Few people who get one of the little samples of Magic yeast that is being distributed from house to house are aware of the popularity of that favorite article. We have it from good authority that over one thousand million loaves of  
Rambler, Victor, Stearns, Ideal and Golden Eagle bicycles for sale at Burmeister & Andresen.

## Medicines

New remedies, new chemicals, new combinations are coming into use every day in a progressive drug store. The store cannot be run as it once was; new methods have been taking the place of old, and an up-to-date druggist is as important to your welfare when you have a prescription to fill, as the up-to-date physician who writes the prescription.

I think it is generally conceded that our store is an up-to-date one—If any new method proves better for a customer, it is immediately adopted no matter what the cost may be. You cannot tell by looking at the bottle if your prescription has been properly filled—you must trust the honesty of your druggist.

I have been in drug stores pretty much all my life where prescriptions was considered THE important work; where a prescription was filled as carefully and as conscientiously as if a life depended on each single bottle. I believe my ten years' work in Oregon City has been of the kind to convince my customers of this.

It doesn't matter what druggist's name is on the blank, you have paid for the prescription and can take it where you like.

If I have never compounded a prescription for you let me try the next one—take advantage of the progressive up-to-date drug store.

## Go To Headquarters

For your School Supplies. Most every store you go into has a few tablets, a little writing paper, some cheap pencils. Tablets usually sell for 5, 10 or 15c—you pay the same price in any store, but you don't get the same tablet in this store. For instance the usual 5c pencil tablet has 100 pages of cheap, thick, rough paper. Our 5c tablet has 200 pages of first-class, smooth, strong paper. You get more than twice as much for your money. The same difference you will find in every article. A small bottle of ink costs 5c anywhere. But our 5c bottle contains 2-oz. of the BEST—the same kind you would get in our dollar bottles—not the watery, dirty, fading kind.

Stationery and School supplies is our business.

Go to Headquarters if you want the most for your money.

We buy and sell second-hand School Books.
