rill a bottle or common glass with urine and let it stand twenty-four hours; sediment or settling indicates an unhealthy condition of the kidneys. When urine stairs linen it is evidence of kidney trouble. Too frequent desire to urinate or pain in the back, is also convincing proof that the kidneys and bladder are out of order.

WHAT TO DO.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy fulfills every wish in relieving pain in in the back, kidneys, liver, bladder and every part of the urinary passages. It corrects inability to hold urine and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to get up many times during the night to urinate. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists, price fifty cents and one dollar. You may have a sample bottle and pamphlet both sent free by mail. Mention Oregon City Courier and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The proprietors of this paper guarantee the genuineness of this offer.

MULINO NOTES.

A birthday suprise party was given to Miss Katie A. Manning on Saturday evening last by her many friends. About 60, well furnished with refreshments and music for the occasion, came about 8 o'clock and took her completely by surprise. She soon rallied to the situation, however, and all were made welcome. Games and dancing with D. C. Ball as violinist and Prof. Eugene Ogle as organist, with the assistance of several amateurs, made 12 o'clock come almost too soon, when refreshments were served in abundance; and all retired. voting it the most social party of the season and wishing the prime movers in the affair to repeat in the near future.

The Salvation Army visited our place on Saturday and remained until Monday morning. Several meetings were held at the grange hall and even the small boy was in attendance. Mr. James brought out the Salvationists and just as they were entering Mulino with music in full blast the king-bolt of the wagon broke the horses and forward wheels went on and the balance of the wagon broke the balance of the the balance of the street passed and were signed by mayor.

No bones were broken, however, and after scraping off several inches of mud (more or less) they retired with remarks that were not very complimentary to our road master.

The Mulino literary society have changed their meeting night from Fri-day to Saturday evening.

Claude Howard has bought the Mulino sawmill of McCord & Co. and will commence logging this week. The mill will soon be running on full time.

Only three and one-half miles to connect this great Molalla country with Oregon City and yet the roads are pronourced impassable and all loaded teams are laid off. If Oregon City wants the trade of this section they had better act more and talk less, for goods can be bought as cheap in Canby and the merchants there are already alive to

He thought newspapers should be introduced in the public schools in order that pupils should become versed in new scientific discoveries, etc.; that pupils who read newspapers, advanced more rapidly, and were more proficient in their studies than those who did not keep themselves informed on the current topics of the day through

the medium of the press.

Mrs. Wells objected to the introduction of newspapers in the school room. selfie Gottberg assembled at the home of her mother last Saturday night and gave her a pleasant surprise. They danced till the wee small hour of the night.
