

ONE OF TWO WAYS

The bladder was created for one purpose, namely, a receptacle for the urine, and as such it is not liable to any form of disease except by one of two ways. The first way is from imperfect action of the kidneys. The second way is from careless local treatment of other diseases.

CAUSE

Unhealthy urine from unhealthy kidneys is the chief cause of bladder troubles. So the womb, like the bladder, was created for one purpose, and if not doctored too much is not liable to weakness or disease, except in rare cases. It is situated back of any very close to the bladder, therefore any pain, disease or inconvenience manifested in the kidneys, back, bladder or urinary passage is often, by mistake, attributed to female weakness or womb troubles of some sort. The error is easily made and may be as easily avoided. To find out correctly, set your urine aside for twenty-four hours; as sediment or settling indicates kidney or bladder trouble. The mild and the extraordinary effect of Dr. Kessler's Swamp-Root, the great kidney and bladder remedy is soon realized. If you need medicine you should have the best. At drug stores fifty cents and one dollar. You may have a sample bottle and pamphlet, both sent free by mail upon receipt of three two-cent stamps to cover cost of postage on the bottle. Mention Oregon City Courier and send your address to Dr. Kessler & Co., Binghamton, N. Y. The proprietor of this paper guarantees the genuineness of this offer.

PLATFORM.

Resolved, That the people's, democrat and silver republican parties of Clackamas county assembled in convention, fully and heartily re-affirm and endorse the platform of the people's, democrat and silver republican parties as adopted at Portland by the recent state conventions.

Resolved, That the migratory system of district attorney should be substituted by each county having its own county attorney, at a moderate salary, whose duty it shall be to protect all county interests, including all prosecutions.

Resolved, That we demand such changes in our laws as are necessary to provide for precinct organization, giving each precinct power to elect its own assessor, road supervisor, and all local officers.

Resolved, That we view with alarm the constantly increasing expenditure of the county court, and demand more careful and economical administration in that office.

We pledge our candidates to do all in their power to amend our law fixing the salary of county officers in Clackamas county so that the yearly salaries shall be: For sheriff, \$1000; county clerk, \$800; recorder, \$700; treasurer, \$600; county judge, \$800; superintendent of public instruction, \$720; county surveyor, —. This amendment to be referred

to the voters of Clackamas county not later than the annual school election in March, 1899, to take effect as soon as it is approved by the majority of those voting.

Populist Convention.

ORDER OF BUSINESS.

Election of permanent officers. Appointment of committee on platform. Election of conference committee.

Nomination of coroner, surveyor, school superintendent, treasurer, assessor, recorder, clerk, sheriff, commissioner, judge, three representatives, one senator, district officers, county chairman.

We further respectfully recommend that the county be divided into five districts as follows:

All the Westside of Williamette river to be district No. 1; north of the Clackamas river No. 2; south of the Molalla river No. 3; Oregon City, Maple Lane, Canemah and Abernethy, No. 4; between Molalla and Clackamas rivers No. 5. The delegates from each of said districts to elect one member of the conference committee.

These districts elected the following conference committee:

CONFERENCE—No. 1, F S Baker; No. 2, M V. Thoms; No. 3, E. Gleason; No. 4, George Lazelle; No. 5, Steve Hutchinson.

Platform and resolutions the chair appointed W. W. Myers, J. C. Waigum, Clyde Evans, Robert Schuebel, George Hargreaves.

At the evening the committee on platform was ready to report, but the convention declined to hear any reports or nominate district officers until the conference committee concluded its labors.

At 8 o'clock the convention instructed the conference committee to report progress in one hour, and at 9:15 the report was submitted.

The conference committee on appointment of officers reported as follows:

Populists to have senator, two representatives, county judge, clerk, recorder, assessor, school superintendent, sheriff, county commissioner, surveyor, coroner. Silver republicans to have county treasurer. The printing patronage to be equally divided between the HERALD and the COURIER.

This report was discussed at considerable length and many suggestions and amendments were proposed. The general consensus of opinion seemed to be that the office of county treasurer should in justice be accorded to the populists, inasmuch as the present incumbent, Jacob Shade, is an old, tried and true reformer and a faithful officer, who would certainly receive the nomination were the populists allowed this place.

After the circumstances attending Mr. Shade's nomination and also his long and self-sacrificing devotion to the cause of reform were explained to the silver republicans they generously withdrew their claim and the treasurer was given to the populists. The democrats then in a like spirit of fairness and generosity withdrew their claim for one representative in favor of the silver republicans.

This generous action on the part of the silver republicans and democrats created a warmth of feeling and growth of confidence in the integrity of all parties that could not possibly have been produced in any other way. It is not possible to describe in cold type the feeling of unity and devotion to the cause that followed instantly as the result of this sacrifice.

It proved conclusively that this union was not sought by any of the parties as a means of getting the offices for either personal or party advantage, but wholly for the advancement of our common principles.

MORNING SESSION, SECOND DAY.

After some little preliminary work the convention proceeded to the nomination of officers. The present incumbents of five of the county offices were nominated as follows: County superintendent, H. G. Starkweather; assessor, L. Stout; recorder, A. Luellen; clerk, Elmer Dixon; treasurer, Jacob Shade.

These nominations were made by acclamation and without one dissenting voice, thus showing the high esteem in which these officers are held. For the office of county judge the following five candidates were placed in nomination: W. W. Myers, H. Thiessen, A. Lacey, D. W. Smith and Dr. J. W. Powell.

The first ballot resulted as follows: Myers 58; Thiessen 43; Lacey 10; Powell 9; Smith 6. On second ballot Myers received 85, a majority, and by motion was declared the unanimous choice.

On the first ballot for representative Geo. Ogle was nominated by 114 votes, 72 being necessary for a choice. On the second ballot James Coon was nominated by 78 votes.

For state senator W. S. U'Ren was nominated by acclamation, receiving a regular ovation and not a single dissenting vote being cast. He was nominated for county chairman but declined to allow his name to go before the convention. Henry Thiessen was unanimously chosen county chairman.

The following delegates to congressional convention were elected: J J Leavitt, E M Hartman, R Scott, John Cole, William Thompson, J W Meltrum, J N Harrington, C A Miller, M M Geehan, C B Smith, M L Moore, A P Todd, G B Dimick, F T Griffith, G W Prosser.

CANEMAH.

The measles and diphtheria have abated somewhat and the school will soon be able to resume work.

Ernest Bencke almost succeeded in accomplishing the "break-neck speed" on a wheel. He came very near fracturing his nose Monday evening, which means that he is getting in the neighborhood of desired speed.

The Canemah Literary Society adjourned indefinitely, two weeks ago, on account of the epidemics. It is now learned that the society must secure new quarters, as the old school house will be occupied by the janitor for the Canemah school. The society having constructed a good amount of the walk leading to the new school house, there is some dissatisfaction with the action of the board of board, but it must be remembered that the permission to use the building was secured from the board and that right was to expire at their option. On the other hand the society should be regarded as an important factor for educational purposes. Nevertheless, the society interest will not be quelled by this singular event.
