Down in Georgia the people are discussing the existence of hell, and the Atlanta Constitution says: "For nineteen hundred years the doctrine of eternal punishment has helped to make people better."

When McKinley was making his re-entrance prosperity speech in San Francisco, at the launching of the battleship Ohio, a workman jumped up in the rear of the hall and shouted, "Wait till the day after to-morrow."

THE Methodists have become angry at President McKinley. Their national organ, the Christian Advocate, of New York, which voices the will of the denomination, has warned President McKinley that he must desist from resisting the Methodist church in the Philippine Islands.

Is the book written and published by Queen Victoria, she expressed the belief that she was a lineal descendant of King David, the ancient king of Israel.

SAYS the N. Y. World: "Thomas A. Edison has insisted on resigning from the directorate of the General Electric Company, not because he has parted with his stock in it, but on the unique ground that he has not a moment to spare from his laboratory for directors' meetings and such like meetings."

THE London Speaker has not a very high regard for the "king bee" of the republican party, Mark Hanna. It says: "There is not much to awaken the spirit of national vanity, alert as it is in the states, about a political system in which Senator Hanna is one of the greatest and most powerful figures. Not that Senator Hanna is a wicked man. He is simply a kind of man that a respectable neighborhood would be shy of putting on its district council in this country—that is to say, there is nothing to distinguish him from an uncultivated, slightly brutal, ignorantly forcible and hard-headed vulgarian. Self-confidence and energy rule him, as they should rule a politician; but, knowing all the world of business, he can think of nothing higher. No tradition makes him bow to men whose institutions are of more practical value than the whole of his experience or teaches him to recognize that the government of a nation is a field for qualities of sympathy and imagination and sane idealism."

EVERY man, woman and child in Holland drink, on an average, forty-five gallons of beer in a year—Ex. That's another lie. They don't quaff such a damp drink in that watery country. It's gin that's the pet tippie of the Hollander.

THE effect of trust domination has thus far been three-fold: First, an advance in price to consumers; second, the discharge of vast numbers of salesmen and other so-called middlemen; third, enlarged profits to capitalists in the trust combination.

THE New York World suggests that in the scientific kindergarten of a coming generation the children may be taught to sing: Twinkle, twinkle, little star, I don't wonder what you are, Up above the world so high, Like a gas-stove in the sky.

BROTHER Porter knowing full well that George C. Brownell controlled the public patronage for Clackamas county on Tuesday met Senator J. H. Mitchell at Ashland to "get in his work" before he reached Oregon City. We all know that Porter has received more than he deserves from his party still he would probably descend to accept the nomination for governor.

EUROPE is getting ready to retaliate commercially on the United States. German operators are preparing, for example, to make a wheat exporting country of the valley of the Euphrates, and Russian enterprise is restoring to cultivation great areas in the interior of Asia. The region generally called Turkestan extends from the Caspian sea to the Chinese boundary, and in the time of Tamerlane supported an immense population by the aid of irrigation works which covered a great part of the country. These are now being restored by the Russian government, which expects to make it one of the great cotton regions of the world.

MEMORIAL DAY. Let us re-read and ponder over what President Lincoln said at Gettysburg: "Four score and seven years ago our fathers brought forth upon this continent a new nation, conceived in liberty, and dedicated to the proposition that all men are created equal. Now we are engaged in a great civil war, testing whether that nation, or any nation so conceived and so dedicated, can long endure. We are met on a great battlefield of that war. We have come to dedicate a portion of that field as a final resting-place for those who here gave their lives that that nation might live. It is altogether fitting and proper that we should do this. But in a larger sense we cannot dedicate, we cannot consecrate, we cannot hallow this ground. The brave men, living and dead, who struggled here, have consecrated it far above our power to add or detract. The world will little note, nor long remember, what we say here, but it can never forget what they did here. It is for us, the living, rather to be dedicated here to the unfinished work which they who fought here have thus far so nobly advanced. It is rather for us to be here dedicated to the great task remaining before us, that from these honored dead we take increased devotion to that cause for which they gave the last full measure of devotion; that we here highly resolve that these dead shall not have died in vain; that this nation, under God, shall have a new birth of freedom, and that government of the people, by the people, and for the people, shall not perish from the earth."

California Saves Portugal's Orange Blossoms. Four years ago the white scale was present in enormous numbers in orange groves on the left bank of the river Tago, in Portugal, and threatened to wipe out the orange-growing industry in that country. The California people, in pursuance of a far-sighted policy, had with great difficulty, owing to lack of food, kept alive some colonies of the beneficial beetle, and specimens were sent to Portugal which reached there alive and flourishing. They were tended for a short time, and then liberated in the orange grove, with precisely the same result as in California. In a few months the scale insects were almost entirely destroyed, and the Portuguese orange-growers saved from enormous loss.—Everybody's Magazine.

Women Are Considered Poor Pay. "Trade-people, in general, consider women as 'poor pay,'" writes Edward Bok, in The Ladies Home Journal for June. "The vast majority of sheltered women seem to have no conception of the anxieties, trouble, poverty, suffering, privation, injustice and positive cruelty which they directly inflict upon hard-working women by a carelessness in promptly meeting their bills. In this practice were confined to the few one might dismiss it with shrug or a sigh that it existed at all. But it applies to the majority of women. Let a woman look into this matter carefully, and she will be surprised at the evils which result from this careless disregard of obligations. Wherever you find a feminine industry there you will find a ledger full of unpaid accounts."

The Great Scourge of modern times is consumption. Many cures and discoveries from time to time are published but Foley's Honey and Tar does truthfully claim to secure all cases in the early stages and always affords comfort and relief in the very worst cases. Take no substitutes. Charman & Co.

New Line to The Dalles. We wish to announce that the fine and newly equipped, fast steamer "Bailey Gatzert" has been placed on the Portland-Dalles route as a strictly excursion boat and to enable tourists and the people of Oregon and Washington to make the round trip by daylight on the Columbia river, through the Cascade mountains, on the following schedule: Leaving Portland at 7 o'clock every morning, (except Monday) reaching the Cascade Locks at 12 M., stopping at Hood River and White Salmon and arriving at The Dalles at 3 p. m., starting back at 4 p. m., arriving in Portland at 10 p. m. Meals, the very best that the market can afford, and only 25 cents. Fare to The Dalles, one way \$1.50 and round trip \$2.50. Landing and office, foot of Alder street. Phones, Columbia 251, Oregon Main 351.

If you desire to take a trip, for pleasure, for grandeur, for everything that eye or heart could wish and that no other part of the world can furnish go for a ride on the Bailey Gatzert. Make up a party of your congenial friends and together pass the most enjoyable day of your lives. Yours, THE WHITE COLLAR LINE.

DOES IT PAY TO BUY CHEAP? A cheap remedy for coughs and colds is all right, but you want something that will relieve and cure the more severe and dangerous results of throat and lung troubles. What shall you do? Go to a warmer and more regular climate? Yes, if possible; if not possible for you, then in either case take the only remedy that has been introduced in all civilized countries with success in severe throat and lung troubles, "Boschee's German Syrup." If not only heals and stimulates the tissues, it destroys the germ disease, but allays inflammation, causes easy expectoration, gives a good night's rest, and cures the patient. Try one bottle. Recommended many years by all druggists in the world. Get Green's Prize Almanac at George A. Harding's.

Question Answered. Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers and grandmothers never thought of using anything else for Indigestion or Biliousness. Doctors were scarce, and they seldom heard of Appendicitis, Nervous Prostration or Heart Failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. Get Green's Prize Almanac at George A. Harding's.

It Saved His Leg. P. A. Danforth of Lavirge, Ga., suffered for six months with a frightful running sore on his leg; but write that Baeklen's Anemia Salve wholly cured it in five days. CASTORIA. The Kind You Have Always Bought. Bears the Signature of J. C. Hartshorn.

NO MAN IS STRONGER THAN HIS STOMACH.

The stomach is the vital center of the body. It is the organ from which all other organs are fed. A weak stomach means a weak man. There never was a strong man with a weak stomach. What is called "weak stomach" is in general a diseased condition of the stomach and other organs of digestion and nutrition, which prevents the proper digestion of the food which is taken into the stomach, and so reduces the nutrition of the body. When all food is taken away the body starves. When the food eaten is only digested and assimilated in part it only nourishes the body in part, and so the body is partly starved. And this starvation is felt in every organ of the body dependent on the blood which is made from food.

The great variety of the cures performed by Dr. Pierce's Golden Medical Discovery is due to its remarkable power to heal diseases of the stomach and allied organs. It cures through the stomach diseases seemingly remote, but which have their origin in a diseased condition of the stomach and the other organs of digestion and nutrition. "Weak" heart, lungs, kidneys and weakness of other organs is cured with the cure of the weak stomach.

Mr. Thomas A. Swarts, Box 103, Sub-Station C, Columbus, Ohio, writes: "I was taken very sick with severe headache, then cramps in the stomach, and food would not digest, then kidney and liver trouble, and my back got weak so I could scarcely get around. The doctor I consulted the worse I got until six years passed. I had become so poorly I could only walk in the house by the aid of a chair, and I got so thin I had given up on life, thinking that I could not be cured. Then one of my neighbors said, 'Take Dr. Pierce's Golden Medical Discovery and make a new man out of yourself.' The first bottle helped me so I thought I would get another, and after I had taken eight bottles I was weighed and found I had gained twenty-seven (27) lbs. in about six weeks. I have done more hard work in the past eleven months than I did in two years before, and I am as stout and healthy today, I think, as I ever was." Dr. Pierce's Pleasant Pellets cure constipation.

How To Gain Flesh

Persons have been known to gain a pound a day by taking an ounce of SCOTT'S EMULSION. It is strange, but it often happens. Somehow the ounce produces the pound; it seems to start the digestive machinery going properly, so that the patient is able to digest and absorb his ordinary food, which he could not do before, and that is the way the gain is made.

A certain amount of flesh is necessary for health; if you have not got it you can get it by taking

SCOTT'S EMULSION

You will find it just as useful in summer as in winter, and if you are thriving upon it don't stop because the weather is warm.
