SOLD BY ALL GROCERS

REASONS WHY YOU SHOULD INSURE

THE MASSACHUSETTS MUTUAL LIFE INSURANCE COMPANY

On account of the benefits of the famous non-forfeiture law of Massachusetts which applies only to companies chartered by that state. This law secures to the policy holder a definite contract of insurance. In case of the non-payment of any premium after the second year, whether such lapse of payment be intentional or accidental, the status of the insured with the company is fixed by this law without action or negotiation, hence forgetfulness will not result in the total loss of one's policy and the accumulations thereon. In many instances the paid up value allowed by this law is more than the net cash paid for premiums, thus securing to the policy holder the ultimate return of every dollar paid for his insurance. This law removes the objection so often raised against life insurance, that "once in it is hard to get out," as a withdrawal under its provisions does not necessitate a sacrifice of one's whole interest in his policy.
