After a long siege of lawing in the courts, the suit of George A. Harding and Clara A. Morey against McDonough & Brady, has been settled. The defendants leased a building from plaintiffs at the corner of Main and Fifth streets for a term of years, and before the lease expired, attempted to terminate it by moving out of the premises. Suit was brought to recover for the full term of the lease, and a verdict was given for the plaintiffs. The case, however, was continued in the courts on technicalities, but the question of the liability of the lessee was settled, and a decision of the court showed that the renter of a building could not terminate a lease before it expired, without the consent of the agent or owner of the building.
