Mary Stuart's Watch.
Mary Stuart made a fad of collecting timepieces. Among those owned by her was a coffin-shaped watch in a case of crystal. Probably the most remarkable one in her collection was the one requested to Mary Seaton, her maid of honor. It was in the form of a skull. On the forehead of the skull was the symbol of death, the scythe and the hour glass. At the back of the skull was time, and at the top of the head the garden of Eden and the crucifixion. The watch was opened by reversing the skull. Inside was a representation of the Holy Family, surrounded by angels, while the shepherds and their flocks were worshipping the newborn Christ. The works formed the brains, while the dial-plate was the palate. She also possessed another skull-shaped watch, but it is not known what became of it.

Setting the Bridegroom.
It takes a bright woman to rebuke another woman's rudeness, a general statement borne out by the following story: A lady entered a railway train and took a seat in front of a newly married couple. She was scarcely seated before they began to pass remarks about her. Her last year's bonnet and cloak were fully criticized, with more or less giggling on the bride's part and there is no telling what might have come next if the lady had not put a sudden stop to the conversation by a bit of strategy. She turned her head, noticed that the bride was considerably older than the groom, and in the meekest of tones said:
"Madam, will you please ask your son to close the window behind you?"
The "son" closed his mouth and the bride no longer giggled.

Dewey's Expenses.
Admiral Dewey's expenditures in powder and shell to sink the Spanish fleet at Manila, according to his own official report, was about \$45,000. The cost for the same item in disposing of Admiral Cervera's fleet off Santiago is between \$90,000 and \$100,000. Experts regard the figures in both cases as surprisingly low.

DEAR EDITOR:—If you know of a solicitor or canvasser in your city or elsewhere, especially a man who has solicited for subscriptions, insurance, nursery stock, books or talorings, or a man who can sell goods, you will confer a favor by telling him to correspond with us; or if you will insert this notice in your paper and such parties will cut this notice out and mail to us, we may be able to furnish them a good position in their own and adjoining counties.

On a recent warm Sunday there were only a few worshippers present in a little church at Norristown, Pa. As the clergyman was about to begin his sermon, he said: "Brethren, it's hot, and so I say 'comfort before pride.'" Then he divested himself of his coat, hung it over the side of the pulpit, and preached his sermon in his shirt sleeves.

STRONG STATEMENTS.
Three Women Relieved of Female Troubles by Mrs. Pinkham.

From Mrs. A. W. SMITH, 59 Summer St., Biddeford, Me.:
"For several years I suffered with various diseases peculiar to my sex. Was troubled with a burning sensation across the small of my back, that all-gone feeling, was despondent, fretful and discouraged; the least exertion tired me. I tried several doctors but received little benefit. At last I decided to give your Lydia E. Pinkham's Vegetable Compound a trial. The effect of the first bottle was magical. Those symptoms of weakness that I was afflicted with, vanished like vapor before the sun. I cannot speak too highly of your valuable remedy. It is truly a boon to woman."

From Mrs. MELISSA PHILLIPS, Lexington, Ind., to Mrs. Pinkham:
"Before I began taking your medicine I had suffered for two years with that tired feeling, headache, backache, no appetite, and a run-down condition of the system. I could not walk across the room. I have taken four bottles of the Vegetable Compound, one box of Liver Pills and used one package of Sanative Wash, and now feel like a new woman, and am able to do my work."

From Mrs. MOLLIE E. HERREL, Powell Station, Tenn.:
"For three years I suffered with such a weakness of the back, I could not perform my household duties. I also had falling of the womb, terrible bearing-down pains and headache. I have taken two bottles of Lydia E. Pinkham's Vegetable Compound and feel like a new woman. I recommend your medicine to every woman I know."

REFLECTIONS OF A BACHELOR

What's a wife when a man can afford to own a good dog?
A man generally wears his first dress suit about the way he carries his first baby.
The more trust a good woman puts in a man the more she will generally find in him to trust.
If the women get to working in Christian Science on love affairs there won't be any hope for the men.
Women are better than men are. Men very seldom love their enemies, but women "most always kiss them."
When a girl tells another girl that she is engaged to two men at once she tries to talk in a hushed, subterranean voice.
You can always tell from the outside of a house which is the spare bedroom by the way the window curtains are fixed up.
A married woman is probably anxious to get all the girls she knows married off so the man can't reach them to crow over her.
The mission-school habit is probably the strongest while it lasts, but the sabbath habit makes a girl's family a lot more uncomfortable.
The reason why it takes a woman so long to make up her mind is because she wants to think up all the ways she can possibly change it.
A woman has to have a lot more patience to let the cat in and out than she has for her husband, because if she didn't it would leave her.
If the average man were as brave and handsome as his wife believes he is, he would probably have married some other—better-looking—woman.

PROSPEROUS WOMAN FARMER.
One of the most prosperous farmers in Oklahoma is Mrs. Jane Crum, who lives near Calumet. Four years ago her husband died, and since then she and a 14-year-old boy have cultivated 320 acres of land, and this year raised over 5,000 bushels of wheat, besides corn, oats and other things. The widow plows every day and has paid a large amount of obligations of her husband since his death.

Why Teeth Decay.
The question to what extent the alkaline earth salts in drinking water affect the decay (caries) of teeth has of late been studied in several quarters. Statistics have been collected by Reese in several localities in Bavaria and by Foerberg, in Sweden. These have revealed the interesting fact that the extent of decaying teeth bears a definite relation to the hardness of the water; in other words, to the quantity of calcium and magnesium salts in the earth through which the water passes. The harder the water the better the teeth; the smaller the quantity of these salts the greater the decay of the teeth.—Sudd. Ap. Zeitung.

Most Renowned Pianists.
Women have divided with the men, almost equally, the honors of excellence as soloists on the piano, violin and other instruments. Among the men the greatest names are Thalberg, Henselt, Mayor, Dreyshock, Heller, Litloff, Kulak, Hans von Bulow, Hans von Bronsart, Tausig, Bendel, Schulhoff, Scholz and Brassin. Among the ladies are to be found Theresa Milanollo, Wilhelmine Neruda, Teresina Tua, Arma Senkrah, Wilhelmine Szavardi, Clara Schumann, Mary Krebs, Engelborg Bronsart, Anna Mehlig, Sophie Menter, Arabella Goddard, Marie Wiesek, Annette Essipoff, Vera Timanoff, Margarethe Herr-Stern, Laura Rappold and Martha Remmert. The leading piano artist of the present day is Paderewski, who undoubtedly stands at the head. After one name of acknowledged excellence is mentioned the number of those who stand second is so great that discrimination might probably be unfair.

Captain Clark's Pet Cat.
For years Captain Clark, of the battleship Oregon, has had for his special pet a cat which bears the mysteriously chosen name of "Old Muggins." The dignified member of the feline tribe is a native of China. "Old Muggins" was born in the city of Hong Kong, and as a mere kitten was the private property of a noble mandarin of the realm.
He is a pure white throughout, from the tip of tail to end of whisker. One eye is violet in color, the other is bright yellow. "Old Muggins" became the property of Captain Clark so long ago that he remembers not the day. The American naval commander was in the port of Hong Kong on a United States man-of-war. He became acquainted with a number of rich mandarins in the court service, and so won their esteem that, as the highest mark of favor possible for them to bestow upon the American officer, he was presented with this cat.—Chicago Chronicle.

Women and the Wheel.

From the Gazette, Delaware, Ohio.
The healthfulness of bicycle riding for women is still a disputed question between eminent physicians and health reformers.
Used in moderation it surely creates for women a means of out-door exercise, the benefit of which all physicians concede. Used to excess, like any other pastime, its effect is likely to be dangerous.
The experience of Miss Bertha Reed, the 17-year-old daughter of Mr. J. R. Reed, 835 Lake street, Delaware, O., may point a moral for parents who, like Mr. and Mrs. Reed, have experienced some concern for their daughters who are fond of wheeling. In the fall of '96 Miss Bertha, who had ridden a great deal, began to fail in an alarming manner. She grew steadily paler and thinner, and it appeared she was going into consumption. Rest and quiet did her absolutely no good. A physician found her pulse at 104—a very high rate. Thinking this may

have been due to temporary nervousness when he examined her, he watched her closely, but her pulse continued at that rate for two weeks. He was satisfied then, from her high pulse and steadily wasting condition that she was suffering from anaemia or a bloodless condition of the body. She became extremely weak, and could not stand the least noise or excitement. In this condition of affairs they were recommended by an old friend to get some of that famous blood medicine, Dr. Williams' Pink Pills for Pale People. They did so, and almost from the first dose Bertha began to improve. She continued to take the pills and by means of those pills made entirely well, and more grateful people than her parents cannot be found in the whole state of Ohio.
Dr. Williams' Pink Pills have proved a boon to womankind. Acting directly on the blood and nerves, they restore the requisite vitality to all parts of the body; creating functional regularity and perfect harmony throughout the nervous system. The pallor of the cheeks is changed to the delicate blush of health; the eyes brighten; the muscles grow elastic, ambition is created and good health returns.

The readers of this paper will be pleased to learn that there is at least one graded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address
