

Do You Own Your Home—

If not why don't you stop paying rent and apply the money towards the purchase of a home? A first-class opportunity is now open to you in the proposition that the

Willamette Falls Company

Is making to sell small tracts of its land near the town of Willamette Falls on such reasonable terms that a person with a very small income may become a home builder. These tracts vary in size from two and one-half acres up, all good level land and first-class soil suitable for cultivation. On one of these tracts you can have a small orchard and also raise all the vegetables and small fruits that a family can use, and with the addition of a cow and chickens, a large part of your living can be made on the place. There is a good school in Willamette Falls and your children will have excellent educational facilities. Easy access is had with Oregon City over the

Willamette Falls Railway

With cheap fare, and cars are run to accommodate the mill hands. Why not get out of town and give your children breathing and play room and thus insure their good health? Don't you think that you would feel more independent and contented owned your home than you do when living in a rented place? If you are interested in this matter apply to C. A. Miller, at WILLAMETTE FALLS RAILWAY STATION West Side, for full particulars.

Baker-Bullard.

A pretty wedding took place at the home of Mr. and Mrs. Fred Bullard, of Ely, on Wednesday afternoon at the hour of 3 o'clock, when their daughter, Miss Emma, was united in marriage to Mr. John Baker, of this city. The ceremony was performed by Rev. A. J. Montgomery in the presence of about 45 invited guests.

The bride looked very sweet in a dainty gown of white organdie. Her veil was held in place by a wreath of lilles of the valley, and she carried an exquisite bouquet of Bride's roses. Miss Lena Hornschuh, cousin of the bride, wore white organdie over pink, and she carried a bouquet of pink carnations. Chris Bullard was best man.

The bridal party entered the parlors to the strains of Lohengrin's wedding march and took their places in front of

an altar of roses, maiden hair ferns and white carnations. They were here made out according to the impressive ceremony of the Episcopal church. The rooms were tastily decorated with roses, carnations lilles and maiden-hair ferns. After partaking of lunch Mr. and Mrs. Baker donned their traveling suits and were driven away amid a shower of rice and old shoes for a short bridal tour, after which they will return and reside in Oregon City. The newly married couple have many friends, who extend their heartiest congratulations and wish for a long and happy married life.

OUT OF THE TRUST

The Bicycle Season is about here. More wheels will be ridden than ever before. Now is the time to make up your mind what Bicycle you will ride.

In calling the attention of the public to the Bicycles constructed by the Snell-Yale Cycle Co., of Toledo, Ohio, I do so believing after having examined every wheel in use on this Coast that they are the best in construction, material and finish; having all up-to-date improvements, and some which no other makes has. The Yale cushion frame stands without a peer for strength, symmetry, beauty and finish. The Snell, Lady's or Gent's, is of the highest grade and for lightness in weight and easy running qualities has no equal. All wheels sold by me will be fully guaranteed. Any one buying wheel of me will have a selection from 5 different makes of tires. The Pathfinder Single Tube, the best that money can buy or that materials and expert workmanship can produce. You can cut it with an ax, but it will resist tacks, pins, broken glass, splinters, etc. Fully warranted.

The Goodyear Detachable Tire fits all common rims or any detachable rim. The only practicable detachable tire ever made; is made of best quality of materials throughout and both inner tubes and covers are guaranteed for a full season's riding.

Come and see my line of wheels before buying elsewhere and be convinced of their superiority.
