THE FREE SILVER MOVEMENT.

Viewed from an independent democratic stand-point, the silver movement is fairly taking the country by storm. The wave is growing with a steady swerve that will gather votes in its course from every clan and party, and in 1900 free silver will be inscribed on the banner that leads to victory. The present conditions in the country are far from satisfactory; in fact, they are actually deplorable and alarming. Demagogues and orators shouted reform and prosperity from the platforms, previous to the presidential election last November, but there is neither reform or prosperity. The conditions, if anything are worse than they were last year. Better wages and protection were promised to the working classes, but the laborer is being oppressed to the earth by the gigantic and oppressive power of millionaire trusts. The tendency of the present policy is to create and perpetuate the power of the trust autocrat and make the laborer a veritable menial. It is proper and just that an individual who is industrious and conducts his business with brains, should be rewarded with a competency. But it is not just to concede that a trust multi-millionaire's brain is hundreds of thousands of times bigger, greater or more active than other people's brains. Under the existing condition of things the trust manipulators are controlling everything. If they succeed in their course, they will soon own everything in sight and out of sight, not excepting the common people themselves.

At the recent democratic convention in Iowa, 1000 delegates were in attendance, and loud were the cheers for free silver and Bryan. The free silver republicans fell into line, who agreed to use the name "democratic" for the fusion ticket this year. One of the greatest democratic conventions ever held in Ohio commenced and adjourned at Columbus, Ohio, last week. The gathering was for free silver throughout. The result of the deliberations of the Ohio convention is of peculiar portent at this time—a state that has furnished a Vallandigham and a Thurman, who were the avowed champions of the people. Ohio has sounded the keynote of success in no uncertain way, and the people who deserted the standard of free silver last year to be misled by the promises of protection to American labor and reform, will remain steadfast and sin no more. They will put on sack cloth and ashes, and will ever afterward keep in the straight and narrow path that leads to a future not controlled by trusts.

FOLLOWING is an extract from Hon. Ulic Stone's speech, made as temporary chairman at the great democratic convention, held at Columbus, Ohio, last week: "It is expected that your temporary chairman shall strike the keynote of the coming campaign. Well, that keynote shall be sounded on a silver chord. It will be no new note, but a prolongation of that sounded by the national convention at Chicago last summer, and one that has grown in power and volume since, carried in a grand diapason of over 6,000,000 voices to the polls last November. There may be some in this convention, though I doubt it, who hoped that the silver note was silenced. There were many in the land who immediately after the last November election hoped and believed so, but to all such republicans, McKinley democrats, or followers of the studies and dotards who met at Indianapolis, the renewal of the slogan of free silver here and in Kentucky will be a warning that the fiery cross is speeding over mountain and valley, over hill and dale, over field and forest, summoning the silver clansmen to fight the great battle for the people and receiving no uncertain response. Who doubts that the rich men are despots, who that looks calmly ahead, but knows that unless prevailing conditions are soon changed, the poor will become 'banditti'? Five millions of men are begging for leave to toil. All classes cry to the McKinley administration for bread and are offered a stone. The people ask for money, and Charley Grosvenor pitches them a sugar beet."

The first number of THE NEW TIME, the successor of New Occasions, is considered the best specimen of a reform magazine yet published in this country. Its editors, B. O. Flower and Frederick U Adams, have supplied just what thousands of people have been looking for, viz: a high grade magazine devoted to such proposed reforms as the initiative and referendum, natural ownership of monopolies and kindred topics of national interest. There is not a dull paragraph in the eighty pages of the July number of THE NEW TIME, and the wonder is that such a magazine can be produced for ten cents a month or one dollar a year.

Red circus paint and nickel trimming will cover a cheap frame, but it will not prevent that "tin rattle" so common with some bicycles. The Waverly is the smoothest running wheel in the market. Inspect them at Charman's drug store and get a catalogue. Remember we have cut the price.

Guarantee satisfaction with selection. Value exceeds the price of millinery at Miss Goldsmith's.
Any one desiring to keep boarders or roomers during the Chautauqua assembly, July 13-24, are requested to notify the secretary immediately.

If you want a nice steak, roast or boil call at Albright's shop and get some of his cold-storage meat which is acknowledged by all to be superior to the meats commonly sold at butchers' shops. He also keeps on hand a full stock of lard, hams, bacon, etc., made by himself and warranted purest and wholesome. Remember the old established shop on Main street.

Don't be foolish enough to pay the regular catalogue price for a bicycle. Insist on the dealer sharing the profit with you. Charman & Co. believes in reducing the large profit heretofore realized on bicycles and have cut the price of the Waverly bicycle so it is now within the reach of all. The Waverly don't have that "tin rattle" and it don't need a repair shop either.

Fine views and excellent water in Sunset. F. E. Donaldson.
A gentleman went into Holman's to buy some wall paper for his parlor and looking through the many samples found some patterns that were fine, decided upon one. "What is the price of that paper?" "— cents per double roll." "I'm afraid that is too cheap." But when it was explained how and why it was sold so cheap, he took the paper and was highly pleased.

Scrofula Swelling

On the Neck and Great Weakness Caused by Impure Blood—Was Constantly Growing Worse.

"When my son was 5 years old he was in very poor health and we could get nothing to relieve him. At the age of 7 years he began to complain of soreness on both sides of his neck and soon lumps began to gather on one side and grew to half the size of an egg. We then became more uneasy and began to doctor him for scrofula. He gradually grew worse, however, until at the age of twelve years we had lost all hope of his recovery. He became so weak he could sit up but a few minutes at a time. My wife saw Hood's Sarsaparilla recommended as a great blood purifier and we sent and got a bottle. We began giving our boy the medicine according to directions and it was not long before we saw he was improving. He continued taking it until he was in very good health. He is now 13 years old and is well. We recommend Hood's Sarsaparilla for all troubles caused by impure blood." S. M. SILVER, Grouse, Oregon.
Hood's Sarsaparilla L. sold by all druggists. \$1; six for \$5. Get only Hood's.

CITY COUNCIL.

The council held a regular meeting Wednesday evening at which the mayor and all the members of the council were present. It took Recorder Ryan fully a half hour to read the minutes of the regular and the call and adjourned meetings held during the month of June. Reports from the recorder and treasurer were read and referred; also semi-annual report of the water commissioners. Thomas Trembath was granted a renewal of liquor license. The committee on streets and public property were authorized to enter into a contract with Oregon City Transportation Co. to lease the boat landing at the foot of 8th street at a rental of \$30. An ordinance read regulating the sale of lots and burial permits in Mountain View cemetery was read for the first time. This ordinance provides that the cemetery shall be under the immediate control of a committee from the council appointed on the first of January of each year. This ordinance names as such committee James Roake, Thomas Gault and R. Koerner. The recorder was directed to give notice that a sexton for the cemetery will be elected at the next regular meeting.

The finance committee were authorized to take step toward contesting the junction suit instituted by Mrs. Stratton.

Will You Give Up all that health means to you? If not, look out for impure blood. Cure boils, pimples, humors and all scrofulous tendencies by taking Hood's Sarsaparilla.
Hood's Pills are purely vegetable and do not purge, pain or gripe. All druggists.

Many a man, who has been sent to an early and even suicidal grave by the tortures of dyspepsia, would be alive and well to-day, had he tested the virtues of Ayer's Sarsaparilla. This is no temporary appetizer, but a radical, scientific remedy. It makes life worth living.

A WORD OF MEN'S SHOES...

Shoe bargains, but never bargain shoes. Do you catch the idea? If great buying—if having large lots of shoes made—if the impetus of this great shoe business helps to make prices abnormally small—then we have shoe bargains. These causes and readjustments of our stocks, as sizes become missing, bring all the shoe bargains we ever have. "Bargains Shoes" don't exist otherwise. For shoes "made to sell," for shoe trash of any kind, we've no room.
