

Do You Own Your Home

If not why don't you stop paying rent and apply the money towards the purchase of a home? A first-class opportunity is now open to you in the proposition that the

Willamette Falls Company

Is making to sell small tracts of its land near the town of Willamette Falls on such reasonable terms that a person with a very small income may become a home builder. These tracts vary in size from two and one-half acres up, all good level land and first-class soil suitable for cultivation. On one of these tracts you can have a small orchard and also raise all the vegetables and small fruits that a family can use, and with the addition of a cow and chickens, a large part of your living can be made on the place. There is a good school in Willamette Falls and your children will have excellent educational facilities. Easy access is had with Oregon City over the

Willamette Falls Railway

With cheap fare, and cars are run to accommodate the mill hands. Why not get out of town and give your children breathing and play room and thus insure their good health? Don't you think that you would feel more independent and contented if you owned your home than you do when living in a rented place? If you are interested in this matter apply to C. A. Miller, at WILLAMETTE FALLS RAILWAY STATION West Side, for full particulars.

A WORTHY SUCCESSOR. IN MEMORY OF THE DEAD.

"Something New Under the Sun."

All Doctors have tried to cure CATARRH by the use of powders, acid gases inhalers and drugs in paste form. The powders dry up the mucous membranes causing them to crack open and bleed. The powerful acids used in the inhalers have entirely eaten away the same membranes that their makers have aimed to cure, while pastes and ointments cannot reach the disease. An old and experienced practitioner who has for many years made a close study and specialty of the treatment of CATARRH, has at last perfected a Treatment which when faithfully used, not only relieves at once, but permanently cures CATARRH, by removing the cause, stopping the discharges, and curing all inflammation. It is the only remedy known to science that actually reaches the afflicted parts. This wonderful remedy is known as "SNUFFLES" the GUARANTEED CATARRH CURE and is sold at the extremely low price of One Dollar, each package containing internal and external medicine sufficient for a full month's treatment and everything necessary to its perfect use.

"SNUFFLES" is the only perfect CATARRH CURE ever made and is now recognized as the only safe and positive cure for that annoying and disgusting disease. It cures all inflammation quickly and permanently and is also wonderfully quick to relieve HAY FEVER or COLIC in the HEAD.

CATARRH when neglected often leads to CONSUMPTION—"SNUFFLES" will save you if you use it at once. It is no ordinary remedy, but a complete treatment which is positively guaranteed to cure CATARRH in any form or stage if used according to the directions which accompany each package. Don't delay but send for it at once and write full particulars as to your condition, and you will receive special advice from the discoverer of this wonderful remedy regarding your case without cost to you beyond the regular price of "SNUFFLES" the GUARANTEED CATARRH CURE.

Sent prepaid to any address in the United States or Canada on receipt of One Dollar. Address: Dent, E 594, EDWIN B. GILES & COMPANY, 2330 and 2332 Market Street, Philadelphia.

BALANCED RATION.

Winter Feed That Is Nutritious and Inexpensive.

In order to be a satisfactory ration for both the stock and the farmer it must consist of articles which can be had reasonably cheap and which supply the maximum of nutriment, says William Conway in The American Cultivator. One might very easily select foods that the average farmer would be likely to have and recommend them for part of a well balanced ration, but it would hardly prove of any particular value. In making the winter food programme up it is necessary to consider all the time the relative supply and cost of the different articles. Variety of food is essential in every well balanced ration, and variety is no more expensive than one of two kinds of food. We can often mix several grains and produce better results than by feeding one. In this way the cheaper grains produce their best results.

Now, oats form one of the best grains for most farm animals, but it will not pay any farmer to raise oats exclusively for the winter diet of horses, cattle, sheep or pigs. Every farm animal needs besides oats some corn, barley, bran and roots as well as coarse hay and corn fodder. By mixing these in varying proportions one can make the total results much cheaper and far more effective than by feeding oats or corn exclusively.

We cannot emphasize too much the need of this variety in the food. Even the horses, which are the greatest eaters of any animals we have, will do better for a variety. The milk cows would simply do little or nothing if fed almost exclusively on oats. They require corn fully as much as the horses need oats, but give the cow corn alone and she will fatten up and lose her milk supply, bone and muscle. Indeed there is no single winter food that will answer the purpose for any of our farm cattle. All animals like change, and such change can constantly be made by mixing the different foods in various ways. Sometimes they need to be mixed and fed warm, and again a dry food will answer. Along with all such rations, however, there should go enough succulent food to make the mass easily digested. The roots, ensilage and green stuff help to keep the system in good condition, and they should be fed in some form throughout the whole winter. It is not necessary to enter into any scientific explanation of the needs and objects of feeding a variety of foods to the farm animals in winter, for every one with fair intelligence can understand the benefits of the system. It is not necessary to explain the reason why we require a variety of food. We know that our system seems to crave a variety, and the animals have the same longing for it, and it is our duty and privilege to supply it.

Meade Post, G. A. R., Holds Various Services and Exercises Decorates Graves.

The church memorial services held this year under the auspices of Meade Post, G. A. R., took place at the First Congregational church last Sunday. Features of the occasion were the procession from the Grand Army hall to the church, led by the Parkplace Band, and the large representation of Veterans and members of the Relief Corps, escorted by Company A. O. N. G.; the large attendance at church, a number leaving who could not gain admittance; the excellent sermon of the pastor, Rev. E. S. Billinger, and the elaborate musical program under the direction of Mrs. F. F. White. The male double quartette sang "United We Stand Today," and the "Valley of Peace." Among the other numbers was a solo by Professor Vennod, of Portland. The personnel of the double male quartette, that received many compliments was as follows: 1st tenor, J. W. Loder and Fred Blum; second tenor, George T. Howard and H. D. Wilcox; 1st base, John Knopp and Professor Vennod; 2d base, G. H. Bestow and J. Woodward.

Gibbon Post and a delegation from the Union Veterans Union, attended services at the Presbyterian church, Rev. A. J. Montgomery preaching a sermon appropriate to the day.

SCHOOL EXERCISES.

During the past week delegations from Meade Post, G. A. R., and the Relief Corps have visited the Canemah, Willamette Falls, West Oregon City, St. John's and Parkplace school, during the week, and held patriotic exercises. In each instance the principals of the schools responded, and the children presented programs. Among the Grand Army people, who have addressed the pupils of these schools were Commander Colbert, Comrades L. W. Ingram, Hayford, McArthur, George A. Harding, F. H. Beach, F. Rollo and C. H. Dauchy. Mrs. J. Shadle, president of the Relief Corps, also spoke on several occasions.

MEMORIAL DAY, MAY 30.

The parade, the exercises and services were unusually impressive and interesting, and the day was everything that could be desired. Hundreds of people came in from the country to witness the ceremonies, and to observe the decoration of the graves of the soldier dead. Many people came from Portland to decorate the graves of dead relatives. On the whole, Commander Colbert and the members of Meade Post, are to be congratulated on the successfulness of this occasion.

At 9 o'clock a. m. about 800 pupils from the public of Oregon City and vicinity and St. John's school were formed in procession and marched to Willamette hall, where they deposited the flowers to be used in decorating the graves. The children were addressed by County Superintendent Zinser, H. D. Wilcox, city superintendent, and Father Hillbrand of St. John's school, then briefly addressed the pupils. The school children were then dismissed.

The procession then formed under the direction of Grand Marshal G. Lee Harding, Captain George W. Martin, chief of staff and aids, and marched to Shively's hall. The procession was led by the Parkplace Band, and the G. A. R. and Relief Corps were escorted by Company A. O. N. G. On arriving at the opera house, after a selection by the Band, Adjutant C. A. Williams read the orders. Commander Colbert delivered his address, and George T. Howard sang a solo, which elicited considerable applause. Rev. A. J. Montgomery offered the prayer; Miss Della Gross recited "Waiting for the Angel." State Senator George C. Brownell gave an eloquent oration, and Miss Imogen Harding very effectively sang "Apostrophe."

The most realistic services were held at the cemetery. Rev. Montgomery giving the response to the "Unknown Dead," Comrades Doremus, L. W. Ingram, C. H. Dauchy, and others participating in the exercises.

JOHN GIBBON POST.

John Gibbon Post, G. A. R., held realistic services at the cemetery in the forenoon, fully 90 per cent of the members being in attendance.
