AFTER SEVERAL DAYS' DEBATE

Army Reorganization Bill Has Been Passed.

GORMAN AMENDMENT ADOPTED

It Provides That the Army Shall Not Be Increased Permanently Beyond 1901—House Proceedings in Detail.

Washington, March 1.—After a contest that will be memorable in the history of the senate, the compromise army reorganization bill was passed this evening at 7:10. When the senate convened, at 11 o'clock this morning, it seemed more than likely that the bill might be passed during the day. Gorman, of Maryland, insisted that his amendment providing that the army should not be increased permanently, or beyond July 1, 1901, be incorporated in the measure. For several hours it appeared probable that his insistence at least would throw the bill over until tomorrow, and perhaps defeat it. An agreement was reached finally, however, and Gorman's amendment, in a slightly modified form, was accepted. The vote was 55 to 13.

Then the senate took up the sundry civil bill and completed its reading, all the committee amendments being agreed to, except those relating to the District of Columbia. The bill was then laid aside to be completed tomorrow.

In the House.

The house was in session seven hours today, and sent to the senate two more appropriation bills, the army, which has been under consideration for several days, and the fortifications.

The former carried about \$79,000,000, and the latter, approximately, \$4,700,000. The final conference report upon the Indian appropriation bill was also adopted. The only amendment of importance attached to the army bill was one giving two months' extra pay to enlisted men in the regular army who served beyond the limits of the United States during the war with Spain, and one month's extra pay to those who served in the United States. The discussion of the administration's policy relative to the Philippines, which has been occupying the attention of the members to the exclusion of almost everything else during the consideration of appropriation bills for the last two weeks, was continued today, several speeches being made on the subject.

A bill was passed appropriating \$5,000 for the investigation of leprosy in this country under a board to be selected by the surgeon-general. Corlies (Rep. Mich.) stated that there were about 300 cases in the United States.

ANXIOUS TO SURRENDER.

Commissioners From Malolos Report Rebels Weary of Warfare.

Manila, March 1.—Two commissioners who returned from Malolos under a flag of truce today report that 8,000 rebels are anxious to surrender. Corlies (Rep. Mich.) stated that there were about 300 cases in the United States.

Spanish Commissioners Rosato and Bogoto were permitted to pass our line to confer with Aguinaldo in reference to Spanish prisoners at Malolos. They returned through the lines this morning near Calocan with dispatches for the Spaniards. They said Aguinaldo and Sandiok are both at Malolos.

While the Filipinos are not yet prepared to surrender the Spanish prisoners, they will gladly release two Americans who have been held for six weeks, on payment of \$30 value of food and clothing furnished them.

Shortly afterward the rebels sent out a flag of truce. Borrelli, Commandant Sinfroceso Lacruce and several hundred of the enemy left the Filipinos line crying "No more war, no more war, no more war." The commandant said that fully 8,000 of his men had enough, and were anxious to surrender.

Among the enemy in the jungle many women and children are visible. A woman laid down her rifle, and attempted to cross with the parleyers, but she was sent back. After the parley party returned to the American lines, the enemy on the right fired a volley, the bullets dropping at their feet.

SCATTERED FIRING.

This Alone Disturbed the Stillness at Manila Sunday Night.

Manila, March 1.—Except for an occasional volley and some individual firing by the rebels from the jungle near Calocan, along the river and in the vicinity of San Pedro Macati, all was quiet along the entire line Sunday night.

The enemy's sharpshooters at Calocan continue to annoy the soldiers in the daytime, but the Americans no longer pay much attention to them, reserving their fire until the rebels appear in the open in sufficient force to justify a volley or an occasional shell. During the night time the men are accustomed to the enemy's salutes, and a majority of them remain undisturbed, secured by the outposts and sentries.

In Manila absolute quiet prevails; the streets are deserted and the only sounds to be heard after 7 o'clock in the evening are the tramp of the patrols and sentries and the occasional creak of the hoofs of an officer's horse.

The insurance companies, after a conference, have decided to accept war risks at an additional premium of 5 1/2 per cent per month.

WARSHIPS ORDERED AWAY.

Germany Recalls Her Ships From the Philippines.

Washington, March 2.—The German government has set at rest effectually the rumors of a purpose on its part, directly or indirectly, to embarrass the United States in the Philippine islands, and has given a signal manifestation of its desire to promote the most cordial relations between Germany and the United States by ordering the withdrawal of all vessels of its navy from Philippine waters and placing the lives and property of its subjects there under the protection of the United States government. This action is regarded as a master stroke of diplomacy, by which will be removed all possibility of a clash between German and American interests about Manila, and gives notice to all the world and especially to any Americans who entertained any suspicion of sinister designs by Germany, of the wishes and purposes of the German empire to cultivate the friendship of the United States.

The announcement of this act of the German government came at the close of a day that had been full of sensational rumors of a clash between the Americans and Germans in Manila, the rumors finally going so far as to assert that Admiral Dewey had fired on and sunk a German vessel at Manila. Any lingering fears in naval circles were set at rest finally at the close of the day by the receipt of some dispatches from Manila, but without mention of any untoward incident.

Finally at the close of the day, and after the official close of the department, the announcement was made for the reason of the great confidence the officials had in the falsity of the rumors, the statement being authorized that by one bold stroke Germany had removed all possibility of any clash at Manila. It was announced that the German government had ordered their ships away from Manila, probably to their new naval station on the Chinese coast.

The German government followed its announcement to the state department of a purpose to order its vessels away from the Philippines with a formal application to the United States government to undertake the protection of all the Germans in the Philippines, not only in person but in property.

The president very promptly accepted the trust, and there will be no German ships, either at Manila or Ilo Ilo to disturb the relations between the two countries by forming the base of sensational and false rumors.

EVENTS AT MANILA.

Filipino Rebels Keep Up Their Guerrilla Tactics.

Manila, March 2.—The rebels at Malabon fired upon the cruiser Callao from the jungle yesterday while Admiral Dewey was visiting the Monadnock. Three shells were dropped by the monitor into the Malabon church, demolishing the structure and killing a number of rebels who were inside.

A factory at Malolos is reported to be running day and night to supply ammunition for the insurgents. The ignorance of the natives is shown by the fact that they have collected empty Springfield shells and are refilling them. Over 2,000 of these cartridges have been discovered in houses in Pandayan by an officer of the Washington volunteers.

Death in a Tornado.

Vicksburg, Miss., March 2.—Telegraphic advices from Yazoo City give the details of the destructive tornado which passed over that section Sunday night. Many houses were blown down, and 12 or 14 persons were injured. Mr. and Mrs. Hamilton, together with their son, daughter-in-law and two children were carried bodily a distance of 300 yards by the wind. Hamilton and his wife were so badly injured that they died shortly afterwards. Mrs. Devine, a lady 78 years of age, was crushed by the roof of her house falling on her and is fatally injured. Eight or ten families were rendered destitute, and much suffering is reported. Horses, cattle and fowls were killed in large numbers.

Alleged Aid From Japan.

Madrid, March 2.—Reforma asserts that it has received letters from reliable sources, at Manila, saying 30 cannon, 30,000 rifles and several million cartridges from Japan have been landed at Sual, on the Gulf of Lingayen, on the west coast of the island of Luzon, and about 100 miles from Manila, and have been taken thence to Malolos, the seat of the rebel government.

Reforma adds: "Japan evidently intends to act toward the Americans in the Philippines as the Americans acted toward the Spaniards in Cuba."

Christiana, March 2.—The Morgen Bladet says that arrangements have been concluded by which a sealing vessel will search Franz Joseph Land for Walter Wellman and the members of his expedition to Greenland, unless the explorer returns shortly.

Spaniards Will Be Deported.

New York, March 2.—Fifty-three Spanish miners who arrived on the Umbria Sunday destined for the West, have been ordered deported. It is asserted that they came under contract to work for a wealthy Spaniard at Boise City.

Crisis in Spain.

Madrid, March 2.—A ministerial crisis is imminent. The cabinet is convinced of the impossibility of avoiding defeat in the final vote on the bill for the cession of the Philippines, as the opposition may increase, while the government cannot hope to gain a single additional supporter.

Honolulu, March 2.—The battle-ship Oregon, accompanied by the collier Iris, sailed for Manila February 20.

FROM SPANISH SOURCES

Report That Foreign Troops Have Landed at Manila.

THERE IS CONSTANT FIGHTING

It Is Believed the Insurgent Leaders Will Attempt to Break Through the American Lines.

Madrid, Feb. 28.—An official dispatch from Manila says:

"The situation here is very serious. The foreign warships are disembarking troops. General Rios will leave Manila and go to Zamboanga, island of Mindanao."

The government has received a long dispatch from General Rios at Manila, but refuses to impart its contents.

The Imparcial, which asserts that it is in a position to know the truth of the situation at Manila, says:

"There is constant fighting between the Americans and the Tagalos. The courage and stubbornness of the latter have caused great anxiety to the Americans, who do not conceal their belief that the war will be a long and desperate one. There is the greatest alarm among foreigners in Manila, the commanders of the foreign warships having decided to land forces to protect their subjects."

Discredited in Washington.

Washington, Feb. 28.—The government officials here discredit the statement in the above dispatch that the foreign warships are disembarking troops at Manila. Spanish sources of information, respecting affairs in the Philippine islands, are not to be relied upon, they say, as the press and people of Spain do not hesitate to circulate statements inimical to the interests of this country.

Such of the dispatches reaching the war department today from General Otis that were made public were confined to routine matters, while Secretary Long said tonight he had not a word from Admiral Dewey during the entire day. General Otis has repeatedly stated in his dispatches to the authorities here that he has the situation well in hand, and there is no reason to believe he would have trouble in keeping order at Manila, where the cream of his troops are stationed.

Rebels Are Desperate.

Manila, Feb. 28.—Last night the rebels concentrated in such numbers near the Chinese cemetery that General McArthur anticipated an attack and asked for reinforcements. Two companies of the Twenty-third regulars were sent to Calocan, and a battalion of the Twentieth regulars to the cemetery, at about midnight, but the expected attack was not made. The rebels, after making a great noise with bugle calls and yells of "viva independencia" and "mucho malo Americanos," and firing volleys, disappeared in the woods.

It is believed their leaders are getting desperate, and are attempting to force the United States troops to make an attack, in the hope of breaking through the American lines, but the rebels are evidently unwilling to be pacified when facing the Americans. It is just possible, however, that they may be goaded into such a move before more reinforcements arrive.

Filibustering Expedition.

Kansas City, Feb. 28.—The Times prints the details of an alleged filibustering expedition having for its object the overthrow of the government of Guatemala, in Central America. According to the story, a regiment of 1,000 men has been formed in Kansas City, St. Louis and Chicago, and a second regiment has been formed in the East. Two companies are to leave Kansas City by rail, it is said, en route to the scene of the proposed invasion, via St. Louis and New Orleans. A Guatemalan named Sandoval, the representative of a former governor of Guatemala, is said to be the organizer of the expedition, and it is stated that the invaders are to receive their pay in grants of land and other privileges, in the event of the success of the revolution.

Revenues of the Islands.

Washington, Feb. 28.—Assistant Secretary of War Meiklejohn has made a public statement showing the total receipts from customs and taxes received from the several ports in the islands of Cuba and Porto Rico and the Philippines, so far as reports have been received by the war department from the respective dates of occupation of said ports by the military forces of the United States and including January 31, 1899.

In Cuba from July 18, 1898, to January 31, 1899 (six ports not reporting for January), \$1,312,372 was received. In the Philippine islands from August 13, 1898, to December 31, 1898, \$1,819,813. In Porto Rico from August 15, 1898, to December 15, 1898, \$3,643,602.

Reyes Defeated.

Managua, Nicaragua, Feb. 28.—President Zelaya's army has captured Cili mountain and Aguas Calientes, thus virtually terminating the Bluefields revolution.

Extradition Treaty With Mexico.

City of Mexico, Feb. 28.—The extradition treaty negotiated between Mexico and the United States has been signed by Foreign Minister Mariscal and Ambassador Powell Clayton. The convention broadens the embezzlement clause to cover not merely public moneys, but all defalcations or thefts. A copy of the treaty has been mailed to the state department at Washington in the hope it may arrive in time to be acted upon by the senate before adjournment.

FRUIT AND HOP INDUSTRIES.

Bill for Their Protection in Oregon Is Now a Law.

House bill No. 285, introduced by Mr. Morton in the Oregon legislature on January 18, and which became a law on February 17, provides for the protection of the fruit and hop industries of the state, and the destruction of the pests affecting the trees and plants. This law has the endorsement of the Fruitgrowers' Convention, State Horticultural Society and state board. Following is the full text of the act, as it became a law:

"An act to protect the fruit and hop industry of the state of Oregon.—Be it enacted by the legislative assembly of the state of Oregon:

"Sec. 2.—It shall hereafter be the duty of any person, firm or corporation owning or operating any such nursery, fruit orchard, hop yards, flower garden or ornamental trees, and knowing such to be infected with any kind of insects, pests or disease to immediately spray or destroy the same in such manner as the fruit commissioner of the district may direct.

"Sec. 3.—It shall be unlawful for any person, firm or corporation doing business in the state of Oregon to sell Paris green, arsenic, London purple, sulphur, or any spray material or compound for spraying purposes, in quantities exceeding one pound without providing with each package sold a certificate, duly signed by the seller thereof, guaranteeing the quality and per cent of purity of said materials.

"Sec. 4.—Any person, firm or corporation selling any of the above materials which do not conform with the certificates furnished therewith shall be deemed guilty of a misdemeanor and, upon conviction thereof, shall be subject to a fine of not less than \$25, nor more than \$100.

"Sec. 5.—It shall be unlawful for any person, firm or corporation to import any infested or diseased fruit of any kind into the state of Oregon.

"Sec. 6.—Every person who packs or prepares for shipment to any point without the state, or who delivers or causes to be delivered to any express agent or railroad agent, or other person, or to any transportation company or corporation for shipment to any point without the state, any fruit or fruits, either fresh, cured or dried, that is infected with insect pests or diseases injurious to trees, shrubs, plants, fruits or vegetables, is guilty of a misdemeanor.

"Sec. 7.—Any person, firm or corporation violating any of the provisions of this act shall be deemed guilty of a misdemeanor, and upon conviction thereof, shall be punished by a fine of not less than \$25 nor more than \$100.

"Sec. 8.—It shall be the duty of the commissioner of the state board of horticulture of the district in which a violation of this act occurs to present the evidence of the case to the district attorney, whose duty it shall be to prosecute any persons guilty of a violation of this act, which prosecution shall be brought in any of the justice courts of this state.

"Sec. 9.—Inasmuch as the horticultural interests of the state demand immediate attention this act shall be in full force and effect from and after its approval by the governor."

FOR FISH HATCHERIES.

In the Washington senate Saturday there were passed five bills appropriating a total of \$26,000, establishing fish hatcheries as follows: At Willapa harbor, Wenatchee, Skykomish, Nook-sack and Snohomish rivers.

A bill regulating the practice of pharmacy was passed by a unanimous vote.

Other bills passed were: Authorizing the appointment of deputy coal mine inspector; authorizing counties to invest the surplus current expense fund (this bill carries an emergency clause); one bill was favorably recommended. It set the legal rate of interest at 6 per cent.

Governor Rogers' appointment of Dr. J. L. McMillaney, of Everett, a member of the state board of health, was confirmed.

New bills introduced were: Appropriating \$2,100 for the relief of D. B. Ward, state immigration agent; in relation to the settlement and reclamation of 1,000,000 acres of granted arid lands, making an appropriation and declaring an emergency; an act empowering the board of land commissioners to relinquish granted lands back to the United States; this to apply to lands that have been selected, and, if for any reason the selection failed, Senator Preston explained the motive of this bill, stating that an emergency existed in consideration of recent decisions by the land department at Washington.

The sergeant-at-arms was instructed to purchase \$2 worth of stamps for each member.

In the House.

In the house Saturday the senate bill relating to paroling convicts was advanced on the calendar. Falknor said that it was stated to the judiciary committee by the mayor of Tacoma that the bill is for the benefit of George Boggs, whom the governor refuses to pardon, and offered an amendment that the effect of the bill should not apply to convicts under sentence.
