New Era.

Farmers are busy making hay, although they are somewhat interrupted by frequent showers.

Saturday, the 24th inst., was a gala

day in New Era, wedding bells rang merrily, Burt McArthur of this place being united in wedlock to Miss Minta Pollard of Hebo, Ore. The ceremony was performed at the hall of Warner Grange in the presence of a large assemblage. The bride was appropriately attired in a robe of white organdie trimmed with Valenciennes lace and white ribbon, her hair dressed a la mode and surmounted with a wreath of orange blossoms. After the ceremony, all partook of a sumptuous feast prepared by the ladies of Warner Grange. The friends of the bride and groom join in wishing them many years of health and happiness.

INCREASE THE ARMY.

Administration Yields to Public Sentiment, but Three Months Too Late.

WASHINGTON, June 29.—The administration has yielded to public sentiment and will increase the army. This will be welcome news to the patriotic people of the United States who want to see the honor of the American nation upheld in the Philippines, although it comes at least three months too late. The reluctance with which the administration has taken hold of the matter is a surprise to public men everywhere. Even now McKinley's advisers, who have been opposed to raising more troops, are claiming that the movement does not necessarily mean any larger force, but is merely preparatory to enlistment should General Otis desire more troops.

ALGER'S POSITION.

The members of the cabinet will give Alger the cold shoulder and make him understand that he is no longer wanted in the administration. McKinley may do the same, but Alger will bank on his knowledge of McKinley's character, believing that if he does not resign McKinley will not ask him to. Alger does not see that abuse of the administration by his "wicked partner" is a cause to make him leave the administration.

A very sarcastic editorial in the New York Tribune today says that it is presumed that Alger shares the views of his "partner," and is opposed to expansion, to the prosecution of the war in the Philippines and also to the political methods of Mark Hanna. After what McKinley has stood from the war department, including the criticisms of Alger and the administration, it is not believed that he will now remove Alger, no matter if his removal is demanded by all the other members of the cabinet.

Kentucky Platform.

Reaffirms the Chicago platform. Declares for bimetallism. Denounces trusts. Indorses the Goebel election law. Advocates an amendment of the anti-trust law to make it cover insurance companies. Indorses McChord railroad bill. Indorses Chinn school book bill. Indorses Bryan and demands his re-nomination. Condemns McKinley's actions in waging war in the Philippines. Denounces the policy of the State and National Republican Administrations. Approves the law taking the Kentucky penitentiary out of the hands of the republicans. Demands the re-election of Hon. J. C. S. Blackburn to the U. S. Senate.
