### WHY IS IT...

That every day our store is filled with buyers from every part of the city, regardless of distance? There must be some reason. People—especially ladies—don't go out of their way to buy unless there is a reason.

IT IS BECAUSE we have established a reputation for absolutely fresh goods—especially in the line of table delicacies, and our customers are sure of a superior article—and then the prices are right.

## The Ins and Outs of It.

If you get best wear out of a coat, best work must have gone into it. You can't get good bread out of poor flour.

Moral: You can't get the best out of anything, unless the best is in it; and the best has to be put in before it can be taken out. Now, we have a rule to test those sarsaparillas with a lit "best" on the bottle. "Tell us what's put in you and we'll decide for ourselves about the best." That's fair. But these modest sarsaparillas say: "Oh! we can't tell. It's a secret. Have faith in the label." ... Stop! There's one exception; one sarsaparilla that has no secret to hide. It's Ayer's. If you want to know what goes into Ayer's Sarsaparilla, ask your doctor to write for the formula. Then you can satisfy yourself that you get the best of the sarsaparilla argument when you get Ayer's.

Any doubt left? Get the "Curebook." It tells details but cures doubters.
