Build Up Your Brain..

Steady your nerves, and perfect your digestion by using bread made from our whole wheat flour. It is made from the whole wheat berry except the out side hull, or bran, which is a woody substance, irritating and indigestible. Bread made from this flour is not so white as that made from the pale white roller flour, but it is far superior for food as it contains all the gluten, germ, and oily matter of the wheat and is much sweeter than graham or any other bread not sweetened artificially.

MOLALLA.

Molalla is slowing advancing notwithstanding the hard times and lateness of the season.

F. C. Perry has several teams engaged in hauling lumber for a new hotel. He has moved his dwelling to one side and is going to put up a building where it stood that will be a credit to our village. The new school house is about completed. The lower rooms are now ready for the seats. School will commence in a short time.

Judge Bennett spoke to the Molalla people recently on the free coinage of silver and there was a large crowd present. The judge is a fluent speaker and well versed on the money question. He explained the situation so clearly that a wayfaring man, though a fool, need not err therein, but on the 31 day of next November go to the polls and vote for Bryan and free silver. Bryan is going to receive a rousing vote here.

A force of men are now at work on the hill approaching the river on the Molalla and Dickey prairie road; they are making a party new and extensive grade there, something that has been needed for some time

Uncle Jake Harless has had returns from the rock that he sent to a San Francisco milling company taken from his ledge on the head waters of the Molalla. He is highly pleased with the returns. They are thinking of organizing a company and erecting a mill there next season as it is now too late to do anything this fall. Wales Russell came out recently from his ledge on Ogle Creek. He has done considerable work there this fall and his ledge shows up some fine rock.

Jacob Kline and son from Eastern Oregon are visiting with John and Annie Stubbs. Mr. Kline formerly lived here and is one of Clackamas county's pioneers.

Mike Clifford is in Uncle Sam's employ no longer; he made his last trip as mail carrier last Saturday. Frank Mulvey now drives the grey mare and the flying machine.

N. P. Kayler is preparing to pack pork and will receive his first lot of hogs next Friday, the 16th. He expects to handle quite a number of hogs this fall and winter. Jacob Harless and son will also pack, but will not commence for awhile yet.

Oliver Robbins has rented his farm to George Force of near Vancouver, Wash. Mr. Force expects to operate a creamery here next summer.

Oliver Robbins has purchased Tom

Hammond's property and expects to move to town.

F. G. Eby of Woodburn is here visiting his brother, Oscar.

Several weddings are supposed to come off in and around Molalla in the near future. Whether they will materialize or not remains to be seen.

Major McKinley, Stand Up.

Major, what induced you to change your mind on the money question?

Major, how does it come that you, who profess such love and concern for the working masses, are receiving the hearty and unanimous support of every trust, syndicate, corporation and tool?

How does it come Major, that you, who parate so loudly about "an honest dollar for honest labor" are receiving the support of men who have wrung millions of appreciated dollars from the illy-requited toil of millions of producers?

Why do you, the alleged advance agent of prosperity, advocate the continuance of a policy that makes prosperity, to the producing classes an impossibility?

VICEROY HANNA, STAND UP.

How rich are you?

Did you make any of your money reducing workingmen's wages?

If the free coinage of silver would, as you say, tend to reduce the wages of workingmen, why are YOU opposed to it?

Who gives you all the money you are spending now?

What do you promise in return for it?

How do you make Mr. McKinley do what you tell him?

Will he keep on doing it when he is president?

How did you get hold of him first?

Do you consider those notes (\$118,000 against McKinley) are a good investment?

Ornaments for fancy work, all colors, at the Racket Store.
