According to the war views of John Sherman, elicited in an interview, the ex-secretary says the grievance of General Garcia is just. A blunder was evidently made. The Cubans should have been invited to witness the surrender of Santiago. PONCE THE SITE

General Miles' Forces Have Landed in Porto Rico.

ON THE SOUTHERN COAST

A Detachment of Spanish Troops Offered Resistance, and in a Skirmish Forty Spaniards Were Killed and Not an American Killed or Wounded.

Port of Guanica, Island of Porto Rico, via St. Thomas Island, July 27.—The United States military expedition under command of General Miles, which left Guantanamo bay Thursday last, was landed here successfully today after a skirmish between a detachment of Spanish troops and a crew of 30 belonging to the launch of the United States auxiliary gunboat Gloucester. Forty Spaniards were killed and no Americans were hurt. The troops were pushed forward rapidly in order to capture the railroad leading to Ponce, which is only about 20 miles east of this place.

Guanica, the point of debarkation of the expeditionary force, is a small town on the southern coast of the island. It is less than 20 miles on an air line distant from Ponce, and 65 miles from San Juan, against which the assault is to be directed. This town is situated on a bay of the same name, which forms one of the best ports in the whole island.

From Ponce there is an excellent military road running 80 miles north to San Juan. The whole of General Brooke's force, with the New Orleans, Annapolis, Cincinnati, Leyden and Wasp are expected here within 24 hours.

SURRENDER OF GUANTANAMO

Seven Thousand Spaniards Lay Down Their Arms.

Santiago de Cuba, July 27.—Everything here is peaceful. The 7,000 Spanish soldiers at Guantanamo threw down their arms today. The 3,850 men from Palma Soriano, San Luis and Longo, surrendered yesterday to Lieutenant Miley and today packtrains with provisions were sent to them.

The only others included in the capitulation are the 2,000 at Baracoa and 1,000 at Sagna. They have not yet been turned over.

Garcia is at Jiguani today, and reached there without encountering any Spaniards.

General Shafter authorized an absolute contradiction of the report that Garcia encountered a force of Span-

iards, who were returning to Santiago to surrender, and was defeated by them. Colonel Ezra P. Ewers, of the Ninth infantry, acting for General Shafter, will receive the formal surrender of Guantanamo.

Yesterday General Shafter released 40 Cubans, who had been confined in the local jail on political charges. Indeed, some of them were confined without charges of any character, others on the most trivial pretenses, and yet others solely because of sympathy with the Cuban cause. The jail is still filled with many whose crimes and sentences

CRY FOR HELP.

Cubans at Cienfuegos Are Starving—Weyler System in Force.

Guantanamo, July 27.—The following pitiful appeal has been addressed by the starving people of Cienfuegos to Rear-Admiral Sampson:

"Honorable Sir: The Cubans, old men, women and children, resident in the town of Cienfuegos and this neighborhood, are all dying of hunger. The young men are all in the field with the Cuban troops and have no shoes nor food. All the provisions in this town are in the hands of Spaniards. Cubans cannot obtain a piece of bread, as it is necessary to send everything to the field. The Weyler system is in high away. The situation is terrible. If you, honorable sir, do not come quickly with your squadron, to our help and take possession of this town, we shall be lost. We beg you to precipitate your operations. About 5,000 old men, women and children shall die of hunger in this town. Some of these old men have four or five sons fighting for freedom. This is our situation—horrible situation. If the great people of the United States do not come quickly in our help we are lost. For God's sake, come quickly."

"SOME CUBANS." Nothing can be done for the people of Cienfuegos until the place is captured. This will not be for some time.

A BIG LOT OF GOLD.

The Charles Nelson Brings Down Over a Million.

Seattle, Wash., July 27.—The steamer Charles Nelson arrived to lay from St. Michaels with 173 passengers from Dawson, and gold dust estimated all the way from \$1,000,000 to \$1,500,000. Purser M. A. Tucker said:

"I believe that \$1,500,000 is a fair estimate. Of that amount I can vouch for \$600,000, which was turned over to me and placed in the steamer's safe."

One man, Mr. Tucker said, had \$175,000 and another \$125,000. He would not disclose their names.

Mr. Lippy, his father and two brothers, carried off the steamer nine canvas sacks, which weighed about 100 pounds each. This was the clean up from Lippy's claim, No. 16 Eldorado.

FEVER PREVAILS

New Cases at Santiago Amount to Four Hundred.

FOUR DEATHS IN ONE DAY

Victims Are Not All Suffering From Yellow Jack—Disease of a Mild Type—Shafter Reports That His Men Are Being Located in Better Camps.

Washington, July 26.—A dispatch received by General Corbin from General Shafter says that 896 new cases of fever of all classes were reported in his camp before Santiago yesterday. As the same dispatch reports only four deaths, none of them from yellow fever, from among the hundreds of fever cases in the camp, the war authorities are more than ever inclined to the belief that the yellow fever cases are of a mild type. Previous dispatches from Shafter and the medical officers of his corps have indicated the existence in camp of a very large number of cases of malarial fever and dengue fever, the latter common in the Cuban climate. Some clear cases of yellow fever are reported, but the officials say they are few as compared with those of other fevers.

General Shafter's dispatch received by General Corbin is as follows: "Santiago de Cuba, July 26.—Number of new cases of fever of all classes yesterday approximately, 396. Deaths not previously reported, Private Daniel Stone, company D, First Illinois, typhoid fever, July 20; Sergeant J. Blair, regimental quartermaster, died July 23 of dengue fever; Privates William Peacock and Garratt Larneshead, both of company E, Second infantry."

General Shafter reported by cable today that the condition of the troops at Santiago was rapidly improving, and said he hoped in the course of a day or two to have the men located in comfortable camps, where they may rest and recuperate and where the sick may recover.

He is feeding 11,000 Spaniards, prisoners of war, and although he has not yet been able to furnish them tents, this deficiency is being made good, and their condition is no worse in this respect than was their condition before the surrender.

Troops Mentally Depressed.

Santiago de Cuba, via Kingstor, July 26.—The report published in the United States that there are 30 cases of yellow fever in the cavalry division proves on investigation to be unfounded. Captain House reports that there is no sickness. The First, Sixth and Ninth cavalry, the First and Tenth infantry regiments and six companies of the Randolph light artillery, are encamped about two miles northwest of El Caney, at the base of the mountains. The camp is apparently perfectly healthy, as to the location, and has a good water supply. The ground is well drained.

Malarial fever is prevalent, but it always yields to quinine treatment in the course of four or five days. The fact that immunes of the regiment have this fever as freely as the other men shows that it is not yellow jack. There have been no fatalities from malarial fever thus far, but so long as the men are exposed to the hot sun during the day, the increasing rain and heavy dews, malaria will increase and our men grow worse. A second attack is much more difficult to eradicate, especially in the case of men exposed to the present conditions.

The army is mentally depressed by inactivity, and the uncertainty as to its future movements, together with the increasing malarial fever.

SURRENDER OF SPANIARDS.

Interior Garrisons Lay Down Their Arms.

Washington, July 26.—The war department at midnight posted the following:

"Santiago, via Hayti, July 26.—Adjutant-General of the Army, Washington: Lieutenant Miley has returned from San Luis and Palmas Soriano, where he went four days ago to receive the surrender of the Spanish troops. The number surrendered was larger than General Toral reported. Three thousand and five Spanish troops and 350 volunteer guerrillas gave up their arms and gave parole and have gone to work. Three thousand stands of arms were turned in to lead on ox-carts and started to the railroad. Spanish troops accompanied him to San Luis, and all were apparently greatly delighted at the prospect of returning home. They were on the verge of starvation and I have to send them rations tomorrow. If the numbers keep up as they have, there will be about 24,000 to ship away, nearly 12,000 here; 3,000 from San Luis, 6,300 from Guantanamo, and over 2,000 at Sagna and Baracoa.

"SHAFTER," "Major-General Commanding."

Not Written by Garcia.

Santiago de Cuba, July 26.—It now turns out that the letter alleged to have been addressed by General Garcia to General Shafter, complaining of the treatment accorded to the Cubans, and advising General Shafter of General Garcia's resignation, was prepared by a newspaper correspondent named Aras, who has been acting on the staff of General Garcia. It is not clear that Garcia ever saw the letter. Shafter makes no mention of it.

UNITED STATES TROOPS EMBARKING FOR PORTO RICO.

SLAPPED SHAFTER.

Newspaper Correspondent Gains an Unenviable Distinction.

Sylvester Scovel, who has won for himself the unenviable distinction of being the only civilian in history who slapped the face of a major-general in that officer's hour of supreme triumph, is a newspaper reporter who is possessed of undoubted daring and recklessness. Mr. Scovel tried to push his way, against orders, to the roof of the palace in Santiago when the Stars and Stripes was being hoisted, and was forced back. After the ceremony he

are not on record, and absolutely unknown, so far as has been yet ascertained. A general investigation has been ordered immediately.

American newspapers which have arrived here contain articles written apparently under a misapprehension of the facts regarding the conduct of the campaign, and the dictation of the terms of surrender. General Miles was here simply as a visitor and adviser. In his official capacity he had nothing to do with the terms of the capitulation, the entire credit for which belongs to General Shafter, who, on July 10, received the following dispatch from Washington, of that date:

"General Shafter, Siboney: The secretary of war directs me to inform you that General Miles left here at 10:40 last night for Santiago, but with instructions which do not in any manner supersede you as the commander of the United States troops in the field at Santiago, as long as you are able for duty.

"CORBIN," "Adjutant-General."

Wounded on the Hudson.

Newport News, July 27.—The transport Hudson, from Santiago, arrived at Hampton Roads at noon today. From the foremost floated a yellow fever flag, indicating sickness aboard. Dr. Pettus, the national quarantine officer, boarded the vessel as soon as she cast anchor.

The bodies of Captain Capron and Sergeant Hamilton Fish are on the ship. It is said that Sylvester Scovel, the New York newspaper correspondent who was ordered from Cuba because of insulting conduct toward General Shafter, is also on board.

Reinforcements for Miles.

Washington, July 27.—The war department was busy today hurrying the dispatch of the remainder of General Miles' expedition against Porto Rico. Such progress has been made that it is hoped that all the troops will be on Porto Rican soil within a week. General Miles is expected to defer his landing until then, but presumably will pick out a suitable place for encamping his troops and may establish himself ashore, awaiting the arrival of the other detachments now on their way.

SYLVESTER SCOVEL.

made his way to General Shafter and struck that hero in the face with his palm. He was arrested at once, and the rules of war allowed that he may be drumheaded and shot.

Quite a number of waiters in Denver, Col., have joined the army.

Japan Will Co-operate.

London, July 27.—A special dispatch from Shanghai says the Japanese warships Washino, Chin Yuen, Itsukushima and Satyn Yen have been hastily dispatched to Saibao to reinforce the Japanese squadron there, making it the strongest in those waters. It has been ordered to operate with the British and American admirals in the event of international complications. While the dispatch does not explain the matter, it is inferred the squadron is to be in readiness for Philippine operations.

Charles Randall, an old-timer, had \$84,000.

Other individual amounts ran from \$1,000 to \$10,000, \$5,000 being an average.

At 5 o'clock this afternoon, 67 passengers had deposited in the assay office about \$300,000. Four thousand ounces was the largest individual amount.

This did not include the Lippy and Randall gold.

About one-third of the passengers brought no gold. Some of them had gone in this spring. Not liking the prospect they sold their outfits and returned.

Captain McKettrick.

Captain William McKettrick, the man who raised the Stars and Stripes over the palace of the conquered Santiago de Cuba, is a son-in-law of General Shafter and a member of the general's staff.

The Earl of Minto has been appointed governor general of Canada.

La Bourgogne Sailors Arrested.

Havre, July 27.—Nineteen Austrian sailors, who arrived here yesterday on La Bretagne, were taken before a magistrate and confronted by four second-class passengers, survivors of the wrecked La Bourgogne, on charges of cruelty and brutality at the time of the collision between La Bourgogne and the British ship Cromartyshire, off Sable island, July 4. Although the evidence offered against them was very slight, six of the accused were held on remand. The others were discharged.
