THAT ANTI TICKET.

"That Brownell fusion ticket was chased home very quickly. Mr. Cheney of the COURIER, admitted that, while he did not print the tickets, yet Henry Meldrum brought him the copy and offered him the job. Here is positive proof that it is a Brownell-Maddock-Meldrum ticket."—Herald, May 28th.

This sounds nice to the populists and A. P. A's but is absolutely false. Mr. Meldrum never brought the copy of that or any other ticket to this office to be printed and never said he was going to do so either, and we don't believe he had anything to do with it. We personally accused the populists and A. P. A's of having these tickets printed to hurt the candidates who did not belong to the order by calling it a fusion move, and none of them dared to deny the fact.

While we are positive they got the tickets out we expected them to deny it as they do their membership in the A. P. A. lodge. The populists and A. P. A's have combined to defeat the democratic and republican candidates who do not belong to that order. The populist-A. P. A. ticket has been defeated in the city and school elections twice and this is their third and last call.

Grand democratic rally on Saturday Mackburg
Look out for the Herald "extra" on Saturday or Sunday. Don't be misled by misassentions.

The Herald thinks Keller should not be elected justice because he has a job in the paper mills. Both the populist and the republican candidates work in the mills too; how about that?

T. B. HANKINS informs the COURIER that the article in last week's issue stating that he said at a meeting at Elliott Prairie that "Garfield was a traitor etc." was false and without foundation and cites the persons who were present at the time to prove the assertion.

The Herald accuses the COURIER of publishing "sound money" matter. We believe in hearing the arguments of both sides. And, by the way, the editor of the Herald asked us if we would not lend him some of this same matter, which you will probably see printed in that sheet before long.

It seems that some of the calamity howling office seekers have a little regard for the truth as their official organ.

SOME are claiming that an 83-cent legislative ticket would not properly represent the tax payers of Clackamas county if elected.

THE democrats have the only state platform that declares for free silver. The populists want fiat money and not free silver. They should practice what they preach.

VOTE for Jeff Myers for congress. He is for free silver first, last and all the time and stands squarely on the state platform which declared for coinage at 16 to 1.

If all could travel around the county on free railroad passes in Pullman cars, living on six-bit meals, making speeches just for fun. Weaver "keep off the grass" in Cyclone order.

WOULD you rather vote for a man that helps pay the taxes or one who does not even pay a poll tax and is liable to leave at any time. What interest has he in keeping the tax rate down?

The office of school superintendent is not partisan. H. S. Strange is in every way fitted for the position and has made a life study of the public school system and its improvement.

The editor of the Herald shows he does not know what he is talking about when he speaks about the utterances of the present editor of the COURIER two years ago, three months before we took charge.

REMEMBER and put an X between the number and name of the candidate you wish to vote for. Last election a large number of incorrectly marked ballots were thrown out as illegal. If you vote, make it count.

COXEY, in his speech here, seemed to think it was not altogether right for populists to put a lawyer on their ticket when they are so opposed to lawyers. They are not in favor of republican and democratic lawyers holding office—but

If the populists should get in power in this state would it be here like it was in Kansas, where all the capital was withdrawn from the state and business was stagnant and at the following election the other party received 30,000 majority?

The populists who are claiming in their campaign talks that the last legislature appropriated more money than any former one, should stick a little closer to the truth. The amount voted in 1880 was \$1,025,000, in 1891 \$1,267,000, in 1893 \$2,036,000 and in 1895 \$1,468,000.

The nominee for congress, Hon. Jeff Myers, has an excellent chance to win. He comes out fairly and squarely for free silver, he received his nomination on a free silver platform and is willing at any time to sacrifice all other questions in order to further the cause of free silver.—Three Sisters.

Three prominent populists were sitting on the fence near the post-office the other day, and the fence gave way. One fell on one side, one on the other and one came straight down on the remains of the fence. It is not supposed this particular incident portends anything.—Tillamook Headlight

Prof. Henry S. Strange was nominated by the republican county convention of Clackamas county for school superintendent on March 25th. Mr. Strange is a Douglas county boy and a friend of the Review's, and we wish him success. He is a competent man for the place, a good teacher and worthy of the position.—Roseburg Review, Dem.

By mistake we neglected to mention Harry G. Starkweather, the populist candidate for school superintendent, in our resume of all the candidates last week. M. Starkweather was raised in Clackamas county and is at present principal of the Oswego public school and is a young man of promise. Mr. Starkweather has taught school in many of the districts of the county and gave complete satisfaction.

THE Populists bosses are trying to run another bluff on the people when they say that taxes on railroads and other corporations will be raised out of sight if they are successful. They preached this two years ago, and when they elected a majority of the board of equalization what did they do—let the railroad company's assessment stand where it has been for years. Why did they do this? Let Bro. Kaiser answer.—Jacksonville Times.

ALTHOUGH we differ politically with Weldon M. Shank of Canby, candidate for county recorder, we are pleased to say that he is as honest and industrious a young man as can be found in the county and has every qualification for the making of a competent and obliging recorder of conveyances for Clackamas county. Mr. Shank will get the united support of the better class of citizens and this alone is enough to secure his election. He is the man for the place.

U'REN AND SHADE DISCLAIM THE FUSION.

A circular fusion ticket is out on which the names (U'Ren and Shade) are printed. The use of our names on that or any other fusion ticket in any manner or form is absolutely unauthorized by us and is without justification whatever. We have never criticized any citizen on account of his membership in any patriotic, benevolent, religious or fraternal order. We are not anti A. P. A., nor anti Catholic, nor anti Methodist, nor anti any thing else but anti republican-democrat, because we believe that party now stands for principles and practices that are opposed to the best interests of the American people. We will not permit any one to force us into a position of purely political antagonism to any of our fellow citizens on account of their membership in any patriotic, fraternal, benevolent or religious order. We especially urge all our friends to make no fusion, no trades nor combinations with any one for the advantage of any candidate over any other man on our ticket. Let us make our fight and win or lose on principle without regard to pelf and plunder.

U. S. U'REN,
JACOB SHADE,

WITHOUT FOUNDATION.

To the Editor: Mr. W. S. U'Ren and Mr. Jacob Shade make assertions that I am a party, and responsible for a fusion ticket that has made its appearance in the last few days. I wish to deny such charges, for they are false from start to finish and Mr. U'Ren and Mr. Shade are acting very ungentlemanly and stooping to "dirty politics" to advance their own interests as well as that of their party, which party claims to advocate reform in all things. This is the first time that I have seen fit to make any answer to the many false and ridiculous statements that have been showered upon me.

In conclusion I ask the voters to vote the republican ticket, stand by every man upon that ticket and show to the people that personality, filth and slander cannot and will not be tolerated in Clackamas county, and this you can stamp out with your ballots and with these few lines in explanation, I await the decision of the people.

May 27th, 1896 E. C. MADDOCK.

A Lie Refuted.

Oregon City, May 28,
EDITOR COURIER: Mr. W. S. U'Ren and Mr. Shade have in to-day's Herald, COURIER and Enterprise of Oregon City, a statement in regard to a certain so-called anti-A. P. A. ticket which was circulated in Oregon City this week, in which these gentlemen state that they believe this ticket originated and was caused to be printed by Brownell Maddock & Meldrum. In reply I wish to say that all statements in said article in regard to myself are untrue and without the least foundation, but I believe the ticket was originated and printed by Dr. Ferrin and Mr. U'Ren.

HENRY MELDRUM.

THE reason the Statesman has charged the millionaire silver mine owners with sending the imported populist orators to Oregon is the same one that actuates this paper in all its utterances—because it is a fact. That is the way the money was raised—Salem Statesman.

THE populist organ of Oregon City makes a lengthy howl because a few democrats voted the republican ticket two years ago, when they realized that it was impossible to elect their own candidates. The Enterprise has never denied that the democrats helped elect the republican ticket in Clackamas county two years ago and commends their good judgment in doing so. The democrats of Clackamas county are law-abiding citizens; they are neither anarchists or anarchistic sympathizers. They are true to the principles of good government, and honestly cast their votes for men who will carry out these principles. Whatever faults Clackamas county democrats may have, they do not endorse the visionary schemes of populists, or the anarchistic theories of Vanderberg.—Enterprise.

Trees

live sometimes when girdled nearly around. Nature ever labors to repair damage, and after a time, the wounded surfaces are nicely healed. Some persons live and fully recover, even after consumption has made cavities in the lungs. In this struggle we can greatly aid nature by giving Scott's Emulsion of Cod-liver Oil with Hypophosphites. The oil supplies needed fat, and the hypophosphites tone up the nerves. The decline in weight ceases. A positive gain begins, and once again there is promise of life and health. It is never too late to try.

Scott's Emulsion has been endorsed by the medical profession for twenty years. (Ask your doctor.) This is because it is always palatable—always uniform—always contains the purest Norwegian Cod-liver Oil and Hypophosphites.

Put up in 50 cent and \$1.00 sizes. The small size may be enough to cure your cough or help your baby.

DEATH TO FRUIT PESTS.
To make the orchard pay you must spray, winter and summer with Prof. Brown's Extirminator. The only insecticide known that will kill all insect life without injury to tree, fruit or foliage.
Endorsed by the State Board of Horticulture of California, Oregon and Washington. Used by many Nurserymen and Orchardists. My winter wash is the only solution that will kill the woolly Aphis, (used only when the foliage is off). My summer wash is a pure destroyer of the scolding moth, eggs, and all insects except woolly Aphis, used just after the blossoms fall off. My hop-o-wash kills all insects that infest vines, vegetables and plants.
The ingredients used in my formulas can be found in any drug store, costs much less than other washes. (Full and explicit directions for mixing and using.)
Knowing I have a sure remedy, some unprincipled parties are now selling imitations. Therefore, to discourage all such parties I have concluded for a short time only to reduce the price of the three formulas to \$2.50 by mail to any address. Formulas copyrighted, January 14th, 1896.
