The Bicycle Season is about here. More wheels will be ridden than ever before. Now is the time to make up your mind what Bicycle you will ride.

In calling the attention of the public to the Bicycles constructed by the Snell-Yale Cycle Co., of Toledo, Ohio I do so believing after having examined every wheel in use on this Coast that they are the best in construction, material and finish; having all up-to-date improvements, and some which no other make has. The Yale Cushion frame stands without a peer for strength, symmetry, beauty and finish. The Snell, Lady's or Gent's, is of the highest grade and for lightness in weight and easy running qualities has no equal. All wheels sold by me will be fully guaranteed. Anyone buying a wheel of me will have a selection from 5 different makes of tires. The Pathfinder Single Tube, the best that money can buy or that materials and expert workmanship can produce. You can cut it with an ax, but it will resist tacks, pins, broken glass, splinters, etc. Fully warranted.

The Goodyear Detachable Tire fits all common rims or any detachable rim. The only practicable detachable tire ever made; is made of best quality of materials throughout and both inner tubes and covers are guaranteed for a full season's riding.

Come and see my line of wheels before buying elsewhere and be convinced of their superiority.

The church, Sunday school and Christian Endeavor Society are getting along nicely. The Sunday school is very interesting now.

The term of legislature will soon come to a close. If the representatives do not elect a senator they had better sell out and come home, though perhaps they have already sold out.

The foundation of a wagon is the timber. We know that everybody claims to have the best, but you can't see under the paint. In buying a wagon you must trust to somebody's word—we claim to be trustworthy and reliable; beside, we leave unpaired the underside of such parts as we can (reaches tongues, etc.) so that you can confirm our statements.
