The ordinances preventing cows from running at large and for cutting thistles will be strictly enforced in The Dalles.

According to the report given the county court by George Tregaskis, stock inspector, there are over 110,000 sheep in Harney county, not including lambs.

Bandover & Co. propose putting in a mill at their Olalla, Doulgas county, mine. The firm has sunk a shaft ten feet, and at that depth the assays run from \$9.50 to \$50 a ton, it is said.

The Long Creek Ealge, of Grant county, is informed that over 200 sheep are dead on the range between the middle and north fork of the John Day river, the result of poison on the range.

The Umatilla county grand jury cautioned justices of the peace against issuing warrants for the arrest of persons charged with petty offenses, unless the judge should be satisfied that the evidence is sufficient to convict or that the accused is attempting to leave the county or state. C. B. Wade, cashier of the First Na-

tional bank, of Pendleton, sasy, after a personal inspection of seventy-five wheat fields in Umatilla county, and upon careful inquiry, that the damage to the wheat crop in Umatilla county, done by hot weather, has been on the average, 50 per cent.

It looks as though Salem and Marion county were to become famous by reason of the newspaper sketch artists produced from that section, says the Statesman. F. F. Bowers, a bright and conscientious cartoonist, has been summoned by telegraph to the office of a San Farneisco paper and to assume the duites of a valuable assignment.

The directors of The Dalles, Portland & Astoria Navigation Company visited the Cascade Locks, where they met the governor, secretary of state and state treasurer, who were looking over the state portage. The portage was damaged but little by the high water, and will require only slight repairs before it can be operated. The repairs will be made as soon as the water goes down sufficiently to allow The Dalles City to land at the lower end of the incline.

The county court of Union county has reduced by one the deputies in the offices of sheriff and clerk. In the matter of the deputyship for the school superintendent's office, which in a public way has been conferred on Miss Nellie Stevens, it is stated that the county court will not favor her appointment in that capacity, the board taking the grounds that disqualification as to the principalship also disqualifies her from disci office as deputy.

During the month of June the Eggert & Johnson Company at Getchell, in Suchomish county, cut 2,175,000 shingles.

Government Architect Aaron E. Johnson, who will have charge of building Spokane's new army post, has arrived in that city to assume his duties.

According to the report of the director of the mint, Kittitas county took the sead in mineral production in Washington last year, and produced one-third of the gold of the state.

George H. Lowe, a Georgia melon planter, has booked an order to ship two carloads of the green-above-the-red fruit to Seattle, 3,000 miles. The

Captain Kingsbury, who has been employed as engineer of the Yakima reservation ditch, reports that the channel will carry 164 feet of water per second, sufficient to water 40,000 scres of land.

The oyster men of Mason county have all been notified by the state land commissioners that their deeds for ovster lands are ready for them, and they are happy, as the work of years is bearing fruit.

At the Day logging camp, at Oak Point, in Cowlitz county, a logging railorad is being built. It will be about five miles in length, and will tap a large body of excellent timber; heavy steel rails will be used, and the

track will be standard gauge. A few weeks ago a quantity of flax straw, grown on Puget sound, was shipped by the Seattle chamber of commerce to Barbour & Sons, of Lisburn, Ireland. The manufacturers report that the samples are excellent, and very similar to that grown in the Courtral

district in Belgium. An application has been filed on behalf of Anacortes to make that city a sub-port. The recently erected salmon canneries there will use fish brought from British Columbia waters. This is given as the reason for the applica-

ceived from Canea state that a panie occurred there Sunday in the Plantza quarter, owing to a fire which was mistaken as a signal for carnage. The houses were forthwith barricaded. British Captain Drury landed boats, carrying armed sailors. Austrian and Russian ships also landed men in Canea and Haleppa. The Turks were finally dispersed. The shops were closed and nobody dared stay in the streets. A correspondent says that as he passed through the town the dead and wounded were lying about, and the panic continued. A number of Cretans arrived here, making demands to the committee for perfected guns.

To Their Old Reservation. Chamberlain, S. D., July 22.-A clause in the Indian appropriation bill granted permission to the Lower Brule Indians, who prior to July 8, 1890, lived south of White river on the Rosebud Indian reservation, to return there and select the allotments of land occupied by them prior to that date. About 400 of the Lower Brules have just taken advantage of this clause and removed to their former homes. The government will have to pay the Rosebud Indians at the rate of \$1 per acre for all lands settled upon and occupied by the Lower Brules.

Wants to Wear the Belt.

New York, July 22 .- J. H. Hildebrand, the Johannesburg, sporting man has arrived in this city, accompanied by Denver Ed Smith. Hildebrand claims the championship for Smith, saying that he had \$1,000 up for over a month and nobody would cover it. Smith himself declared his ability to defeat anything in the world, Corbett, Fitzsimmons, Jackson, Goddard, Sharkey and so on preferred in that

Woman Attempts Suicide.

Chicago, July 22. - Because her husband abused her, Mrs. Henry Wellhouse attempted to drown herself and four children last evening in the lake at the foot of Twenty-fifth street. She was intercepted by the police in the act of leading the children into the lake.

COMMITTED SUICIDE.

But First John Becker Burned His Dwelling House.

Roseburg, Or., July 21.-John Becker, a native of Bavaria, living at Cleveland, fifteen miles west of Roseburg, committed suicide yesterday, after having burned his dwelling-house and its contents.

He had trouble with his wife in the forenoon, and beat her over the head with a revolver. His 16-year old son took the weapon from him. The mother and youngest child then went to a neighbor, half a mile distant, and a 19-year-old son came to Roseburg to have the father arrested. Meantime, Becker set fire to the house and disappeared. His body was found early this monring a mile from home, and 500 yards from Von Pessel's vineyard. Becker went to Von Pessel's house, took a gun and shot himself. He had been acting strangely for some time, and was evidently insane.

An Arkansas Town Burned.

Little Rock, Ark., July 21.-Malswept out by fire early this morning. Malvern was a city of about 6,000 inplace being clustered around the railroad station. All this section was destoryed, only three business-houses remaining. The total loss is variously estimated at from \$200,000 to \$400,-000, only a small portion of which is covered by insurance. The burned buildings included the railroad depot, two hotels and the bank. The fire was without doubt the result of a plot to destroy the town. The blaze broke out about midnight, in three different places, and as there was no apparatus, the fire burned itself out. .

WORK AT THE LOCKS.

As Soon as the Water Goes Down, Operations Will Commence.

The Dalles, Or., July 21.—The \$200,000 appropriated in the last river and harbor bill for completing the canal and locks at the cascades of the Columbia river are now available, and Mr. McDonald, superintendent of stonecutters under Day Bros., informed a Dalles man who was visiting at the Locks a few days since, that work would be resumed on the canal, he thought, about August 1, or as soon as the water had receded sufficiently so that the canal between the upper guard gate and the lock gate can be drained of water.

The engineers have determined to construct walls of solid masonry between the upper guard and lock gates, and it is estimated that these walls can be completed in two or three months. The construction of these walls will be under the supervision of Day Bros., on the basis of their former contract for

similar work. A force of from fifty to sixty men will be put on the stone work within two weeks, and the building of the walls will be pushed to completion. Then the work of rip-rapping the outer bank on the river side will be commenced, and it is estimated that six months will be required to complete the entire job.

Riparia, Wash., July 21 .- One of the most cold-blooded murders in the history of this place was committed this afternoon by James D. Lawrence, a passenger en route from Walla Walla to Lewiston, Idaho, Jacob Malquist, an old steamboat man, but who, for the past dozen years, has been conducting the Steamboat saloon, being the victim. The murderer took to the hills, but was followed by a posse and captured about two miles from town. He will be taken to Colfax.

Cloudburst Does Great Dam- Captain Harry Taylor, of the engineer age at Pittsburg.

Five Men Struck by Lightening Near Leadville - Destructive Cloud-

Pittsburg, July 17 .-- A heavy storm tonight, which was practically a cloudburst, did great damage throughout this city and Allegheny. Estimates made from reports coming in from outlying portions indicate a loss of nearly \$500,000. All street car lines bave been stopped. A part of Allegheny cemetery was washed away. Tons of earth and stone have been washed onto the Fifth-Avenue and Duquesne Traction Company's line at Soho. The sewers in Bucther run and Woods run, in Allegheny, are reported as havsaid to have lessened the imporing given way, flooding those sections. No loss of life as yet has been reported.

At Forty-eighth street, Lawrenceville, probably the most destruction ing a channel through the shoals to was worught. Every house on the north side of Butler street from Fortyeighth street east was flooded, many cause of the trouble at this point was the giving way of the Allegheny cemetery stone wall, which abuts the street. When the wall gave way the flood rushed down to the houses below, filling them to a depth of four feet on the first floor. The loss at this point will be many thousands of dollars. The Citizens' Traction line for nearly two miles was under water for a long time, and much of it is ruined.

In Allegheny, Perrysville avenue was flooded from one end to the other, undermining the new street railway, rendering it an almost total loss. Several miles of the Sawmill run plank road is destroyed, the planks being carried away and the roadbed ruined. The soap factory of George Harley & Son, on Madison avenue, has three feet of gravel on the floor, and \$6,000 worth of soap was destroyed. The house of John Mueller, on Spring hill, near Royal street, was washed down the hill with three children. All were rescued, however, by the brave work of neigh-

Cloudburst at Cheyenne. Cheyenne, July 17.—About 2:30 this afternoon, rains began falling, and within five minutes a torrent of water came down. It was evidently a cloudburst, and in a very little time after the storm burst, the streets were running full of water. The cellars in town were all flooded, and the damage will reach many thousands of dollars.

Struck by Lightning. Leadville, Colo., July 17 .- During a

terrible thunder storm in the mountains west of the city, today, five men were struck by lightning, and all are now in the hospital here, three probably fatally injured. The men composed a section crew on the Colorado Midland railroad, and were working near Thomasville, thirty miles from Leadville. vern, Ark., at the junction of the Hot Heavy rain drove them to shelter, which Springs railway, was almost entirely two of them found under a large rock near the track, the other three getting under a giant pine. Soon there came a were stricken as with death, while the two under the rock near by were shocked and stunned, but soon recovered consciousness, and were able to summon assistance. They found three blackened trunks, from which all clothing had been torn, but there were signs

VARIETY ACTRESS' SUICIDE.

Discouraged Because She Had No Money to Send Her Children.

Spokane, July 17 .- Grace Wilton, a variety actress, playing at the Comique theater, was found dead in her room today. She had committed sui-cide by swallowing an ounce of carbolic acid. She is said to have been the daughter of a well-known business man in San Francisco. For several years she was a dramatic actress playing in San Francisco, under the name of Jeanette Rivers. About two years ago she drifted into the vaudeville busi-

Letters found in her trunk indicate that Miss Wilton had two daughters living in San Francisco-Blanche and Maude, aged 12 and 8 years respectively-who were attending school there. Two letters, dated June 19, from these children to their mother, were couched in the most endearing terms. They prayed that she might soon return home. A letter addressed to Miss Wilton, which arrived this morning, was opened by Judge Hinkle, who found it to be from her sister, Annie, in San Francisco. It is a request for money to pay a \$45 board bill against the two children. The writer adds that if it is not forthcoming at once, they will have to move out onto the street. The writer further expresses surprise that the deceased had not written a word nor sent them a cent since coming to Spokane.

It is thought that poverty caused her to have a sudden impose to end it all in death. Twenty-five cents was all the money found on her person.

Tillman's Daughter Killed.

Columbia, S. C., July 17 .- It is reported that Miss Addie Tillman, the eldest daughter of Senator Tillman, was killed by lightning on a mountain near Vrevard, late this afternoon.

The Oregon in Commission. San Francisco, July 17 .- The battleship Oregon was formally placed in commission today. Her officers and crew are on board, and the United States flag was boisted today.

For the improvement of Grays harbor and bar, a plan for a jetty 31/2 miles to the sea on the south side of the harbor, to secure a low-water depth of 24 feet, has been decided upon, and contracts will be let for the work. It is recommended that the full amount permitted by law-\$400,000-be appropriated for the next fiscal year.

The immediate for keeping the rivers flowing into Puget sound free from obstruction is urged. In connecting Puget sound with Lakes Union and Washington, the Smith's cove route is favored, and the engineer urges that preliminary work be done before right of way is secured, and says that \$500,000 can be

profitably expended during the year. The earnestness of the people of Everett for pushing the work of their harbor is commended, and \$15,000 is recommended to be expended during the fiscal year ending June 30, 1898.

The opening of Swinomish slough at the earliest possilbe date is urged. It is reported that the expense of carrying out the project for removing boulders, etc., from the Upper Columbia and Snake rivers is so great that it should not be begun with the present

appropriation.

Drawn up in California for the St. Louis Convention.

San Francisco, July 20.—F. M. Wardell, chairman of the Populist state central committee of California, and J. Taylor Rogers, Mayor Sutro's secretary, have prepared a platform which it is proposed to present to the national Populist convention at St. Louis next week. The financial plank is as follows:

"We demand a national money. issued directly by the general govern-ment only, as a full legal tender for all debts and issued without the agency of any private corporation or bank, and in circulating volume; subject to law and responsive to our needs, and speedily to be increased to \$50 per capita of the entire peopla.

'Such money shall consist of gold, silver and paper, each dollar thereof endowed with the same function, imparted solely by the stamp thereon, and not dependent for its money value upon the price of the material used. with, but not redeemable in the other, habitants, the business portion of the blinding flash, and the great tree was and shall be denominated respectively riven to splinters. be abolished, and in lieu of them that the government establish a postal bank in each city, town and village of the United States containing a population

of 1,000 or more." The platform also declares for the recognition of Cuba and against the refunding of the Pacific railroad debts.

A Woman's Terrible Deed.

Butte, July 20 .- Mrs. Rose Heimbeck, wife of Ed Heimback, of Meaderville, became jealous of the attentions her husband paid Mrs. Thomas Snell-In company with her sister, Mrs. Hoskins, she went to the Snelling home today and, calling Mrs. Snelling into the parlor, Mrs. Heimback threw a pint of sulphuric acid on her. Mrs. Snelling is terribly burned and will die. Mrs. Heimback and her sister are under arrest. The latter is a raving maniac in the county jail, and is expected to die also.

"Struck iceberg. Sinking fast. Mid-coean. Naronic. (Signed) Young." The steamer Naronic, one of the largest and finest freighters of the White Star line, sailed from Liverpool February 11, 1893, for New York, and from that time to this has never been heard from.

Fell Down a Shaft. Roseland, B. C., July 20.-Patrick

Driver, a miner working in the White Bear mine, was killed today by falling down a 30-foot shaft. He struck rock at the bottom headforemost, and broke his neck. Driver was about 35 years old, unmarried. His only known relative was a cousin, now somewhere in the Coeur de'Alenes. Driver had been for some time in this section, having gone into the Coeur de'Alenes during the early days.

PORTLAND MARKETS.

The wholesale trade at the present time is not very lively. July opened up with a big rush, due a great deal the Fourth, but within the past week "fair" is about the best report given. The crop damage reports have in a measure contributed to the prevailing quietude in business. The salmon pack is pulling up a little. Butter is still on the up-grade. Bananas and watermelons are in the market in good supply. Cherry shipments have been rather large during the past week. A lew grapes are in the market and bring \$3 per crate.
