THE INSURGENTS DRIVEN BACK

Filipinos Threatened to Complete Their Work of Destruction at Manila-General Otis' Order.

this morning the enemy commenced worrying tactics at various parts of the American line, apparently for the purpose of withdrawing attention from affairs in the city. An attempt was made to rush through our extreme left near Calocan, but it was promptly checked by a hot and effective musketry

and artillery fire.

In the meantime small bedies of rebels, evidently some of those engaged last night in the cowardly work at Tondo, spread out between the city and the outposts. Every available man was sent to drive them away, with the result that there was desultory firing all the morning.
From 8 until 10:40 A. M., the

monitor Mondanock joined the engagement, hurling 10-inch shells over the American lines into bodies of the enemy as indicated by the signal corps.

At 11 o'clock there were sharp engagements at the Chinese cemetery and at San Pedro Macati, almost simultaneously, but the artillery fire from both positions drove the enemy

It is currently reported that the na tives have threatened to burn the Escolta and the walled city tonight.

Scores of rebels have been arrested in the Tondo district. A band of 60 rebels having two carloads of arms and accoutrements was captured in a house. Business is temporarily suspended.

General Otis today issued a general order directing all the inhabitants of Manila, until otherwise ordered, to confine themselves to their homes after 7 o'clock in the evening, when the streets will be cleared by the police. The general also warns incendiaries and says they will be severely dealt

Extraordinary precautions have been taken for the suppression of further trouble, which is threatened to take place in the city tonight.

Fire has burned in the Tondo dis-

trict all day.

The rebels between the city and the outposts are being smoked out this afternoon, and driven toward the beach, Sharpshooters at various parts of the line are very annoying, but otherwise there has been no further excitement since the frustration of the morning's attack.

Lieutenant Eugene S. French, company L, First Montana volunteers, and Private Oscar Felton, South Dakota volunteers, were killed, and two other Dakotans were wounded.

Supposed to Be From the Missing Steamer Pelican.

Port Townsend, Wash., Feb. 25 .-What is thought to be wreckage from the steamship Pelican, which sailed from Seattle October 12, 1897, for North China, laden with railroad lumber and ties, and of which nothing has been since heard, has been reported to the local hydrographic office by Captain A. V. Brown, of the British bark Collingrove, which arrived at Shanghai, January 8. Captain Brown says in latitute 29 degrees 36 minutes north, longitude 127 degrees 40 minutes east, he passed through a large number of railroad sleepers of Oregon pine, which had the appearance of not having been in the water a great length of time. The cutoms house records show that all vessels laden with railroad lumber and ties for the Orient for the past 18 months have arrived at their destination.

OREGON AT HONOLULU.

Battleship Reached the Islands Feb-San Francisco, Feb. 25 .- The steam-

er City of Peking arrived today from the Orient via Honolulu and brings the following advices, under date of February 15:

Warships and transports of the United States have been well represented at the port during the past 10 days. At this time both the Oregon and the Phildelphia are here, besides the ten-ders Iris and Scindia. The transports Morgan City, Ohio and Senator all arrived eafely, and, after taking on coal and supplies, the three left again for the voyage to Manila.

The battle-ship Oregon arrived on the 6th from Callag with all well on board. On the way over she stopped two days at Galapagos island for coal. The big vessel is anchored in the roadstead here, and will not come inside of the harbor. The Oregon is likely to remain here two or three weeks. The Honolulu iron works is engaged in some repairs for her, which will take

at least 10 days to complete.

The colliers Scindia and Iris reached here on the 11th inst. The Scindia will probably return to San Francisco from here to make repairs instead of going to Manila with the Oregon. The Iris has taken on 1,600 tons of coal and will be both collier and water distilling consort to the Oregon from here to

ARMY REORGANIZATION BILL.

A Compromise Measure Has Been Agreed Upon.

Washington, Feb. 25 .- The administration and its representatives in congress have reached agreement with the minority in congress respecting the army reorganization bill, which, it is believed, will be satisfactory to all interests. It is probable that the formal ratification of the agreement between the majority and minority will be had today.

The compromise is based on an army of 100,000 of which 35,000 will be known as the provisional army, and

will be enlisted to serve until 1901. The president this morning had a conference with Senators Allison, Haw- should not be changed. ley, Platt (Conn.), Hanna, Spooner and Carter on the compromise. It is believed that the agreement reached removes nearly all danger of an extra

Recoutly Reyes dispatched a small force to soice \$40,000 in the customhouse at Cape Gracias. The expedition was eminently successful, but the leader, instead of returning with his men to join Reyes, deserted his com-mand and escaped up the coast.

General Reyes learned of his subordinate's desertion Saturday last, and gave notice of his intention of seizing the Sundal to give chase. The captain of the Sundal, which flies the Norwegian flag, appealed to the British man-of-war Intrepid for protection, which was refused. ARMY BILL MAY YET FAIL.

Hitch in the Compromise Negotiations

Washington, Feb. 27.-It was reported this morning that there has been a hitch in the progress of the army reorganization bill, owing to the refusal of the Democrats to accept the provision of the compromise bill which carries with it an increase in the staff provided for in the Hull bill.

While the foregoing view was pressed at the war department, at the capitol senators generally accepted the compromise as a foregone conclusion, and the understanding is it will be along the lines indicated last night.

So far there has not been any expression of opinion that such a bill will be accepted, but even this will not go through without debate. Some senators hesitate to give up the provision for enlistment of native troops in the islands, while others indicate their determination to fight the provision if it
