SUCCESS BUSINESS

Is attained by the use of good sound common sense. The merchant who gives fair, honest values for the price never will be without plenty of customers. While we will always meet the price of "bait" merchants to cash trade, we never resort to fake sales or any other deceptions to attract trade. Our ap-peals are to your pocket book, and we give the best all-round values. The average man or woman has sense enough to know that when staple goods, like groceries, are offered for less than real value, they are of inferior quality or old and shop-worn. "Baits" were invented to catch fish, not men.

We Solicit Your Trade.

CLARK ITEMS.

Robert L. Ringo and wife were taken completely by surprise last Saturday evening. About 30 of their many friends assembled about 8 o'clock in the evening and marched in in a body, The floor was soon filled with the merry dancers. It was kept up, varied occasionally with songs, declamations, etc., until midnight, when a bountiful supper ended the programme. The occasion was pronounced by all present to be the most enjoyable affair of the season.

Master Frank Maning had a horse fall with him last week and came out with a badly sprained ankle which will lay him up for some time.

Evard and Louis Sager will start for the mines of Alaska today where their father has been mining for a year past with good success.

The Willamette Savings and Loan Association

In another column will be found the directors' report for the fiscal year ending February 28th, 1897, of the above

For the benefit of the readers we give herewith a condensed report from the president's annual statement. This institution has been in existence now demption of Wales Russel's land sold for nearly three years, and although no special efforts have been made, a steady Henry Gans, supervisor of district and permanent growth is shown. As a No. 30, was ordered to remove fences means of accumulating small savings, from right of way on Peter Weiss road. and keeping the same at a good rate of Claims of commissioners for regular interest, the association is unsurpassed, session allowed as follows: Frank Jag- and deserves the cordial support of all gar, 7 days and 12 miles, \$22.20; S. W. ation at any time, also having a voice in show the association to be in a very satisfactory condition. The net profit for the year ending February 28th, 1897, was \$508.48, which has been distributed pro rata to each series. After this distribution the amount to the credit of the different series was as follows:

Series No. 1, \$4474.90. " " 2, 866,80. " " 3, 946,17.

Series No. 1 had 215 shares in force and the book value of each share was \$20,81. Series No. 2 had 60 shares in force, and the book value of each share was \$14.45. Series No. 3 had 128 shares in force and the book value of each share was \$7.19.

The total amount paid in on each share, except the entrance fee, has earned during the past year a fraction over 10 per cent per annum. One decided advantage this institution has over outside associations is the economical man ner in which its affairs are conducted. The expense of running the association during the past has only been \$143, a Capital stock Series No. 1.....\$3571 95 fraction less than 3 cents per share per month, a much smaller amount than is usually required to run institutions of this kind.

The association now has loaned on first mortgages on approved local property the sum of \$5930 and has eash on hand amounting to \$560.02. As the association can grow very much larger without the expenses of running same continue to grow. The directors chosen March 20th, are Geo. A. Harding, W. A. the masks were removed.
