Union County Platform.

Resolved, That the people, democrat and silver republican parties of Clackamas county assembled in convention, fully and heartily reaffirm and endorse the platform of the people's, democrat and silver republican parties as adopted at Portland by the recent state conventions.

Resolved, That the migratory system of district attorney should be substituted by each county having its own county attorney, at a moderate salary, whose duty it shall be to protect all county interests, including all prosecutions.

Resolved, That we demand such changes in our laws as are necessary to provide for precinct organization, giving each precinct power to elect its own assessor, road supervisor, and all local officers.

Resolved, That we view with alarm the constantly increasing expenditure of the county court, and demand more careful and economical administration in that office.

We pledge our candidates to do all in their power to amend our law fixing the salary of county officers in Clackamas county so that the yearly salaries shall be: For sheriff, \$1000; county clerk, \$800; recorder, \$700; treasurer, \$600; county judge, \$600; superintendent of public instruction, \$750; county surveyor, —. This amendment to be referred to the voters of Clackamas county not later than the annual school election in March, 1899, to take effect as soon as it is approved by the majority of those voting.

The republican state convention at Astoria on 14th nominated the following ticket: T. T. Geer, of Marion, for governor; Frank Dunbar, of Clatsop, for secretary of state; F. A. Moore, of Columbia, for supreme judge; Chas. S. Moore, of Klamath, for state treasurer; W. H. Leeds, of Jackson, present incumbent, for state printer; D. R. Blackburn, of Linn, for attorney general; J. H. Ackerman, of Multnomah, for school superintendent. For attorney general A. S. Dresser, of Clackamas, received 100 votes and Blackburn 162. L. L. Porter, of Oregon City, was nominated for joint senator for Marion and Clackamas. Chas. Holman, of Meadowbrook, was chosen committeeman for Clackamas county. The fifth district nominations were: T. A. McBride, of Clatsop, present incumbent, for judge; T. J. Cleaton, of Columbia, for attorney, and W. H. Smith for member state equalization board. The candidate for superintendent is backed by the American Book Co. combination.

Let others do as they may but as for me, I am for an honorable union of forces against so powerful a foe Country first; party (or party names) afterward. I shall never knowingly vote, or labor, directly, or indirectly, for the single gold standard, gold bondage, destruction of full legal tender paper money, and the right of private corporations to issue and control the money of our country.—WILL R. KING, the next governor.

The COURIER is in favor of sound money, the money of our fathers, gold and silver on equal terms, 16 to 1, a ratio satisfactorily established by long usage. The Courier is not in favor of a changeable ratio that will compel a man to take a pair of scales along with him, but is willing to trust the stamp of the government for whatever fluctuating there may be, and it will not be much when the metals are treated alike.

ALREADY the gold standard press is spewing out its falsehoods against the union ticket. They know that they have a hard fight on hand this year, and they will not give up their job of mis-governing the state if they can help it.—Ontario News.

We congratulate the silver forces of Oregon in formulating a complete fusion on the money question. Every state in the Union should follow their example. It means sure victory for the allied forces.—Silver Knight-Watchman.

FOR A CLEAN CAMPAIGN.

The following resolution was introduced by Hon George Ogle and adopted by the convention last week:

Resolved, That we condemn the corrupt practice of the republican party in attempting to influence voters by the use of liquor and other disgraceful methods, and we demand that our candidates conduct a clean campaign in the future as they have in the past.

Mr. Ogle read the following editorial from the Enterprise of June 5, 1896 in support of the resolution, and called special attention to the fact that neither the populist committee nor any populist candidate in that campaign paid so much as a single dime for liquor or "treats" for voters:

"The day has come when the whisky element cannot be depended upon in politics. Public sentiment is against it. The candidate who depends upon the purchasing power of the liquor influence to get the suffrage of the people for office, loses more than he gains. The riff-raff vote cannot be depended upon under the Australian ballot system. This class of voters have no respect for principle, and they will spend the candidate's money, drink his whisky and beer, smoke his cigars, and then vote the other way. A young voter went into an Oregon City saloon on the Saturday before the election, and when asked by the proprietor how he intended to vote, replied, that he intended to vote for the candidate who put up the most beer and cigars. The proprietor told him that was not the way to do; that he should take all the whisky and cigars he could get, and then vote for the other man.

THE MASK REMOVED.

"The mask has been removed," observes an Eastern exchange. "Two years ago all the republicans of the country received 'national honor' inspiration from Wall street. It was the main source of supply. They made the national flag their emblem, and shouted loud and long, that their generosity and fear was all due to their great desire to uphold national honor. The past few weeks we have had the first real exposition of their idea of 'national honor' and enough to bring the blush of shame to any cheek.

Murdered defenders of our flag, are 'incidents' when it in any way affects the action of the ticker in Wall street. The 'national honor' of these patriots only counts in dollars and cents. There is no honor with them unless there is money in it.

The man whose home is entered by a ravisher and settles for a money consideration is no worse than the Wall street 'national honor' fellows who measure a nation's duties and responsibilities by the almighty dollar.

The gold democrats held a state convention in Portland Monday. Although the gentlemen assembled fervently claimed that they represented the only true democracy, they tried and untried article of the Jeffersonian faith, there were not many present. There were about 50 men in this convention, about two-thirds of them from Multnomah, including Collector of Customs Black and six of his deputies. It is evident not offensive partisanship for federal officials to sit in a gold democratic convention. The other one-third of the convention was composed of gentlemen from various near-by counties. They did nothing except to discuss their position and adopt a platform. One of the gentlemen who made a very clear and convincing speech against nominating, said: "If I were forced to choose, if I were forced, I say, to choose between Bryan democrats and Mark Hanna republicans," said he, "I should not vote the republican ticket."

Hon. Geo. Ogle of Molalla was renominated for the legislature in Clackamas county. We believe he is a thoroughly honest young man and possesses the ability and character to make a good legislator. Geo. J. Knight of Canby was also nominated. He is a brother of ex-Sheriff John Knight of Salem, and also a man of ability and a man of fine character. He is a silver republican on the legislative ticket, and is a credit to the union organization.—Salem Journal.

A FULL account of the war resolutions passed is found on second page. It is reported that the president had given Spain until Saturday to answer or withdraw troops from Cuba. Spain refused to accept the ultimatum and on Thursday at 1 p. m. the North Atlantic squadron was ordered to Havana to blockade the harbor.

POLITICAL NOTES.

It is evident that there was not enough offices to go around among the republicans, and still they nominated several office-seekers and third-termers.

John Cooke, a native son of Clackamas, will be the next sheriff. John is very popular and makes friends wherever he goes and is honest and conscientious and can be depended upon to look after the interests of the taxpayers.

When honest Bill Myers is judge the conditions will be changed. Now, while the populist officials are voluntarily saving the county nearly \$400 per month the republican county court is running the county several times that amount deeper in debt, and still taxes are higher than ever before.

The union ticket is going to be elected from top to bottom, and don't you forget it. All evidences point in that direction.

All the union candidates have agreed to accept the reduced salaries. The republican candidates are quiet on the subject. They are looking after the leaves and fishes and not the taxpayers.

Why was Sidney Smyth elected a delegate to the republican state convention when he was not a delegate to county convention? An exchange says he was the ruling spirit of the state delegation. Did he have the said delegation in his pocket?

The Brownell organ at Canby in its last issue claims virtues for Brownell that he himself does not claim. It also comes out in opposition to T. F. Ryan for judge, claiming the republicans made a mistake in nominating him.

Since the republican state convention which was controlled by the Sim crowd, refused to condemn the legislative holdup, Brownell will have to get wind elsewhere for his sails, which he had inflated before the holdup breeze.

Henry Thiessen, populist, Robt. A. Miller, democrat, and S. W. Morgan, silver republican, comprise the union county campaign committee. They can be depended upon to do effective work for the cause of the masses against classes by assisting to elect the union ticket.

The Enterprise, the Brownell ring organ, now has four editors: C. J. Curtis of Astoria Herald, F. L. Poindexter, L. L. Porter and K. H. Gabbert. The old saying: "Two heads are better than one, etc." may apply in this case. Now it be in order to put the Ryan push organ in the pot, now that Brownell and Ryan have hitched up "a la tandem."

The residents of Clackamas county should take the pride in giving Chas. A. Fitch a rousing majority for state printer. He is the only representative this county has on either of the state tickets for years.

A LITTLE girl who had been taught to include everybody in her prayers, startled her mother with the following petition: "Now, O God, take care of yourself, for if we lose you we would have only McKinley left to take care of us and he is not doing as well as papa expected he would."

A NUMBER of scandals will grow out of the expenditure of the \$50,000,000 on war rush orders. It is said that favorites of the administration are getting whatever price they ask. It would be a wonder, indeed, if the people were not plundered under the excitement of war.

It is asserted that a drove of about 5000 hobos are on their way from California to Portland. It is understood they are all republicans, but whether they belong to the "Mitchell push," or the "Simon push," has not been ascertained.

It is stated that the Hon. John G. Ingalls may declare for free silver and become the candidate of the populists, democrats and republicans for congress in the first district of Kansas.

The following is going the rounds of the press: "Rags make paper. Paper makes money. Money makes banks. Banks make loans. Loans make poverty. Poverty makes rags."

GENERAL prosperity (McKinley brand) has made another 10 per cent cut in the wages of 11,000 mill operators at Norwich, Conn.

SENATOR McBride on Saturday voted three times against the Cuban resolution but on Monday changed and voted for it.
