To Subscribers.

The season of the year has arrived when the proprietor of a newspaper naturally expects to receive some compensation for his labors. The amounts due us from subscribers are individually small, but taken in the aggregate they amount to quite a large sum. During these hard-times it taxes all one's energies to keep a paper afloat. Please try to send us a dollar or two on account, or if you are unable to get the dollar and have produce send or bring that and we will allow you market price.

The state of Oregon, outside of the city of Portland, gave Bryan a majority of 3,000. That shows how the farmers stand on the silver question.

An Eastern farmer got mad and ordered his paper discontinued because, as he fancied, its editor had made fun of him. He did just right. A man who can't take a joke should never take a paper.

THE extreme of luxury has perhaps been reached by the Sultan of Morocco. He has a narrow-gauge railway running through all the rooms of his palace, and travels about on a sort of sleigh propelled by a little motor. The "line" ends

Tms bit of philosophy is from Bradstreets: "It is worth noticing that the portions of the country in which there is a large infusion of the foreign element cast a large vote for sound money at the late election, while in no part of the country was the cause of unsound finance more strongly supported than in states where the so-called native American element predominated."

American element predominated."

The Piladelphia Press pertinently asks when this country has had so many reasons to be thankful as in this year, when though the number of men who do not know where they are going to get breakfast tomorrow morning is greatly increased, they still bear their sufferings and pay their tithing to the living Park Ass'n 19600 Jacobs of Galles 2000 Jacobs of Galles 2000 Jacobs of Galles 2000 Jacobs of Galles 2000 Jones (Syrus 3000 Jones Cyrus 3000 Jones & Stewart 2000 Kanne, A and W 5215 Kanne,

sufferings and pay their tithing to the money-changers of New York City, Boston and Philadelphia? Why should we not all praise God from whom all bllessings flow, even though our brother's stomach be empty so ours be full?

WE have not supposed, nor intended to say, that the great mass of the supporters of Bryan intended to inaugurate anarchy in this free government. Nevertheless, is it true that there was a strong anarchistic element among his supporters.— *Dregonian*. We have never supposed or intended to say that the supposed or intended to say that the great mass of the supporters of McKinley were anarchists. Nevertheless, it is true that Mark Hanna and the dollarocrats who backed him with \$16,000,000 of campaign boodle have about as much patriotism as a yellow dog.

Ghost Dance.

The Redmen of Oregon City are fortunate in procuring the talent and obtaining the paraphernatia to properly reproduce this strange spectacular scene, Its silent, weird, mystic spell is in strange contrast to all other Indian dances. The peculiar inductive gyrations of the Messiah, the unearthly visistoical warriors as they one by one reluctantly join in the silent ghostly dance, as well as the wonderful mechanical ight effects, will produce a spectacular phantasma long to be remembered.
