

Stafford.

While Fred Moser was un hitching a team Thursday last one of the horses kicked him on the elbow straining it so much that the cords were drawn over the point of same. He was taken to a doctor and the dislocation reduced. He is now getting along as well as can be expected.

John Moser took a severe cold in mid-winter, and it settled on his lungs. Of late it has gradually grown worse, and the physicians have pronounced it consumption.

Henry Baker does not appear to be any better than he was a month ago. He has been confined to his bed for over three months.

Freddie Schauter's six month has healed sufficiently so that he is able to be about with a single crutch.

The bodies of Messrs. Newman and Day were disinterred from the old cemetery Sunday and reinterred in the new yard near Tualatin, Washington county. Unveiling services under the auspices of the W. O. W., will be held at the Newman grave Sunday June 2.

are well paid for their efforts. The Parkplace band boys succeeded in capturing a good fat frog, but as there was no fire and everyone was too busy to cook it for them they were obliged to return without being served to frogs' legs.

SUCCESS OF THE CENTURY.

The Newspapers Given Due Credit by the Figprune Cereal Co.

The old saying that the best article, properly advertised, will win out in face of all opposition, has been actually demonstrated by the Figprune Cereal Co. of San Jose, Cal.

Their cereal coffee "Figprune" is made from choice California figs and prunes and sound, well ripened grain so blended that all the nutritive properties of fruit and grain are retained.

The beverage made from Figprune is a distinct revelation to cereal coffee drinkers because of its delicate flavor and aroma.

Mr. A. S. Rix, president of the company, in a recent interview stated that the success already attained by his company was due, first, to the fact that Figprune was the best cereal coffee ever produced; second, that the advertising mediums used had been selected for their actual merit—only the best papers being used.

It is pleasing to note that this paper is one of the mediums selected by the shrewd president of the company, and has aided in blazing a path for other food product advertisers to follow.
