Vote the Union ticket if you want economy in state and county affairs.

Indications point strongly to a victory for the Union ticket all over the state.

Vote for the men that have voluntarily saved the county over $8000 in less than a year and a half.

A very conservative estimate of the union majority in Clackamas county is 500. Make it more if you can.

Now comes the report that a republican candidate will give two votes for one for himself. They must be worried.

Elect the union ticket and you will have no more of Brownell's gang, Ryan's push, Porter's mud machine or Ramsby's third terms.

Vote for J. J. Cooke, a native of Clackamas county for sheriff, and honest W. W. Myers for judge and you will have an economical county admistration.

A prominent republican remarked the other day on the street that "the Enterprise is killing us off as fast as possible by its tactics", which are not approved by decent republicans.

Republicans can conscientiously vote the Union ticket in this county and thus turn down the bosses who are running the republican party in this state and county. Give them a good lesson.

Vote for every name on the ticket that has the words. "Peoples, Democratic, Silver Republican, after it and thus show that you are in favor of economy and retrenchment in public affairs.

A vote for the Union ticket is one for retrenchment and reform and against the gold-standard, the trusts and everything inimical to the best interests of the people. Le this not be forgotten.

Voters, remember that the republicans have a majority on all the election boards in the county, in some cases 4 out of the 5. The other side should be on hand and see fair play if any illegal voting is attempted.

The State of Washington 16 months ago elected a fusion officials and legislature and during the 16 months they have saved the state $2,986,720.77 as compared with the previous republican administration. Why but try it in Oregon?

Geer is the Simon candidate for governor. If you want to knife republican boss rule, this is what you should do with Geer when in the ballot box for the audacious manner in which he knived the president for honoring him with an appointment.—Champion.

Vote as it rains.—Statesman.
Now, it rains very often in Oregon and the Statesman's advice just means this, "vote often." Well, the union party is going to take good care that the old gag of voting often will not be played on them this time, and don't you forget it.

There is not a remote possibility that a single candidate on the ticket headed "Regular People's" will be elected, and those who vote for it are simply throwing their ballots away and accidentally assisting in the election of the republican candidates. We hope that our populist friends of the middle-of-the-road persuasion will consider carefully the effect of the unwise course which they are pursuing and decide to not give assistance indirectly, though it may be, to the money power which is sapping the life-blood of this country.

The Prohibitionists have put up a state and county ticket but as they never polled over 110 votes in county you can easily see the folly doing when as likely as not the votes they will poll would elect some temperance man in place of one who is not.

John Gibson, a Brownell man and a defeated candidate before the republican convention, is circulating circulars asking the people to vote for Morris instead of U'Ren. They hope to draw enough votes from U'Ren to elect Brownell. Don't be mislead by lying circulars issued at the eleventh hour.

The votes of Oregon will do well to bear in mind that T. T. Geer voted against a bill to abolish the railroad commission while a member of the Oregon legislature. If you want the useless commissions abolished vote for King for governor and for senators and representatives: Barkley, U'Ren, Ogle, Coon and Knight.

The election in Oregon occurs on the 6th of June. The union bimetallic ticket is sure to be elected. The Oregon election being the first one to occur a victory for the silver forces will give the party prestige, and be the beginning of many victories in other states during the summer and fall.—Silver Knight and Watchman.

In looking over the poll books of the presidential election you would be surprised to see some of the names of prominent persons that appear twice or more in different precincts. They are not populists or democrats either. No wonder McKinley carried the county. The republicans may try repeating again this election; who knows?

This is the first time that Clackamas county has been recognized in the distribution of the state offices and it behoves every voter in the county to vote for C. A Fitch for state printer. Clackamas is the third largest county in the state and the republicans have repeatedly refused to recognize the people of this county, although they had an opportunity in the recent state convention to nominate A. S. Dresser for attorney general.

Chas. A. Fitch, of Clackamas county is up for state printer and will likely be elected. Editor Fitch is a practical printer of long experience, he is a man of excellent ability, and has made his record as a reformer. He has been accustomed all his life to live by the "sweat of his brow," and when he gets in office he will work to simplify the duties, to lessen the expenses and to make the office a credit to the state, and an instrument for the peoples good and not personal gain. Mr. Fitch should be supported and elected for the good of the taxpayers of the state.—Eugene Guard.

The so-called middle-of-the-roaders are designated on the official ballot as 'Regular Peoples." The regular or middle-of-the-road populists united with the democrats and silver republicans in Oregon and in Clackamas county as well as in nearly all the counties of the state and put up one of the cleanest ticket ever nominated in Oregon and Clackamas county, and if the reformers care for principle they should vote the union ticket instead of throwing their votes away or assiting in electing republicans who are and always have been opposed to reforms. The other republicans have joined with the other reformers, who adopted a platiorm that seemingly no true populist can object to.

Below are the numbers on the official ballot that appear before the names of the union candidates of the Peoples, Democratic and Silver Republican parties Cut this out and take it to the polls and get an x after each of the following numbers—between the number and the names:

Many people were in the city from Portland, and other localities, who had relatives interred in Mountain View cemetery and the rural districts were well represented.

Never before did Mountain View cemetery present a neater or more attractive appearance, as it is now under the immediate direction of the city council cemetery committee. Water is now conveyed to the cemetery from the reservoir at Ely, which proves a great convenience to those desiring to keep the graves of the departed ones green. The graves in Mountain View as well as the Masonic and Odd Fellows cemeteries were literally covered and banked with flowers and floral offerings.

Following is the personell of the committees, who arranged and successfully carried out the Memorial services: G. A. R.—J. T. Apperson, chairman, C. H. Danchey, M. E. Willoughby, C. A. Williams. Women's Relief Corps—Mrs. Jennie B. Harding, Miss Jennie Rowen, Mrs. Rosina Fouts, Mrs. Millie Shadle and Mrs. Jennie Meldrum.
