Where Will We Spend Our Summer Vacation?

This is the time of year to think about it, but before you decide, write for an elaborate, illustrated pamphlet showing numerous photo engraved views of the many attractions at the seashore and resorts, and advantages of the Columbia river beaches as reached by the Astoria and Columbia River Railroad. Three hours and thirty minutes from Union Depot, Portland, to your beach hotel, in a magnificent parlor car without change or transfer is a convenience and luxury few resorts can offer. Such is the initial attraction of this favorite resort.

Robbed the Grave.

A startling incident, of which Mr. John Oliver, of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately a friend advised trying Electric Bitters, and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they saved my life and robbed the grave of another victim." No one should fail to try them. Only 50cets, guaranteed, at George A. Harding's drug store.
