

LOCAL EVENTS.

BROKE HIS NECK.—Isaac Stomer, aged 80, fell over an 80-foot precipice near Currinville and broke his neck last week. He left the residence of his daughter, Mrs. M. Kandle, Thursday morning to go fishing in the Clackamas. As he did not return at night, search was instituted, about 40 of the citizens of the neighborhood joining in the hunt. The whole country was scoured four days, and Sunday night the lifeless body was found at the foot of the cliff where it had fallen, within a few feet of the brink of the river. An examination of the corpse showed the neck to have been broken. The coroner's jury on Monday found the death to have resulted from accident. Mr. Stomer was born in Tennessee in 1816. He came to Oregon in 1852, residing most of the time since then in this county. Ten children live in the Willamette valley. The deceased was a Freemason and the burial was under the auspices of the lodge of that order at Viola, Monday evening.

GRIFFITH-POPE.—The wedding of Mr. Franklin T. Griffith and Miss Etta Pope, which occurred at the residence of the bride's parents, Mr. and Mrs. T. A. Pope, last Wednesday evening, was a popular as well as a pretty affair. Mrs. E. E. William played the wedding march while the party passed through a gate of clusters of marguerites, opened by two little flower girls, into the parlor. The ceremony was performed by Rev. S. W. Stryker and the bridesmaid was Miss Florence Morey and the best man was Dr. E. A. Sommer. The interior was handsomely decorated with a profusion of various flowers. The happy couple left in the evening for Oakland, California, where they will spend a few weeks before making Oregon City their home.

CRUELTY TO FEET

Is entirely done away with by our shoes. In fact, they are a regular "Society for the Prevention of Cruelty to Feet." What are their methods? Perfect fit, prompted by respect to the shape of the human foot. A simple creed, but doesn't it cover the whole field? Then a shoe may treat a foot "shabbily" without being exactly cruel to it. That is to say, the shoe may lack style and wearing capacity. But ours have the wearing capacity and style along with the fit, and that should be enough to make you buy them.
