PATRONIZE HOME INDUSTRY.

OREGON CITY, JUNE 17, 1898.

Mr. SIMON and Brownell will both be members of the senate next winter. We mention this in the interest of Salem hotel and boarding house people.

The republican party of Oregon has declared squarely for the gold standard. This means an end of Mitchellism, and shifty, tricky statesmanship generally.

Hox, John Wanamaker, expostmaster general, says: "I heartily approve of the idea of giving the people a vote on corrupt legislation. The movement to secure for the people direct and immediate control over legislation shall have my support."

The word "plutocrat" does not necessarily mean a rich man. It is strange fact that a vast majority of plutocrats are poor men—financially as well as morally poor—while many wealthy people are the most genuine of democrats.

the meanest, most contemptible and most dangerous plutocrat, though not worth a dollar.

The Single Standard.

EDITOR COURIER—We hear a great deal said nowadays about a gold standard, a silver standard and a double standard. Why not enlarge on the standard business and discuss a wheat standard, a potato standard, a corn standard or a cotton standard.

All economists and all the legal fraternity admit that our standard or net value is the dollar which is fixed by law at 100 cents, and a ten-year-old school boy ought to know the price of dollars (not commodities) will be governed by the demand for dollars and the number of dollars available to supply the demand.

BIDS WANTED.

Notice is hereby given that the board of school directors of school district No. 62 of Clackamas county, Oregon, will receive sealed bids at the residence of the school clerk on Seventh street, in Oregon City, Oregon, up to the hour of 7 o'clock p. m. on Wednesday the 6th day of July, 1898, for the sale and delivery to the district of 120 cords of good, sound, four foot fir wood, which has been cut from large live standing timber and thoroughly seasoned.

By order of Board of Directors. S. M. McCows, District Clerk. Dated at Oregon City, June 17th, 1898.

Elliott Prairie School.

Following is the report of the school taught in District No. 2, Elliott Prairie, for the month ending June 8. Number of days taught, 19; number of days attendance, 405 1/2; days absence, 43 1/2; number of pupils enrolled, 26; average daily attendance, 21; average number belonging, 24; cases of tardiness, 2.
