Clackamas.
Mrs. Will Moore is home from Roseburg visiting her parents, Mr. and Mrs. Marion Johnson.
My, me! Were all the folks ready to see such a storm? No one knows what Oregon can do.
We heard of no meeting of the W. C. T. U. last week. They expect soon to have Mrs. Rounds give a lecture, as many are interested in the work, even if they are not members of the union.
Mrs. W. W. Smith and son from Virginia are home. We are glad to see them again.
There is no school in Miss M. Rogers' room this week, as so many are sick and it is too cold for the few who do come.
The German measles are trying old as well as young. It's a mean little rash, and does not amount to much unless one catches cold.
Two nights the thermometer registered close to zero and many had their canned fruit, vegetable, and (last but not least) their house plants frozen.
All our elderly people are in pretty good health for them.
We would be glad to see more of the members of our library reading the books. Some of them are very good.
We were glad indeed to see Mrs. Alex Tomson down from Oregon City on a visit.

February 5. ROSE HILL.

Rural Dell.
As one that soweth and tills the soil, sorting the finest and best of his seeds to sow, So it seems that the God of heaven chooseth the dearest and best of our loved ones with Him to die.
Although his stay with us was short, he to all of us was dear.
But the God of heaven could not see fit to leave him with us quite one year.
Little Carl, the youngest son of Mr. and Mrs. Eyeman, died last Saturday and was buried in the Gleason graveyard Monday. The funeral was preached in the new Rock Creek church by Rev. Dick of Hubbard. The weather was rather cold and disagreeable, but quite a number of friends came out to pay their respects to the family. Mr. and Mrs. Eyeman and several of the children were notable to go the funeral, nearly all of them having the grip, which was the cause of the death of the baby. The bereaved family have the sympathy of all their friends and neighbors.
Mrs. Alice Sconce, while assisting at Mr. Eyeman's last Sunday, was called to her mother's, Mrs. Mallett, where her brother is very ill with typhoid fever.

I. J. Bigelow is suffering from a large large carbuncle on his wrist.

February 8. DEW DAOR.

Marquam.
Dr. Brooks of Silverton has visited our community three times lately. Each time he has brought a boy baby with him. The first one was a German, so he left it with our German friends, Mr. and Mrs. Baer Otto. The second he left with Mr. and Mrs. Jackson, and the last with Mr. and Mrs. Elmer E. Vaughn. The latter was the first baby ever left at their house. Dr. Brooks is a good thoughtful man.
Many in our community are just now "hovered up" with measles and mumps and are able to give their friends (who have never had them) something that will not impoverish the giver.
Vain have been the efforts of the friends and neighbors to find the body of Mr. Hansen, who was drowned in Batic creek two weeks ago.
In your recent issue "Pat" criticizes "Jasper's big words. At all hazards "Pat" must be pleased; hence I bow humbly at his feet and promise that in future "Jasper," as far as is in his power, will avoid all jargon and babblement.
As a result of the recent special services seven united with the M. E. church. The meetings will be resumed on the 19th inst. They were suspended because of so much sickness and the pastor had to go to other parts of the circuit.
At a recent meeting the Marquam Episcopal League elected Barton Jack, Minnie Gray and Arden L. Shulase delegates to the district convention to be held at Woodburn February 16th to 19th.
We have in our community one who claims to have passed the centenary mark—Uncle Jesse Allen—who claims to be 103 years old. This claim "Jasper" has no right to dispute, for that was a long time before "Jasper" was born. In reference to age there are two tendencies: First, to keep young as long as we can by painting over cheeks and coloring our hair, hiding the family record, etc., and second, when we can no longer hide our age to make it appear we are very, very old.
Just now there has come into "Jasper's" hands some of "Phil" Marquam's utterances in reference to a dozen or more nice girls of the community, in which he uses their names with such endearing adjectives as "Dear," "Sweet," etc., wanting them to fly away with him. This is getting serious, and it is felt that for the good of this community something must be done with him.
February 6. JASPER.

Mulino.
The snow has about disappeared in this part of the country, as the recent rain washed it away before getting time to freeze.
All those who have been on the sick list are very near well again.

Quite a number of Mulino people attended the party given at Mr. and Mrs. Geo. Mallatt's Tuesday evening and enjoyed a very pleasant time.

A crowd of young folks from here attended the dance at Payne's school house Friday evening and report a good time—"only a little cold."
Mr. and Mrs. Jas Hannegan of Liberal were the guests of Mr. and Mrs. Mulvey Sunday.
School is progressing very nicely under the management of Miss Patty.
There will be a mask ball given at the Mulino grange hall Wednesday evening, February 22d, under the management of the Maccabees. Everybody cordially invited to attend.
Don't forget the dance at the Mulino grange hall Tuesday night, February 14th. A good time is anticipated by all.
February 7. PANSY.

Shibley; treasurer, A. D. Crane; secretary, A. Lacey; gate keeper, L. Thomas; Pomona, Mary Thomas; Flora, Mrs. M. A. Thomas; lady steward, Rose Taylor; Ceres, Mrs. M. E. Lacey.
The county grange meeting will be held in Oregon City on Tuesday, March 7, 1 p. m., by order of the deputies.
We are now getting a warm rain, which is welcomed by all.
A few sick horses are reported, but not as many as usual.
We all hope the protracted fight between the Oregon City editors will continue through the rest of the year for it helps to fill up the paper and makes such nice reading for these long winter evenings.
The recent cold snap is the worst for several years.
Farmers are wanting to see some good weather as there has been but very little plowing done so far.
The Livermore saw mill which was destroyed last September has been rebuilt and is just about ready to start, the mill is larger and better than before.
Our dentist, Dr. W. Wallace, has been spending a couple of weeks in the city.
We are glad to see Charles Gray about again, after being absent two or three weeks in the Oregon City Sanitarium, where he underwent a painful operation.
February 7, 1899. X.

Little did we d.
we would see the the.
empty above zero, but
On the 4th inst. there w.
register. Ice is frozen to a
six inches and it is still freezing.
fir trees are frozen in the solid wood five inches deep. Enough apples are frozen to make a hungry man faint. All put together winter is here, also five inches of drifting snow.
No school since Friday morning at recess, Miss Francis, the teacher, having been taken with the grip and had to close school. If the bell rings Monday morning at 8:20 there will be school; if not, simply wait until it does ring that time in the morning.
The chop mill formerly owned by J. Schiewe was run last Tuesday by its present owners, the Moser brothers.
February 5. LENGHTY.

New Era.
We have had quite nice sleighing and skating for the past week, but don't think we will have much more fun, as the snow is melting fast.
Don't forget about the masquerade ball at Twilight hall next Friday night, February 10th.
Mrs. F. Spulak made a flying trip to Oregon City Monday afternoon.
Quite a large crowd of young men were enjoying themselves skating on the ice Monday evening.
J. Burgoyne has been quite ill for the past week, but we are glad to say that he is recovering, although slowly.
Mrs. Newbury visited Oregon City Tuesday.

Born, to the wife of George McArthur, a son.
Martin Richster has purchased a new wagon.
We should like to hear from "Tempest and Sunshine" again.
February 7. THE TRIPLETS.

Marquam.
The merry sound of sleigh bells is heard again.
Fred Hubbard is sick with the measles.
Miss Nellie Shulase is confined to her room with rheumatism.
Clay Larkins made a flying trip to Scotts Mills on Saturday.
Nicholas Birchett is confined to his room with sickness. Dr. Cathy of Woodburn is attending him.
Jos. Miller has gone to Oregon City where he will work in a saw mill during the spring.
Albert Wade has purchased property at Scotts Mills, where he will soon move with his family.
Miss Mary Miller, who has been staying at Scotts Mills, came home to spend a few days with her mother, who is ill.
We are experiencing some pretty cold weather in our part of the county. On Thursday and Friday mornings of last week the thermometer went down to zero, which made the average Marquamite step a little faster than usual. In addition to this, the ground has been covered with snow for the past week, and while it melts slowly, there is good prospects for another fall.
P. A. Marquam claims to have discovered the secret of life and says if his instructions are carefully followed one may live a thousand years. He has written a book on the subject and claims he is sent to save the people, not from their sins, but from a premature death, which, according to his teaching, results from our present way of living. As an emblem of his faith he has constructed a curious banner covered with notions indicative of his religion. On Sunday mornings solitary and alone he paraded the streets of our town, with banner flying, but nobody fell in line with him, so he retired. He has also written a series of poems in which he gives vent to his feelings in regard to the gentler sex.
February 5. PAT.

Macksburg.
February is starting in somewhat win-
terish. The first day came with a bil-
lard; the second cold; the third the
thermometer went to zero; the fourth
it went three below zero, and since then
it has been somewhat warmer.
Rev. Dr. Schoenberg went to Eagle
Creek Sunday to hold services.
Fred Armstrong of Portland was visit-
ing among friends and relatives in this
place last week.
Rumor has it that Hermann Harms
has bought the Hans Abbot place. Her-
mann is an enterprising young man and
deserves our best wishes for success.
It has been stated that Walt Noblitt
is going to start a saloon in our burg.
He asked a citizen to circulate a peti-
tion for him, who told him to go plim to
hades, which I think was about the
proper answer, for we have a gang now
that needs watching wherever they go
and what would become of them if we
had a saloon?
A good many people are complaining
of their potatoes being frozen.
W. E. Wilson and Fred Johann are
talking of going to Portland this week
on business. The latter has recently
shipped several head of hogs to that
market.
It is rumored there will be a grand
ball at this place on February 11th.
Well enough for those who follow sports
—we don't. SUSAN.

Bolton.
Many thanks for the welcome rain.
Chas. Gallogly's family is on the
sick list this week.

City, have moved among us. They oc-
cupy the Rottenburg cottage.

ing among friends here Saturday and Sun-
day.

to her bed so long, is now able to sit up
part of the time.
Mrs. Moore is now having her turn
with the grip.
Mr. Moore's sisters were visiting him
during the week.
There are a couple of young men in
Bolton, H. and H., that are troubled
with the itching of the heart in a vio-
lent form; but th n, they are not to
blame, for their pretty lassies would set
any one's heart itching. JULIA.

BRUSHES GOOD VS. BAD

Do you buy your Brushes wherever you happen to be, or do you buy them of a dealer you are sure of? We have been selling our Tooth, Hair and Cloth Brushes on the "money back if not satisfactory" plan for years, and yet so few have come back that we sometimes wonder if occasionally a customer does not get a poor brush and still not return it. We don't want YOU to do this, anyway.

We have Hair Brushes from 20c up. For 50c we can sell you a solid back brush that will last for years. Our 25c Tooth Brush is as good and will wear as long as any brush made; the difference between this and a 50c Loonen Brush is all in the finish—one will wear as long as the other.

Cherryville.
Cherryville is situated about 34 miles east of Portland in the foot hills of the Cascade mountains. It has a small population at the present time, with plenty of room for more settlers. It is considered to be more healthful than it is down in the valley, as we are nearly 1000 feet above the sea level. We have beautiful scenery, Mt. Hood being the chief object of interest.
Several of our citizens have been having La Grippe, but none at present we believe except Mr. Osborn.
C. Harris has been taking logs out of the road that fell during the heavy wind last week.
It has been pretty cold weather for web foot the past few days. The thermometer down nearly to zero some of the time. We never appreciate our warm climate until we have a cold snap, that reminds us of winters East of the Rockies. Snow is eight inches deep at present time.
Miss Alpha Ware was visiting Mrs. Richardson a couple of days last week.

Thousands Have Kidney Trouble and Don't Know It.
There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney poison in the blood is liable to attack the vital organs, or the kidneys themselves break down and waste away cell to cell. Then the richness of the blood—the albumen—leaks out and the sufferer has Bright's disease, the worst form of kidney trouble. Kidney trouble can be detected although it is slow and deceptive. First, by analysis of the urine; second, by the simple test of setting the urine in a glass or bottle for twenty-four hours, when a cloudy or brick dust settling indicates it.
It was for just such troubles that in his infinite power and goodness the Great Physician caused Swamp-Root to grow for the benefit of suffering mankind, leaving it for His servant, Dr. Kilmer, the great kidney and bladder specialist, to discover it and make it known to the world. Its wonderful efficacy in promptly curing the most distressing cases is truly marvelous. You may have a sample bottle of Dr. Kilmer's Swamp-Root the great kidney, liver and bladder remedy, by mail free. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention this paper.
