

CLACKAMAS COUNTY NEWS

Bull Run.
News is a very scarce commodity in this place this winter and now everybody is busy with their spring work and haven't time to do anything sensational or out of the usual routine.
The Cummins & Cole sawmill has commenced running again, with a full crew, and we sincerely hope they will be able to make a go of it this time.
Frank Brigham and family, of Portland, visited his sister, Mrs. A. Andre Saturday and Sunday.
Frank McGugin has rented P. McAdams farm for five years and has bought all of the cattle. Possibly Frank intends to settle down. At present he is taking a great deal of interest in a leaflet.
Measles are prevalent around Bull Run just now. Mrs. Bacon and her daughter have them and James Condon has just recovered from an attack.
John Favelli will soon be ready to get the stringers in place for his new bridge across the Bull Run. It will replace the one carried away on Feb. 16th by the high water.
Mr. and Mrs. George Thomas have just returned home from a visit to Scio, their old home.
Thomas B. James will leave for Boise, Idaho, where he will meet his uncle, Frank Brigham, who is inspector of surveys for the government, and go out with him on the work. He expects to be gone eight or nine months.
Mr. Bert and Miss Nora Cline just arrived home from Cherryville, where they have been visiting friends.
Christian Endeavor was organized at this place last Sunday.
There will be a basket party at the home of E. F. Andre next Saturday; a pleasant time is anticipated.
Sam Bacon was seen on the street Monday. He is just recovering from a serious illness and is able to get around with the help of a stout cane.

Out of the Trust

The Bicycle Season is about here. More wheels will be ridden than ever before. Now is the time to make up your mind what Bicycle you will ride.

In calling the attention of the public to the Bicycles constructed by the Snell-Yale Cycle Co., of Toledo, Ohio, I do so believing after having examined every wheel in use on this Coast that they are the best in construction, material and finish; having all up-to-date improvements, and some which no other make has. The Yale Cushion frame stands without a peer for strength, symmetry, beauty and finish. The Snell, Lady's or Gent's, is of the highest grade and for lightness in weight and easy running qualities has no equal. All wheels sold by me will be fully guaranteed. Anyone buying a wheel of me will have a selection from 5 different makes of tires. The Pathfinder Single Tube, the best that money can buy or that materials and expert workmanship can produce. You can cut it with an ax, but it will resist tacks, pins, broken glass, splinters, etc. Fully warranted.

The Goodyear Detachable Tire fits all common rims or any detachable rim. The only practicable detachable tire ever made; is made of best quality of materials throughout and both inner tubes and covers are guaranteed for a full season's riding.

Come and see my line of wheels before buying elsewhere and be convinced of their superiority.

Mitchell Wagons

Guaranteed to be the best possible to build. Representing 65 years experience in wagon building, which is a better guarantee of a high grade (best possible to build) than all the talk irresponsible dealers and agents for cheap wagons can possibly give you.

MITCHELL & LEWIS Co., the makers of the MITCHELL WAGONS pay 25 to 30 per cent above the market price of the best grades of wood stock for the privilege of a closer inspection and more rigid examination of each piece and to enable them to skim off the cream of the wagon timber offered on the market—HENCE WE CAN ABSOLUTELY GUARANTEE a superior quality of timber in MITCHELL WAGONS and it is just as impossible to build a good wagon with old good timber as it is to build a good house without a good foundation. The foundation of a wagon is the timber. We know that everybody claims to have the best, but you can't see under the paint. In buying a wagon you must trust to somebody's word—we claim to be trustworthy and reliable; beside, we leave unpainted the underside of such parts as we can (reaches tongues, etc.) so that you can confirm our statements. We guarantee every stick fully. MITCHELL WAGONS are light-running, well proportioned and well finished, and, taken as a whole THE BEST WAGON ON THE MARKET TODAY. You can't make a mistake if you get a MITCHELL.
