Redland.

Miss Bard, of Springwater, took first prize and Miss Hester Linn second prize for the most graceful riders.

A tug of war by Logan and Springwater boys, was well contested, but the boys of Springwater were no match for Logan's, outside of this there was nothing worth mentioning any more than that a good purse was needed.

Logan.

The Fourth has come and gone and with it the grand spectacular array and programme prepared by the people of Logan, Springwater and Viola for the dedication of all that might come to the celebration. The exercises were opened by singing "My Country" followed by a song by the Springwater school and a song by the Springwater chorus after which Mr. Shibley Sr. read a paper on "Dixie's History." Then owing to Col. Miller being very hungry a recess was taken until half past 1 o'clock when the Declaration of Independence was read by Prof. Rutherford. Then the address of the day was delivered by Colonel Miller followed by the baby show which was the grandest array of babies and at the same time the greatest piece of discrimination ever seen in this country. Johnny Holcomb being reported as being the prizewinner and Silvia Brown as the second the latter being three or four years old. Then came the test of horse manship for ladies, the winners of the prizes could not be ascertained by the writer. The exercises of the day were closed by a tug of war between the Orangemen of Logan and the Macabans of Springwater which ended in the former coming off victorious. A dance was given at the Grange hall by the Springwater grange to raise a fund to be used for the ere-

ction of a new hall at that place. They sold 60 numbers at 75 cents a number.

GREENBACKS

or Government Money.

At close of our Civil War in 1865, there appeared in the London Times the following:

"If that mischievous financial policy which had its origin in the North American Republic during the late Civil War in that country, should become indurated down to a fixture, then that government will furnish its money without cost. It will have all the money that is necessary to carry on its trade and commerce. It will become prosperous beyond precedent in the history of civilized nations of the world. The brain and wealth of all countries will go to North America. THAT GOVERNMENT MUST BE DESTROYED EVERY MONARCHY ON THIS GLOBE."

The famous Hazzard circular, to capitalists in New York, and the Buell Bank circular to United States Bankers, both emanating from London, and the fabulous corruption fund raised in England and Germany, estimated at \$1,500,000, were the agents that secured the closing of our mints against silver.

The "walk into my parlor" policy of England, during and since the Spanish War, is the latest evidence of English Diplomacy in shaping the destiny of the United States Government.

Notwithstanding the famine price of wheat, the Spanish War, and fabulous expenditures of money by our government during the past year, gold has increased in value eleven per cent, and all other values decreased in the same proportion.

For a thorough understanding of the money question, or silver issue, the Cincinnati Enquirer has uniformly given evidence of its ability to teach, explain and produce all facts and truth. It is a paper that ought and can be read by all classes with pleasure and profit.

"Spring Unlocks

The Flowers

To Paint the Laughing Soil."

And not even Nature would allow the flowers to grow and blossom to perfection without good soil. Now Nature and people are much alike; the former must have sunshine, latter must have pure blood in order to have perfect health.

Hood's Sarsaparilla cures blood troubles of all sorts. It is to the human system what sunshine is to Nature—the destroyer of disease germs. It never disappoints.

Poor Blood.—The doctor said there were not seven drops of good blood in my body. Hood's Sarsaparilla built me up and made me strong and well." STEVE E. BROWN, 16 Astor Hill, Lynn, Mass.

Dyspepsia, etc.—"A complication of troubles, dyspepsia, chronic catarrh and inflammation of the stomach, rheumatism, etc., made me miserable. Had no appetite until I took Hood's Sarsaparilla, which acted like magic. I am thoroughly cured." N. B. SHELLEY, 1874 W. 14th St., Denver, Col.

Rheumatism.—"My husband was obliged to give up work on account of rheumatism. No remedy helped until he used Hood's Sarsaparilla, which permanently cured him. It cured my daughter of catarrh. I give it to the children with good results." Mrs. J. S. McARTH, Stamford, Ct.

Champion Unequal for Light Draft, Easy Handling and Durability
HIGHLAND, OREGON, Nov. 8, 1898.
Mitchell, Lewis, & Staver Co., Portland, Oregon.

GENTLEMEN:—I desire to offer this as my testimonial in behalf of the 6-foot Champion Binder and Bundle Carrier purchased from you this year. For lightness in draft and ease of operation, simplicity in construction and durability, will say that no machine to my knowledge is its equal, nor near it. Having cut 150 acres of grain, the machine did not cause me five minutes' delay, consequently not a cent for repairs. All the Champion machines put in my neighborhood have given equally good satisfaction. In fact, I want no better machine than the Champion.

FRED SCHAFFER.

Cheerfully Recommends the Champion
HIGHLAND, October 25, 1898
Mitchell, Lewis & Staver Co., Portland, Oregon.

GENTLEMEN:—The Champion Binder bought of you the past season has given me good satisfaction, and am well pleased with it. We can cut grain that another make of machine would not handle. All the farmers we cut for are more than pleased with the work, and have promised us their entire cutting for another year. Can cheerfully recommend the New Champion Binder to my friends, acquaintances, and fellow farmers who expect to buy Binders in 1899.
