14th YEAR.

OREGON CITY, OREGON, FRIDAY, JUNE 26, 1896.

NO. 8.

TABLE SERVICE...

Like the fare, should in every way be satisfactory. Everything on the table should please the eye. Fine crockery is the best kind of sauce for triumphs of cookery. Our new dinner sets, comprising 100 pieces, for \$7.75, present an opportunity not to be missed, and there are others in our stock too numerous to mention here. Come, see, admire, and buy for yourself. Nowhere else in Oregon City can you see so many temptations to buy.

Zimmerman, 39th Street, Oregon City, Oregon. No charge for consultations. Beware of cheap imitations. Sold by all druggists. **CHARMAN & SON, General Merchants, Oregon City, Oregon.**

Build Up Your Brain...

Steady your nerves, and perfect your digestion by using bread made from our whole wheat flour. It is made from the whole wheat berry, except the outside hull or bran, which is a woody substance, irritating and indigestible. Bread made from this flour is not so white as that made from the pale white roller flour, but is far superior for food as it contains all the gluten, germ, and oily matter of the wheat and is much sweeter than graham or any other bread not sweetened artificially.

ONCE TRIED—ALWAYS USED.

E. E. WILLIAMS,
The Grceer.

CORRESPONDENCE.

MOLALLA.

The excitement over the past election has subsided. One hears no more political bombast on the street corners. Work has commenced on our new school house, several men are engaged there. James Smith is foreman. The old school house has been moved onto a vacant lot and will be fitted up for a dwelling.

Men are passing almost daily to and from the Ogle Creek mines. From all reports but very little work has been done so far. Judge Thorn, who has a lease on the Russell, Pelkey and Stearns mine, is now in Oregon City. It is to be hoped that the Ogle Creek mines will be thoroughly developed this summer, but owing to our unusual late spring work in the way of prospecting has been rather slow. The red rock trail is still blocked with snow and will be impassable for some time yet. Mr. Hankins from Arlington, who has a quartz claim on Ogle Creek, arrived here recently and has gone to his mine notwithstanding his cabin is still snowed under. There is several feet of snow yet at the quaker or red rock mines. The river route though is open and free of snow but is a much farther and rougher trail than by the way of red rock.

James O Dickey left here recently for

the Trail Creek mines in British Columbia. He expects to prospect that country; is in the employ of L. Meyer, now of Spokane, but a former Molalla merchant. Mr. Dickey expects to be gone at least three years and perhaps longer.

Thad Stipp, our road supervisor, has a large force of men and teams at work hauling gravel and placing it on the road running north and south through Molalla. It will be a decided improvement to our road, especially during the winter.

Molalla is preparing to celebrate the glorious 4th in first class style. The Molalla brass band is meeting in regular practice for the occasion, after being dormant for some time. They do not expect to try to render any very difficult music as there are some beginners, while the old members are entirely out of practice. The principal part of the instrumental music will be furnished by the Molalla orchestra, consisting of six pieces, three violins, a flute, cornet and baritone. Guy Dibble, a lad only eleven years old, plays one of the leading violins and is competent of reading difficult music. Wayne Robbins also plays a leading violin and is advancing rapidly. The orchestra has been playing but a short time. It is under the management of Prof. J. S. Dugan, a musician of many years experience who was chief musician for four years during the war of the rebellion.

R. J. Moore has commenced a new barn which will be ready to raise it in a few days. L. Schultze is building a large barn. Major Hungeate has commenced the erection of a fine dwelling. Geo. Adams is the architect and foreman.

Geo. Hungeate had the misfortune to get a fine horse badly crippled by the horse breaking loose and running away with a peice of board fastened to its halter rope. It will probably have to be shot.

Joe Harless has commenced the butcher business and has opened up a shop in the old Noyer building. T. G. Husband handles the steak knife and cleaver.

N. Y. Z.

CARUS.

Summer weather has come at last. Quite a few Carusites joined the Central grange which was organized in the Beaver Creek school house last Saturday. The grange is a grand organization and every farmer should belong to it as only by solid organization can they obtain their rights.

Charles Spangler is clearing up 12 acres of new ground this spring.

Squire Spence went to Oregon City last Saturday.

Mr. Erickson has the frame of his new barn up.

Haying will soon commence.

Eight or ten from here are working on the Beaver Creek hill, which will be no hill at all when they get through with it.

Preston and Arch Cooker are slashing for Mrs. Crowley on her Milk Creek ranch.

R. Fanton went to the mountains again last week accompanied by Jules Barkent.

O'Connors sawmill is still turning out first class lumber.

R. Scheubel is talking of working in Oregon City this summer.

If the populists are going to combine with the Mitchell republicans to control the legislature, as they seem to intimate, they won't be in it at the next election in this neck-of-the-woods.

June 22 GRANGER.

MOLALLA.

As the hop picking is drawing near we would like to ask for space in your valuable paper to make a few remarks in regard to the price and the price of picking. Mr. Reas of Aurora was in this part a few days ago for the purpose of contracting the coming crop at 5 1/2 cents per pound for one year, as the outlook for price is very bad. People do not care to invest money in hops as the acreage has been cut to quite an extent but not enough to make a mark in the price as there is tons of old hops on the market yet, and yards that are being cultivated this season are making a good showing for a large crop. The hop growers of this county will not pay more than 25 cents per box for picking this season as they can not afford to pay the old price. It is rumored that the Butteville hop association will set the picking price at 25 cents.

The Lowry yard is being run and will be picked and also the Moschburger yard, which will be about the extent of the picking in this vicinity this season, the two yards above mentioned will pay 25 cents for picking.

COLTON.

We are having fine weather; roads are improving very much with the work being put on them and the warm weather combined.

S. H. Dix has the frame for his new dwelling house erected.

Rev. B. F. Bonney of Wasco county expects to be in our midst in a few days.

Rev. J. Blair of Rural Dell preached at the Colton schoolhouse Sunday, June 21st, at 7 o'clock p. m.

Miss Elva McLain of Macleay is staying at D. Roberts and attending school.

Miss Sophia Laferty, who has been under the physicians care at the Gladstone hospital since last March, returned home Saturday. She has improved very much but not able to leave only for a week or two.

The Colton school is progressing nicely under the auspices of the Victor Dickey.

J. Gorbett and sons are running their saw mill full blast.

Wm. Tinnerstett of Tillamook was in our vicinity Monday, June 8th, on business.

Sam Kaufman of Needy is staying on his brother's bee ranch attending to the bees.

Tom Lenian has been assisting C. E. Gorbett in building a fence around his pasture.

REDLAND.

Cutting hay is the order of the day. Miss Mildie Linn was at Damascus Saturday night to a dance.

G. E. Spees, J. W. and T. W. Linn was down to Fred Warm's place to the dance Saturday night—all got home.

J. W. Linn was in Portland Monday.

Miss Mertle and Martha Young of Currinsville were visiting friends and relatives here a few days last week.

Girls, when you haven't any place to go, come again.

The band boys will give a dance at Mt. Scott hall July 4th. All are invited to attend.

There was a dance at Mr. Leek's last Thursday night. A good time was had by all present. Some came from the east, the south, the north, the west, some straight up; some got down but couldn't get "up."

The entertainment at Holcomb school house last Friday night was good.

Mr. Johnson and W. Carpenter went to Portland.

F. F. Sellman moved to Sandy last Saturday.

ENGINEER.

June 24.

The Fourth at Molalla.

The procession under management of N. J. Hardesty, grand marshal, will form on the public square at 9 a. m., headed by the Molalla brass band, and march to the celebration grounds in J. R. Shaver's pasture, where the following program will be rendered:

- Music..... Molalla Brass Band
- Vocal Music..... Molalla Choir
- Reading of Declaration of Independence
- Recitation
- Music..... Orchestra

M. E. Camp-Meeting.

The Oregon State Camp-meeting of the Methodist Episcopal Church will be held at Canby, Ore., on their beautiful grounds, beginning July 14th and continuing until July 27th. The grounds will be suitably arranged and everything in good condition for enjoyable and profitable meeting. By the order of the association the grounds will be enclosed with a barbed wire fence, and instead of spelling the country around by drumming for money to pay expenses, a small fee of ten cents for ringing admission will be taken at the gate. A season ticket for a single individual good during the campmeeting can be had for fifty cents, and a family ticket one dollar. This includes all campers upon the ground, without any additional expenses to themselves and family. The boarding house will be fitted up with care and let to responsible persons, who will furnish desirable board at reasonable rates.

The date is later than usual, but after consultation with interested parties it was thought best, owing to the backwardness of the season, the Clatsop Assembly in session so near to us and other considerations, to fix the date a few days later than usual. As far as possible we want to make this a real old fashioned Methodist camp meeting where sinners are converted and believers sanctified. Surely there are hundred of needy souls among us who are longing for a deeper Christian experience and in thus coming together with one accord eternity alone will reveal the good accomplished. Let all Methodists take a deep interest in the camp meeting. Come, bring your children and your neighbors—especially the unconverted. G. W. Gux, President.

A new line of beautiful laces just arrived at the Racket Store.

There are medicines which change the action of organs and tissues. When a part does not properly perform its work, they restore it to health. Such remedies are called "alteratives."

Scott's Emulsion of Cod-liver Oil, with Hypophosphites, is one of these remedies. This is largely because of certain drugs which naturally exist in the oil, as iodine and bromine. If you are neither hard sick nor real well; if you feel below your usual standard, these alteratives will change your condition and bring back your health and strength.

SCOTT'S EMULSION has been endorsed by the medical profession for twenty years. Ask your doctor. This is because it is always palatable—always uniform—always contains the purest Norwegian Cod-liver Oil and Hypophosphites.

Put up in one cent and \$1.00 sizes. The small size may be enough to cure your cough or help your baby.

Children Cry for Pitcher's Castoria.

THE BEE-HIVE

WE want your trade on what little fixings you need for the Fourth. Our store is overflowing with new goods, and there is not a week that we are not adding something new to our stock. You all know our prices are way below those of any other house in Oregon City, and as low as any Portland house can possibly make. We do business on the straight American principles. All goods marked in plain figures and one price to all. If you have never looked through our shoe stock and seen our prices you are the looser.

BEE-HIVE

Glass & Smith's Old Stand,

OREGON CITY, OREGON.
