TEACHERS' ASSOCIATION.—On last Saturday the regular monthly meeting of the Clackamas County Teachers' association was held in Oregon City. The program generally was carried out as printed in this paper last week. There was a fair attendance of teachers for a midsummer meeting and the exercises were interesting. Vaughan Golden Wedding.

Clackamas county does not have any old baronial halls or ancient castles or manorial estates, but it does have "Uncle Billy" Vaughan and his good wife and their broad homestead and unbonded hospitality, and the celebration of the golden wedding anniversary of that worthy couple at Molalla last Thursday was an event of much more than ordinary interest. Though it was designed primarily as a family affair, many old friends of the family were present, and it was of historic as well as social interest. Nearly four score of persons spent the day there. They did not need to resort to card-playing or dancing or other devices used to spur the interest of jaded molerns; they ate, drank and were merry, every mother's son and daughter of them. The host barbecued some sheep, and around mutton and green corn were gathered the "bands of a feast tempting the palate of the most epicurean. Thrust was slaked from a cold spring flowing from the hillside, in the pool of which swam some dozens of slim-necked bottles. Stiff formality was banished, and a genial and neighborly interest pervaded the company. Various appropriate presents were made, a felicitous address being delivered by J. E. Hedges, Esq., of this city, and in his response Mr. Vaughan told quaintly of some of the circumstances attending his emigration from Tennessee to the far land of Oregon, and here wedding the fair young Missourian, who shared the honors of the day with him.
Mrs. Harrison Wright, who was a witness of the ceremony by which the Rev. Hezekiah Johnson, the pioneer Baptist missionary, united in wedlock William Hatcher Vaughan and Miss Susan Mary Officer, was present at this golden anniversary. John K. Dickey married another of the Officer daughters that day, in 1847, calling her from the kitchen, where she was cooking for her younger sister's wedding. Both the Dickeyes passed from earth long since. The Vaughans went from the wedding to the place that has since been their home. Eleven children were born to them, and all are living. The eldest, Franklin White, lives in Bridgeport, Wash., and himself has 12 children. The others remain in Clackamas county, and they are: Ison Cranfield, Virginia (Mrs. Orren Cutting), Mary Tennessee (Mrs. George Frazier), Viola Evalins (Mrs. W. H. Engle), Stonewall Jackson, Hardy Longstreet, Susan Florida (Mrs. N. M. Moody), John Calhoun, Cora Kehon (Mrs. M. F. McCowan), and William Officer.

Though Mr. Vaughan was of a slaveholding parentage, his first political affiliations were with the Henry Clay Whigs. However, when the slavery question got more sharply in politics, he forsook the whigs and the names bestowed upon his children speak eloquently of where the old man's heart was. He has always been a democratic leader in this county, though he has never held office. He belongs to the old school of politicians, who have convictions, and his political motto is "Fidelity to friends; no quarters to enemies." To this day he will leave his gun and dogs or his plow, and hire a hall and make a political speech if he thinks it will serve his party, and his speeches are well worth hearing, too.
The usual vicissitudes of life have come to the Vaughans. He is now 75 years old, and she 64. They see a numerous, hardy and useful posterity around them; they have the largest farm in Clackamas county, notwithstanding it has been clipped several times for allowances to some of the children; they have lived worthy and profitable lives, and are respected and honored in their old age.—Oregonian.

Howard Brownell will leave next week to continue his studies at Forest Grove College. During the time he has been employed on the Press that sheet has greatly improved.

The Blue and the Gray.

Both men and women are apt to feel a little blue, when the gray hairs begin to show. It's a very natural feeling. In the normal condition of things gray hairs belong to advanced age. They have no business whitening the head of man or woman, who has not begun to go down the slope of life. As a matter of fact, the hair turns gray regardless of age, or of life's seasons; sometimes it is whitened by sickness, but more often from lack of care. When the hair fades or turns gray there's no need to resort to hair dyes. The normal color of the hair is restored and retained by the use of
