Regular February Term of the County Board.

J. R. Morton, John Lewellen and T. H. Killin, Commissioners.

(Continued from last week.)

[In the accounts of road supervisors published last week a mistake occurred in the account of district No. 20. Instead of a total of \$179.82, with \$88.56 deducted for poll tax, it should have been \$83.56 total, as the balance of \$86.27 was contributed work, though it is not indicated in the report.]

In the matter of the 1897 tax of Geo. H. Canaran—This matter coming on upon petition of Geo. H. Canaran for an order authorizing the clerk to cancel a delinquent tax sale wherein 1/2 acre was doubly assessed and sold to Clackamas county for the year 1897 for delinquent taxes, and it appearing to the board that 12 1/2 acres of land was owned and assessed to Geo. H. Canaran in the Hector Campbell D. L. C., at page 84, volume 1, for the year 1897, and that the said Geo. H. Cosper upon his filing a good and sufficient bond and signing a contract to be furnished by the county clerk upon the part of Clackamas county.

School Officers' Resolutions.

At a meeting of the directors and clerks of the schools of Clackamas county, held Feb. 16th, 1901, at the county court room, we, the undersigned, were appointed as a committee to petition the legislature to have the following resolutions adopted for the benefit of the schools of the state:

Whereas, there is \$70,000 on hand in the state school fund and the same is unproductive to the schools of the state;

Whereas, it is within the power of the legislature to adopt Emergency Acts to have said fund loaned;

Resolved, That in request our senators and representatives to aid us in having passed at once an act to reduce the rate of interest to 5 per cent on a valuation of 40 per cent of the property on which loans are desired and

Whereas, there have been many farms reverted to the state by reason of foreclosures, where the property has so decreased in value that it does not now represent the amount of value loaned thereon, and the same land is kept out of market by asking the amounts sufficient to reimburse the state, and which prices is in excess of present market value; therefore be it

Resolved, That the land be appraised in a manner similar to other school lands.

Respectfully Submitted,
A. P. TOON,
R. S. McLAUGHLIN,
L. H. KIRCHMANN,
J. C. ZINSER,

Committee.

ELLIS HISTORY.

A Fine Work Which is Being Sold in Oregon City by Dugal Cree.

Dugal Cree is in Oregon City taking orders for Ellis' history of the United States. Fortunately intelligent men and women are fully alive to the benefit derived and the keen delight experienced from a close acquaintance with the fascinating details of the story of our country—its feeble national beginning, its marvelous progress and development, and its present commanding position among the nations of the earth.

In writing of this history Donnell MacKenzie, a Presbyterian minister, says: Larimore, N. D.—"I have read Ellis' History of the United States in my library for over nine months, and am unable to me that the work is indispensable to any student of American history who wishes to know accurately the recent events which engaged the attention of the American nation. The matter is presented accurately and in intensely interesting form. The cuts and illustrations did much to make the several volumes a source of delight to young people. The work is popular, comprehensive, scholarly and reliable. It is ready proven of very great service to me in my studies. If I were to be limited to one history of the United States I should choose Ellis'."

By joining the club you get the set at nearly half price. A set can be seen at Courier-Herald office.

School Officers' Meeting.

Pursuant to the call of County Superintendent Zinsler about 50 school directors and clerks from various sections of the county met in the county court room, Saturday afternoon to discuss school matters. It is believed to have been the first gathering of the kind ever held here—that is, where it assumed the proportions of a county gathering. Superintendent Zinsler presided and presented a memorandum of topics of special interest, relating to school matters. The school officers present took an active part in the discussion, and the interest shown was highly gratifying. Special attention was called to the beautifying and improvement of school grounds; school officers were warned to beware of purchasing of agents expensive school apparatus, which was costly and of impractical use. The superintendent recommended that books on supplementary reading be purchased, and such helps as were not expensive. School laws and amendments were especially discussed, and it was astonishing to find how few school officers were familiar with the school laws. The convention proved a profitable one and possibly others will be held.
