SUCCESS OF THE CENTURY.

The Newspapers Given Due Credit by the Figprune Cereal Co.

The old saying that the best article, properly advertised, will win out in face of all opposition, has been actually demonstrated by the Figprune Cereal Co. of San Jose, Cal.

Their cereal coffee "Figprune" is made from choice California figs and prunes and is sound, well ripened grain so blended that all the nutritive properties of fruit and grain are retained.

The beverage made from Figprune is a distinct revelation to cereal coffee drinkers because of its delicate flavor and aroma.

Mr. A. S. Rix, president of the company, in a recent interview stated that the success already attained by his company was due, first, to the fact that Figprune was the best cereal coffee ever produced; second, that the advertising mediums used had been selected for their actual merit—only the best papers being used.

It is pleasing to note that this paper is one of the mediums selected by the shrewd president of the company, and has aided in blazing a path for other food product advertisers to follow.
