

WHEN I HAVE TIME.

When I have time, so many things I'll do
To make life happier and more fair
For those whose lives are crowded now
With care.

THE HELMET.

"But, uncle, I love my cousin."
"Get out!"
"Give her to me!"
"Don't bother me!"
"It will be my death!"
"Nonsense! You'll console yourself
With some other girl."

I went on scouring my double-handed sword.
Rose came quietly toward me.
"What is the matter with my father?" she asked.
I looked at her—her eyes were so black, her look so kind, her mouth so rosy...

gesticulated, the more he yelled and threatened me, the louder I laughed.
At that moment the clock of the Hotel de Ville striking 5 o'clock was heard.
"The municipal council!" murmured my uncle, in a stifled voice.

TALL SYCAMORE OF WABASH.
Senator Daniel W. Voorhees May Retire from Public Life.
It is expected in Indiana that Senator Daniel W. Voorhees, who for nearly twenty years has represented the Hoosiers in the upper house of the National Legislature, will soon retire from public life.

A Homemade Heater. The heater is made of galvanized sheet iron, is 5 feet long and 10 inches in diameter.

Where are now the tools used in the summer work in the hay and grain harvest? If they are still in the fields where used, or what is just as bad, drawn up along the roadside near the house, it is safe to say that such a farmer's tools will be rusted out before he has got enough out of them to pay for their cost.

CHEAP AND CONVENIENT HEATER.

some dry place. If properly taken care of, so that it will not rust, it will last for several years. Any kind of fuel can be used, and it is surprising how little it takes.

Prices Too High. One of the causes for loss in the cattle feeding business is not difficult to find, and it would be well to give this subject careful consideration in calculating the chances for profit.

A Cheerful Prospect. A nervous young minister was filling the pulpit for a country charge that was without a regular pastor. A part of his experience is touchingly related by the local paper.

DANIEL W. VOORHEES.

hees is one of the giants of Indiana politics who have made that State famous—such men as Morton, Hendricks, Harrison and Gresham.

Indian Corn. A correspondent inquires on what authority the Youth's Companion recently spoke of Indian corn as not a native of North America.

One Good Turn Deserves Another. The coachman of the King of Hanover lost his wife. The King's chaplain performed the funeral ceremony.

Waste Stable Space. The space under the stairway in a stable is usually worse than wasted, because it is apt to be made the dumping ground for a thousand and one odds and ends, resulting in a heap intricately confused.

Cheap Hog Pens. It does not need an expensively built pen to house a hog, unless it is one of the variety that stands on two legs.

Rat-Proof Corn Crib. The loss of grain on a farm from rats is quite an item, as they destroy a portion other than that consumed.

Feathers. It should be remembered that the removal of the feathers of geese is a great drain on the system, and if the most is to be made of the geese the picking should never be done while they are laying or setting.

MOVABLE KITCHEN WASTE BARREL.

2 1/2 feet apart; c is a support, d being 1 1/2 feet and 2c 2 feet in length; b is a half-barrel with a faucet 6 inches long.

The "Know How" Principle. The money value of "knowing how" was forcibly illustrated not long ago. An intricate machine was taken to an expert to be put in order.

John Doe. For one hour's time spent in repairing machine... \$0.50 For knowing how to do the work... 4.50 Total... \$5.00

Stable Convenience. with one or more compartments. To reach the bottom of the bin when the grain is low, a part of the front is hinged, so as to turn down.

A STABLE CONVENIENCE.

It does not need an expensively built pen to house a hog, unless it is one of the variety that stands on two legs. The genuine hog, which is the only kind really profitable, goes in for comfort, and not at all for style.
