

Walking to Work

Is the only way in which the business woman, employed in store or office, can get open air exercise. Is it any wonder that she often grows pale and thin and develops a tendency to "weak lungs"?

"I was very sick indeed," writes Mrs. Mollie Jacobs of Pelton, Kent Co., Delaware. "I had a cold that was not getting any better. I took your Golden Medical Discovery and continued to use it until cured. Ninety-eight in every hundred who have used 'Golden Medical Discovery' for 'lung trouble' have been perfectly and permanently cured."

SCHOOL MEETING. Oregon City District Votes a Tax of Six Mills.

The taxpayers of Oregon City school district No. 62, met at Willamette hall Monday night for the purpose of levying a tax to raise money for the ensuing year: Chairman Caulfield presided. There was considerable discussion concerning the amount of tax to be levied. When the matter came to vote, four favored a 7-mill tax and five a levy of six mills. The levy was then made six mills in accordance with the recommendation of the board of directors.

Following is the report of the board of directors, which was unanimously adopted:

Table with financial details for Oregon City, Jan 29, 1930. Includes items like Salaries of teachers (\$6666.50), Pay of janitors (712.50), Fuel (225.00), School supplies (200.00), Interest on bonds (720.00), Clerk's salary (100.00), Shingling part of Barclay Build. (50.00), Painting Eastham building (300.00), Incidental at end of present fiscal year (3500.00), Incidentals (120.00), Total: \$13,400.00.

We have gone over this estimate carefully and have included nothing that we do not consider essential to the welfare of the district. Our teachers' salaries are lower than any other place of similar size that we know of, and they cannot be cut without detriment to the school work.

Two hundred dollars for school supplies will not more than cover the necessary expenditures during the year. Interest on bonds and school clerk's salary are fixed amounts and will have to be provided for. We have inserted an item of \$50 for shingling the annex to the Barclay building, which is in a bad condition, having been giving trouble for the last two years, and must now be reshingled.
