The new rock crusher purchased by the county in the East, was taken out on the road by Road Supervisor Newkirkner of Mulino, last Wednesday. The new crusher cost \$1350 delivered here, and is of the most approved, modern style. He is paid \$4 per day for engine and engineer.

As the board of equalization is soon to convene we think it opportune to suggest that the rate of assessment be lowered as has been done in other counties, so that our county will not pay more than her share of the state tax. Of course such action would raise the rate of levy but we would not have to pay the extra state tax as if the assessment rate was higher. Property in this county has always been assessed higher than in Multnomah and some other counties and we have been compelled to pay more state tax in proportion. Multnomah has this year reduced her assessment one third, Jackson county 25 per cent, and so on. The only objection to lowering the assessment is that it makes the rate higher, although you do not pay any more tax in the aggregate.

EDUCATIONAL.

Notes Pertaining to School Matters.

The Clackamas County Educational Association will hold its regular monthly meeting at Oswego next Saturday. An excellent program has been arranged, and it is expected that there will be a fair attendance next Saturday. As Oswego is only four miles from here and the road is in good condition, it will be a delightful drive from Oregon City. The Oswego people have made arrangements to entertain the visitors handsomely. The teachers of Clackamas county should make it an object to attend this meeting of the association.

FRATERNAL MATTERS.

Lodges are Getting Down to Active Winter Work.

A number of Oregon City Artisans attended the institution of Valley Assembly of Artisans at Hubbard last Saturday night. Among those who assisted in instituting the new assembly of 40 members were Master Artisan E. H. Cooper and wife, G. C. Bacon and wife, J. T. Searle and wife, Mrs. Mattie Ringo, Mrs. S. A. Gillett, C. A. Miller, Bert Ringo, Max Ramsby and Bert Stafford.

Willamette Camp, Woodmen of the World, will make a fraternal visit to Oswego Woodmen next Wednesday evening.

Falls City Lodge, A. O. U. W., is making great preparations for a banquet and entertainment to be given to Clackamas county Workmen and the Degree of Honor at Willamette hall, next Tuesday night. Myrtle Lodge, Degree of Honor, will assist in the entertainment.

Oregon Lodge No. 3, I. O. O. F., gave a social and banquet to visiting members from Portland. Several addresses were made. County Judge Ryan was toastmaster.

McLoughlin Cabin, Native Sons of Oregon, will give a smoker and social at Willamette hall one week from next Monday night. Invitations will be issued to pioneers and a number of native born Oregonians. The affair will be in charge of County Recorder T. P. Randall, Henry Meldrum and J. W. Cole which assures its success.

Now that the evenings are growing longer, an increased activity in fraternal circles is noticeable. The success of a lodge depends on opening promptly on time, and the presiding officer should close the lodge when the business of the meeting is over, without unnecessary dillydallying and much speechmaking. An extended deviation from these rules will kill the most promising lodge in existence.

Myrtle Lodge, Degree of Honor, has initiated 35 new members during the past two months.

The Foresters are making arrangements for their annual ball to be given on Thanksgiving. Chief Ranger Rogers is doing good work for the order, and the result is new members almost every meeting.

The Change in the Telephone Office.

So much interest has been displayed regarding our giving up the telephone exchange which we have conducted ever since its organization here, that we feel an explanation is due our friends. Our large and growing businesses have come to such a size that they require our undivided attention. We were so cramped for room for our large stock that we had a 22-ft. extension added to one store, and a complete new basement for storage and manufacturing. Even with this added room—1932 sq. ft. of floor space—we still needed the space the telephone exchange occupied, and we felt obliged to ask the company to take it out.

The superintendent of the telephone company informs us that for the future he shall take the Oregon City service under his own charge—have his own operators; and having rented more commodious quarters, will undoubtedly be able to give the very best of service. Our customers will profit by the room and time that we gain by the change.
