold pieces and stop issuing paper money of smaller denominations than $10, which would require all monetary transactions of less than $10 to be made with silver.

The Southern Pacific company has replaced Chinese laborers with Japanese on nearly all sections along their line of road. As between Chinese and Japanese there is not much difference; but the McMinnville Transcript professes to see no reason why either should be employed "as long as so many white men who have families to support, are lying idle."

It is an evidence that the people would rather have an aggressive and determined newspaper, even if they do not always agree with it, than one which is timid and vacillating. The Oregonian, much as it is abused by some people in its own state, stands high all over the country as a bold and fearless exponent of opinion. That a newspaper is abused by those who cannot make it follow their wabblings is not by any means proof that it is unpopular or without influence.—Seattle P. I.

ONE WHO KNOWS.

Editor Courier: Not at any time during the past ten years has there been greater reason for democrats to vote for all the candidates on the ticket. A comparison of the tickets easily demonstrates the superiority of that of the democrats. Not a man on the ticket is unqualified for the office for which he is nominated, and few, if any, of the individual nominees on the other tickets are peers of these. Now that the other parties are continuing to straddle on all subjects and questions that are before us, and the democrats, true to the custom of the party since its incipiency, are before the people in words and terms that cannot be misconstrued or juggled into any ambiguity. There can be no reason for a single democrat hesitating to express himself by means of an unscratched ballot on June 1st.

The better element of the state is composed of those who, when convinced of the rightfulness of their position, declare themselves unequivocally, and in this situation have democrats usually been, though never more than now.

DEMOCRATS FOR SILVER.

Macksburg, May 11th

Editor Courier: I see in your last issue an article entitled, "Vaughan vs. Populists." The article must have been written by a republican, as there was not a single democrat at that meeting that agreed with Vaughan on the financial question. I am a democrat and a 16 to 1 one too and I merely refer to the article because it was misleading in its statements and was not true. It must be understood that four out of every five of the rank and file of the democrats of this county are in favor of free coinage of silver, notwithstanding the gold bugs captured the county convention by their fictitious proxies and other schemes. As for Mr. Dave May, he is a free coinage democrat, and there is no other course for the free coinage democrats of this county than to vote the populist county ticket. We don't see any difference between a gold standard democrat and a republican.

Very respectfully
John H. Daly.

KEEP MONEY AT HOME.

Oregon City, Or., May 12th.

Editor Courier: Dear Sir.—According to estimates the city reservoir to be built by Oregon City would only cost about $5000. For the benefit of Oregon City people the board of trade and merchants should see that it was built by day labor so that the laboring man might get a chance to pay up some of his store bills, instead of letting it by contract and some outside bidder get it and shove the difference into his pocket which will have to be made off from the labor and will be a dead loss to the community. When the improvements are less than $10,000 the money should be kept here. Let us by all means then keep the money at home. X.

For Over Fifty Years.

An Old and Well-Tried Remedy.—Mrs. Winslow's Soothing Syrup has been used for over fifty years by millions of mothers for their children while teething, with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for Diarrhœa. Is pleasant to the taste. Sold by Druggists in every part of the World. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind.

TAXES PAID BY CANDIDATES.

Following is a list of the taxes paid by the different candidates, taken from the last tax roll. The candidates of populist ticket pay altogether a property tax of $210, of which one man, Mr. Marks, pays more than one-half; the democrats a tax of $516 of which Mr. Risley pays more than half; the republican ticket pays $573 which is more equally divided among the candidates.

SCOTT'S Emulsion

Is the standard emulsion the world over. There is not a man, woman or child who is run down or emaciated or has weak lungs that Scott's Emulsion will not benefit. When you ask for it you will likely be told by the druggist that he has an emulsion "just as good." It is not true. No emulsion is as good.

Scott's Emulsion has benefited millions of people. Ask your druggist if he can refer you to a single case that has been helped by the unknown emulsion he sells, and if so, we will send you a book giving thousands of cases. You want the standard; not something that nobody knows anything about.

All druggists sell Scott's Emulsion.
Two sizes—50 cents and $1.00.

DEATH TO FRUIT PESTS.

To make the Orchard pay you must spray, winter and summer with Prof. Brown's Exterminator. The only Insecticide known that will kill all Insect life without injury to tree, fruit or foliage.

Endorsed by the State Board of Horticulture of California, Oregon and Washington. Used by many Nurserymen and Orchardists. My winter wash is the only solution that will kill the wooly Aphis, (used only when the foliage is off). My summer wash is a pure destroyer of the codling moth, eggs, and all insects except wooly Aphis use just after the blossoms fall off) my hop house wash kills all insects that infests vines, vegetables and plants.

The ingredients used in my formulas can be found in any drug store, costs much less than other washes. (Full and explicit directions for mixing and using.)

Knowing I have a sure remedy, some unprincipled parties are now selling imitations. Therefore, to discourage all such parties I have concluded (for a short time only) to reduce the price of the three formulas to $2.50 by mail to any address. Formulas copyrighted, January 14th, 1890.
