DOES IT PAY TO BUY CHEAP?

A cheap remedy for coughs and colds is all right, but you want something that will relieve and cure the more severe and dangerous results of throat and lung troubles. What shall you do? Go to a warmer and more regular climate? Yes, if possible; if not possible for you, then in either case take the only remedy that has been introduced in all civilized countries with success in severe throat and lung troubles, "Boschee's German Syrup." If not only heals and stimulates the tissues to destroy the germ disease, but allays inflammation, causes easy expectoration, gives a good night's rest, and cures the patient. Try one bottle. Recommended many years by all druggists in the world. Get Green's Prize Almanac at George A. Harding's.

A Boer Soldier's Report.

A German who arrived a fortnight ago from South Africa was met at Seattle by one of our citizens, who is himself a retired military officer. The stranger produced documents to prove that he had been serving in the Boer army, and what he said about the conditions at the seat of war may be considered reliable. The Boers, he stated, have abundant resources and they are continually receiving assistance from Europe, but by what route it reaches them he did not explain. The outlook promises that finally they will win out.

Question Answered.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers and grandmothers never thought of using anything else for indigestion or biliousness. Doctors were scarce, and they seldom heard of Appendicitis, Nervous Prostration or Heart Failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and cardiac action of the system, and that is all they took when feeling dull and bad with headaches and other ailments. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. Get Green's Prize Almanac at George A. Harding's.
