The deceased came to his death by the accidental discharge of a shot-gun in his own hands. The charge of shot entered the right side beneath the ribs and ranged upward destroying the right lung. Death was instantaneous. He was a boy of bright intellect and possessed noble traits of character. The deceased was a member in good standing of Hardings Grange, P. of H.

Canemah.

The school is progressing finely under the management of Miss Sade Chase as principal, and Miss Lavinson as assistant. The attendance is greater at the present than it has ever been in the past. The school year will no doubt be a very successful one. It may be necessary to create a third room before the winter is over.

The Canemah literary society held a meeting at Stokes' hall and the following officers were elected for the ensuing term of one month. Edward Smith, president; Elen Blanchard, secretary; Willie Stokes, assistant secretary; Thomas Lindsay, treasurer; William Marshall, sergeant-at-arms, and Harry Freeman, Ada Quinn and Nellie Kellogg, members of the executive committee. The subject chosen for the first discussion "Resolved, That the United States acted properly in entering upon the war with Spain." Samuel Stevens as leader of the affirmative and J. E. Helges leader on the negative. It was not determined where the coming discussion will be held, but a committee was appointed to reside a place of meeting which will undoubtedly be carried out. There are not sufficient funds for the erection of the new building and consequently the project will be postponed until the required funds can be secured. The organization will be carried on in one way or another during the coming winter.

Some of the Things

You Should Insist on Your Dealers Guaranteeing

...Huntley Always Does...

Tooth Brushes

The cheapest Tooth Brush is a guaranteed one. When a maker guarantees things it is usually because they don't need a guarantee. If any of our 25c brushes shed a bristle in two months we'll give you one for it. We meant it. We also have others from 5c up.

Rubber Goods

Don't last forever—We have several times found it necessary to replace a leaky hot water bottle or a fountain syringe, not exactly because we were to blame, but through a defect in workmanship. But we always replace any thing of the kind if you Give us a chance.

HAIR BRUSHES

We have always guaranteed ever hair brush that sold for 50 cents or over. Never had but one brush come back and that was a \$2.00 one. We were (strange as it may seem) as glad to have a chance to replace it as our customer was to have it replaced.

We don't tell our customer one thing and mean another, so it is good to have a chance once in a while to prove we mean what we say, even if it does cost something.

This week we have a shipment of several hundred brushes coming direct from the manufacturer, which we bought at a close price for cash, and our customers will get the benefit.
