MARK HANNA.

Behold the sublime and beautiful picture! Mark Hanna in his gorgeously equipped yacht, luxuriating amid the exhilarating breezes of "prosperity," as they are being gently wafted by the robber-trust-tariff that he fastened upon the downtrodden and oppressed people, while the poor miners that he victimized by false promises, or threats and intimidation, into voting for his mortgaged man, are forced out of employment by threatened starvation, their helpless families at the door of want, and themselves—the once boasted freemen of a free country—prohibited by judicial decrees from even peaceably assembling to consult one with another, and are arrested and summarily cast as felons into a loathsome prison, with not even a charge of crime committed, but for daring to exercise the rights guaranteed every citizen by the constitution of both state and nation, and the God given privilege of walking, unmolested, the public highways of a country which many of them had braved the perils of a long and bloody war to defend. And yet this political monster, with a brazen impudence, that would even make Satan blush, dares to insult the intelligence, patriotism, and manhood of the people of the proud commonwealth of Ohio by assuming that with the methods of bribery and corruption by which he defeated the will of the people and bought the election of McKinley, that he can now, with no other claim for the exalted position, buy his election to a seat in the senate of the United States. If our government is worth preserving, if the liberties bequeathed to us by our Father of the Revolution are worthy of being perpetuated, this, the worst and most dangerous man that has ever figured in American politics, should be taught a lesson and made to know that his methods are incompatible with the principles of free government and constitutional liberty, and cover him in ignominious defeat, to stand as a warning monument for all coming time to corrupt and unprincipled tricksters.

NO THANKS TO HANNA.

The deluded followers of the Hanna-robber-trust-tariff are now triumphantly pointing to the recent rise in wheat as one of the boons of prosperity, brought to the long-suffering people through the enactment of that consummation of iniquity. Expecting to deceive, they claim that there has been an increase of \$500,000,000, in the value of farm products in this county within the last thirty days. Taking the difference in the price of these products thirty days ago and now, the increase would probably come up to this figure; but the cause that produced this result is well known to come from the short wheat crop in Europe, Argentina and other countries from which these supplies have been obtained.

These astute and economic calculator should carry out the figures a little further and go back to the time when silver was struck down in 1873, and show the farmers and the people the enormous loss in value, not alone of the production of the soil, but in realty and all other kinds of property except the holdings of the banks, trusts and syndicates, and the cut in the wages of the laborer and the artisan. Let them be frank and honest and do this, then subtract the \$500,000,000 gain, claimed, and the result would startle the world of mankind with wonder and amazement.

The recent advance in the price of wheat is in no sense abnormal, hence the strength of the market. Bulls and bears never before had so little to do with controlling prices as now, it being literally and unquestionably the working out of the law of supply and demand. A shortage in the world's supply makes every bushel of American wheat needful. The result is, as natural as that water seeks a level, higher prices. Hence the bears have no ground to stand on in their attempts to depress the prices of the chief cereal, nor has Hanna's robber trust any more to do in bringing about this increase than it had on the incident that occurred in the Garden of Eden six thousand years ago.

For the first three weeks of August the expenditures have exceeded the receipts of the government by over \$400,000. Treasury officials says this is due to the delay in the passage of the Dingley tariff bill. Many importers took advantage of the long debate and stocked up, thus cutting down the prospective revenue.

P. T. Barnum once said: "If you have \$10 to put to good use put up one for the article and the other nine for advertising. I can out talk any man on earth

but a printer. The man who can stick type and the next morning talk to a thousand people while I am talking to one is the man who I am afraid of; I want him for a friend."

When congress assembled last March sugar trust stock was worth about 116. Monday it sold within a small fraction of 150. On its fictitious capitalization of \$85,000,000 this gives the sugar trust a profit of more than \$28,000,000. This is the present made by congress to the sugar trust. Every dollar of it will come out of the earnings of the people.

Scrofula Swelling

On the Neck and Great Weakness Caused by Impure Blood—Was Constantly Growing Worse.

"When my son was 5 years old he was in very poor health and we could get nothing to relieve him. At the age of 7 years he began to complain of soreness on both sides of his neck and soon lumps began to gather on one side and grew to half the size of an egg. We then became more uneasy and began to doctor him for scrofula. He gradually grew worse, however, until at the age of twelve years we had lost all hope of his recovery. He became so weak he could sit up but a few minutes at a time. My wife saw Hood's Sarsaparilla recommended as a great blood purifier and we sent and got a bottle. We began giving our boy the medicine according to directions and it was not long before we saw he was improving. He continued taking it until he was in very good health. He is now 13 years old and is well. We recommend Hood's Sarsaparilla for all troubles caused by impure blood." S. M. SILVER, Grouse, Oregon. Hood's Sarsaparilla is sold by all druggists. \$1; six for \$5. Get only Hood's.

PLEASE PAY UP.

The season of the year has arrived when the proprietor of a newspaper naturally expects to receive some compensation for his labors. The amounts due us from subscribers are individually small, but taken in the aggregate they amount to quite a large sum. During these hard times it taxes all one's energies to keep a paper afloat. Please try to send us a dollar or two on account, or if you are unable to get the dollar and have produce send or bring that and we will allow you market price. If some settlement is not made before October 1st the accounts of those more than two years in arrears will be placed in a collector's hands. Prices 50 cents and \$1.00. Get a bottle at Charman & Co.'s drug store.

CASTORIA

For Infants and Children.

HOW TO FIND OUT.

Fill a bottle or common glass with urine and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys. When urine stains linen it is evidence of kidney trouble. Too frequent desire to urinate or pain in the back, is also convincing proof that the kidneys and bladder are out of order.

WHAT TO DO.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy fulfills every wish in relieving pain in the back, kidneys, liver, bladder and every part of the urinary passages. It corrects inability to hold urine and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to get up many times during the night to urinate. The mild and extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists, price fifty cents and one dollar. You may have a sample bottle and pamphlet both sent free by mail. Mention OREGON CITY COURIER and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The proprietors of this paper guarantee the genuineness of this offer.
