McALLEN & McDONNEL,  Cor. 3d & Morrison, PORTLAND, OR.

MERRY PICNICERS.—On Sunday, a merry party of picnickers, composed of thirteen ladies and two gentlemen of Canemah, started from the West Side depot, on the electric car, for Tualatin Springs, where they spent the day on the beautiful banks of the Tualatin. Each lady had contributed generously to the lunch and when the thirteen contributions were collected it was found that there was no basket in the neighborhood to contain the same, then the question arose, how to get it there, when a happy thought seized one of the gal-lat knights, as he spied an empty wash tub, and into this they placed the lunch, each gallant seizing a handle proceeded on their way rejoicing.

HAS A HISTORY.—The old engine, formerly used in the Singer mill, which was loaded on the cars Monday has a little bit of history. It first did duty in Captain Powell's sawmill at Dayton, where David Close had the honor of first starting the engine into motion after it was fired up. Here it sawed the first timbers used in the construction of the old narrow gauge railroad, which has since been widened and made part of the S. P. system. Later it was used as the propelling power of the Singer mill in this city, and was placed in a little house on the railroad company's right of way. When the mill was finally closed down its possession passed into the hands of the Southern Pacific, who are moving it to get it off the yard, and will store it with other odds and ends of machinery at the shops.

Mrs. J. H. Strickler has organized a chorus, which meets every week at the residence of Mrs. C. H. Caulfield. The chorus is doing good work and a grand concert is to be given in the near future with the best additional talent to be had.
