The Only Exclusive First-Class Dry Goods House in the City

Every article in our establishment is a Leader—and everything first-class in all respects. NO SECONDS. Do you know what seconds are? We sell you first-class goods for less money. Twenty years business in the city of Portland to back up this statement.

District No. 101.—School district No. 101, of Clark, must hold another special election to rectify the blunders made at the annual school meeting in March and the special election April 12. F. M. Manning was chosen a director at the March meeting. W. J. Moldenhauer instituted a contest and Superintendent Starkweather decided in his favor. Manning appealed to the state superintendent, who affirmed the decision. While the appeal was pending, however, a special election was held and Moldenhauer was elected. Then Manning instituted a contest, and a hearing was had on Monday. On the ground that the special election was improperly called and held while the legality of the election held on the first Monday in March was not yet finally determined. Superintendent Starkweather decided that it was illegal, and that Moldenhauer had no right to the office of director.

A WORD OF MEN'S SHOES...

Shoe bargains, but neve bargain shoes. Do you catch the idea? If great buying—if having large lots of shoes made—if the impetus of this great shoe business helps to make prices abnormally small—then we have shoe bargains. These causes and readjustments of our stocks, as sizes become missing, bring all the shoe bargains we ever have. "Bargains Shoes" don't exist otherwise. For shoes "made to sell," for shoe trash of any kind, we've no room.

The Blue and the Gray.

Both men and women are apt to feel a little blue, when the gray hairs begin to show. It's a very natural feeling. In the normal condition of things gray hairs belong to advanced age. They have no business whitening the head of man or woman, who has not begun to go down the slope of life. As a matter of fact, the hair turns gray regardless of age, or of life's seasons; sometimes it is whitened by sickness, but more often from lack of care. When the hair fades or turns gray there's no need to resort to hair dyes. The normal color of the hair is restored and retained by the use of
