### Reduced Over \$500,000.

Some of the reductions made by the county board of equalization last week on assessor's valuation for 1907 is about \$513,000 on the following six corporations assessments:

	Assessed	Equalized	1896
P. G. E. Co.	\$52,270	\$200,000	\$238,000
W. P. & P. Co.	194,265	85,700	77,700
Crown P. Co.	100,000	36,000	30,000
O. L. & S. Co.	237,175	184,000	184,000
O. C. Mfg. Co.	60,340	50,300	55,300
P. F. Mills Co.	37,240	43,800	

In Oregon City a horizontal reduction of 20 per cent was ordered for all property abutting on Main street, being a large part of the town's valuation. Bank stock held in this city had been valued at 75 per cent of its face on the assessor's books, but Saturday it was cut to 60 per cent, which was understood to be the basis of valuation in Multnomah county.

### From a Prominent German.

Editor COURIER: Please allow some space for the following lines:

To the Editor of the Enterprise, Oregon City, Or: In writing your article against the Germans last week you certainly did not know where the wind blew from, but we Germans infer that you are mad about that new German paper, the Clackamas Post.

If the Germans of Clackamas county would like to organize a political club, do you imagine we need Portland Germans to help us? If we ever should feel like organizing we need not need anybody to help us, no, not even you! Your article was nothing but a manifestation of venomous hatred against the Germans.

The officers of the order of Hermannssoehne came to Oregon City from Portland, to start a branch lodge in this city, for the purpose of extending assistance to its members in case of sickness or accidents, and the rules of the order exclude politics entirely.

Years ago, before we ever thought of you, there was a German club here, with about 150 members. At that time I was the president; but I found out that unless political matters were excluded, we could not be very strong. We, however, excluded political matters because we considered ourselves above the odious manoeuvres of the politician. But you may rest assured, that if we had seen fit to organize a political body, we should not have brought our political medicine from you, because it would have killed us. However, as long as your political influence is not stronger than it is at present, there is no need for anybody organizing. And, now, Mr. Editor, as regards your peculiar views on the incompatibility of German organizations with patriotism, let me tell you, they are antiquated. I have been in Oregon City these 17 years, and I know that although the German's do occasionally drink a glass of Weinhard's beer, they are as good patriots as you are any better. You may rest assured, that if this country should ever be in danger, we Germans would stand and fall like men by the stars and stripes, while such men as you would probably act the bravado—in your office.

Know, Mr. Editor, that the first and most sacred rule of a good citizen is, to keep the peace. You, however, make yourself obnoxious. J. K.

FOR HORSE STEALING.—Charles Thompson, alias C. Dreicksen, had a hearing before Justice Schuebel last Friday, on the charge of stealing a bay mare from Henry Richter. No defense was made and the prisoner was held to the grand jury. On the charge of stealing a brown mare from A. C. Muecke he waived examination and he was also held on that

charge. Richard Kubisch was held as an important witness against Thompson. The third horse stolen in connection with this affair has not yet been located. It came to light that still another horse was stolen from the same neighborhood, October 13.

OREGON CITY ROAD IMPROVED.—The Oregonian says, "The recently completed improvements on the West Side road from Portland to Oregon City have made it the best, as well as the shortest, route to that city, and the travel is rapidly increasing. Multnomah county has put the road in fine condition as far as the county line, and through Clackamas county the road has been improved in first-class style with crushed rock and gravel. The hill at Elk Rock has been reduced to an easy grade, and the entire line is in fine condition for winter travel. The West Side road will be the favorite route to Oregon City from this on."

A GOOD SCHOOL.—Attention is called to an advertisement, in another column, of the Holmes English and Business College, of Portland, Oregon. This institution has probably educated more young men and women for business, and found them employment, than all the schools of that kind in the Northwest. Miss Holmes, in addition to being assisted by an able corps of six teachers, gives her entire time to the up building of the school and everything that can add to the students advancement and comfort is provided. The school maintains six departments, namely: Three years course in English branches, a course in book-keeping, penmanship, shorthand, typewriting and telegraphy. The Holmes college is a Christian institution and has at heart not only the mental but the moral and the physical welfare of the students entrusted to its care. The principal has given much thought to the home life of students and is able to provide safe and comfortable rooms at a low cost. The past years of business depression has impressed upon the minds of all the necessity for practical education and never in the history of the country has the work of the thorough business college been so much appreciated as to-day.
