A. is to again resume work after a season of inactivity due to a lack of funds with which to employ efficient men for general secretary and physical director. The chief impetus at the present time is the kindly assurances from the five large corporations of the city of handsome contributions toward the work and in view of this fact and the great need of the institution in Oregon City the Y. M. C. management cordially invites the hearty co-operation of the citizens of Oregon City in permanently establishing the association. To Test The New Law. William Datcher, operator of the fish wheel in front of the fish ladder at the falls, was fined \$50 in Justice McNulty's court this afternoon, after being found guilty by a jury. Sentence, however, was suspended, pending an appeal to the circuit court. The wheel was put in position for this season's work Sunday afternoon, and at 5:30 Monday morning Fish Warden Henry Bultman arrested William Datcher, who acknowledged that he was the operator of the wheel. He also said he had a right to run a fish wheel, as they were running in the Columbia river. Datcher was released on his own recognizance, and the arrest was kept quiet until given out by Fish Warden Van Dusen, of Astoria. Datcher acknowledged on the witness stand that he operated the wheel and that he believed he had a right to, on account of the unconstitutionality of the law. The counsel for the defense contended that the act regulating the use of fish wheels was unconstitutional, for the reason that it discriminated in favor of certain localities. Captain Archie Pease is reported to be the best expert on this fish wheel. The Muir Party. A party was given at the home of Mr. and Mrs. T. Muir Tuesday night in honor of Harry Muir, who was home on a short visit from the battleship Iowa. It was a surprise affair, and features were cards, and ice cream and cake were served. It was a very enjoyable occasion. The following were present: Misses Mary and Lizzie Gilbert, Cora Wingfield, Nora Hale, Myrtle and Bessie Hamilton, Alice Andrews, Eleanor and Maggie Williams, Grace Marshall, May Luce, Jessie Young, Huldah Holden, Retta Pierce, Myrtle Curran, Bessie Groat; Messrs. Allen Frost, David and Owen Thomas, Alfred Wood, Carl Haberlach, Melvin McCool, Willie Marshall, and the Messrs. Muir; also Mr. and Mrs. Charles Muir, Mr. and Mrs. Long, Rev. A. J. Montgomery. Where the Money Goes. Right into our Red Seal Sarsaparilla—into the medicine itself—not like the much advertised kinds where one dollar goes for quality and the other nine for printer's ink. There is no great secret about making a good Sarsaparilla—it all lies in the care of preparation, purity of ingredients and conscience of the pharmacist; if he cuts down the amount of the iodide of potassium a drachm or two on each bottle, or saves a triffl on this ingredient and a little on that, he will have plenty of advertising funds. But people are beginning to put faith more in the druggist they have always known rather than in the million dollar advertiser. We have been working on and improving our Red Seal Sarsaparilla for the past six years until we honestly believe that no one, at any price, makes a better Sarsaparilla—and we are always here to give you your money back if it does not give you entire satisfaction. Regular dollar size, 65c. C. G. HUNTLEY, Prescription Druggist OREGON CITY

A Raging, Roaring Flood. Washed down a telegraph line which Chas. C. Ellis, of Lisbon, Ia., had to repair. "Standing waist deep in icy water," he writes, "gave me a terrible cold and cough. It grew worse daily. Finally the best doctors in Oakland, Neb., Sioux City and Omaha said I had Consumption and could not live. Then I began using Dr. King's New Discovery and was wholly cured by six bottles." Positively guaranteed for Coughs, Colds and all Throat and Lung troubles by George A. Harding. Price 50 cents and \$1.00. Indian Relics. The summit of the projecting rocky cliff, now being blasted away by the Southern Pacific Railroad Company, situated opposite the old electric generating station, was once a popular Indian burying ground. A few days ago the blasting opened up some Indian graves, bringing to light old guns, rare coins, beads and pieces of blankets, ownership articles buried with the native tribes that once lived around the falls. The small boys began to dig for treasures, and in addition to the skulls a number of rare coins—the most valuable being French, East India Company and Canadian coins. Willie Marshall has one small French silver coin, about the size of a quarter, bearing the date of 1836; also a five-franc piece of the date of 1836. There are coins of various dates and nationalities, some silver half dollars bearing dates of the 60's. Several people have secured interesting collections of skulls, relics of firearms, beads, coins etc. Second-Hand Bicycles Cheap.
